November 2023

Learning in P1/2

We have had a fun and busy time in P1/2 over term 1. In maths, we have been learning about 3D shape and had a great time exploring and identifying these.

The children voted for a McDonalds in our role play area which has given us the opportunity to use coins, practise our counting abilities and build on our speaking and learning skills.

Committees

Committees are now underway, and P1/2 took part in their first Skills session where they will learn important skills to enhance independence both at home and in the classroom. Our first task was to master zipping/buttoning up our jackets.

Nativity

We have begun practising for this year's nativity and we are excited about performing in front of our school and all our parents and carers.

Topic

Our topic this term is "The Snail and the Whale" where we will learn about some sea creatures and life under water.
