We have been learning

- Animals in the ocean
- How to recognise emotions
- Coordination and movement

Next we will be learning

- About transport in the ocean
- Pollution and climate change
- Team games

General update from teacher

Hello everyone! I hope you all had a lovely October break. We have a very busy month coming up with a trip to the Maritime Museum and an Ocean workshop in school. We have had a variety of pupil choice activities at our Friday investigation station including cheetahs and animals that live in the sea. We have been working so so hard at our writing this term and all have made a huge improvement so well done!!
