REGIONAL LABOUR MARKET INTELLIGENCE

Skills Development Scotland (SDS) release data every year which identifies trends in the 'labour market'. This means that they look at employment opportunities in a geographical area and provide advice about where there may be opportunities for work. This intelligence is a critical part of the decision making process when you begin to think about your future.

The graph shown below highlights the fact that in Ayrshire (between 2018 and 2028), the Scottish Government predicts that employment opportunities will grow in sectors such as Administration, Construction, Professions (law, medicine, teaching, etc) and Arts and Entertainment. In Finance, wholesale trade, manufacturing and public administration/education administration, projections show a downturn.

Please note this information was released prior to the COVID19 pandemic.

DYW PROJECTS

IN-SCHOOL (GRANGE ACADEMY)

In S3 we offer three courses which are run in partnership with Ayrshire College. These courses are optional however there are only 12 places available in each one.

MAKING YOUR CHOICES

- When considering your subjects in S3 ... stretch your thinking to what you would continue with in S4
- Consider your own skills and talents
- Rely on the support of your family – discuss your choices with them
- Do not base choices on the choices of your friends – these are your choices – S3 sees different class settings
- Read your January report and February Parents Evening carefully and reflect upon the options that give you the best change of progressing to qualifications, college, university or employment.
- Use My World of Work, Parentzone and the Nationals In A Nutshell series to help inform your choice.

COMMON QUESTIONS

Do I need to take ... ?

In S3, you are still part of the Broad General Education. This means that you are entitled to experience a curriculum that covers all the Curricular Areas. In addition all pupils will receive PSE and PE.

Where can I find out about ... ?

Please see the next two pages for the variety of resource we have created to support this process.

Can they change their mind?

Yes! We understand that pupils will sometimes make a wrong choice. We will always aim to support a young person to find the right pathway. If, once they have submitted their option form, you would like to make an amendment – please contact the school office in the first instance.

If a request to change subject happens after the start of the course – this might not always be able to be met. We would need to explore whether there is any space in the requested subject and we would need to consider how much of the course has been missed.
