

School Values

As you know our Fenwick Primary School values are RESPECTFUL, RESPONSIBLE and RESILIENT.

This means that these 3 key words represent our school – being respectful, responsible and resilient are the things that matter most to us! To be the best school that we can be, we should show respect for one another, be responsible, and develop resilience to persevere and overcome any challenges we may face.

We are looking for you to help to create a wonderful display to showcase these values in our school.

Primary 1-3 will be focusing on the value of being RESPECTFUL

Primary 4&5 will focus on the value of being RESPONSIBLE

Primary 6&7 will focus on the value of being RESILIENT

Your task is to draw a fabulous picture to show what the value is and how it looks in our school. What does the value mean to you? What does it look like?

All pictures will be added together to create a display of our school values.

There are some ideas below to help you to get started and spark off your imagination! E.g. helping each other to learn, supporting our friends

...

Please upload/e-mail a photo/electronic copy of your design by 19th June. Don't rush it - take your time to do your best job! You can use anything you like - paper, pencils, pens, paint, materials, glitter ... Let's get creative and colourful!
