

# Primary 1 Term 2 Newsletter

Welcome to Primary 1s second newsletter. We had a hugely successful first term, learning a range of different skills across the curriculum.

Reminder:  
Gym days for the class are on  
Tuesdays and Thursdays.

## Literacy

We have been exploring different initial sounds and will continue to do so throughout term 2. We will also be exploring sequencing by putting pictures from a story in order from start, middle and ending. We will be starting Bug Club this term with books being read both in class and at home.

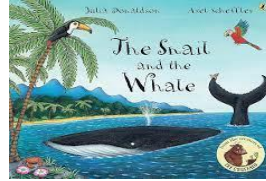

## Numeracy

We have been learning numbers from 0-15, this term we will be extending that to 30. We have also been exploring 3D-shapes and plan to look at their properties. We will be learning what number comes next and what number comes before a certain number along with sequencing numbers to 30.

## Topic

Our mini topic this term will be "The Snail and the Whale". We will be reading the story and exploring places the snail visits and animals it encounters along the way.

We will also be practicing for our nativity practice throughout the term to ensure all pupils know the songs and those who have lines are fully prepared.

## Important Information

Could all parents ensure that all items of clothing have pupil's names on the label to ensure safe keeping.

Bug Club logins will be handed out soon and placed in pupils homework packs for safe keeping.
