

# BIOLOGY

GRANGE ACADEMY SCIENCE DEPARTMENT

## Study Techniques

### What do you need to know?

Biology is split into three units. You will be assessed on your understanding, how you apply your knowledge, practical skills and your data handling skills.

## Study Cards

Biology is full of terms and definitions, so the best way to learn this information is by using study cards. Pre-made questions and answers for study cards are on SharePoint or you can find ready made cards on the Quizlet app.

## Mind Maps

Mind maps are useful to split difficult processes, such as respiration. By chunking the process or topic, you will be able to focus on smaller pieces at a time. This will give you time to digest the knowledge.

## Past Paper Questions

All past paper questions can be found using the hyperlink document on SharePoint. This will allow you to focus on one key area at a time. Past paper questions are the best way to practice applying your knowledge.

## Resources

All resources for Biology can be found on SharePoint. This includes PowerPoint lessons that you'll see in class, Flashcard exercises, summary notes, home learning exercises, problem solving booklets and learning outcomes.

## Online Resources

Websites such as Bitesize, Oronsay, Quizlet, Understanding Standards and SQA are all hyperlink on SharePoint. You will need to log in using your Glow account details.

## Supported Study

Day	Time	Room	Level
Mon	08.00 -8.35	S023	Higher
Mon	15.35-16.30	S028	N5
Wed	08.00 -8.35	S009	Higher
Wed	08.00 -8.35	S023	N5
Wed	13.10 -13.40	S028	Adv H
Fri	08.00 -8.35	S012	Higher
Fri	08.00 -8.35	S009	N5

Study Café is available on Thursdays, in the library, 15.35 -16.35, to study any subject.

## Speak to a Teacher

You do not need to wait for supported study to ask for help. Speak to **any** subject teacher if you need help or support with Biology.
