GROWTH · KINDNESS · PRIDE

Welcome to our Classroom
...Where Learning is Magical!

We're still coming back!

Primary P6 worked exceptionally hard in term 1 and are now preparing to be even busier in the build up to Christmas. Not only will be have our learning to keep up with, but we will also be starting to prepare for the upper school show, in which some of us have been confident enough to try out for a speaking and singing parts!

Class Topics

We are continuing with our 'Eighties' topic' as there was so much we were fascinated by that we needed to keep going!.

Curriculum

Within Maths, we are going to be looking at the different properties of 2D and 3D shapes, before moving onto 'Surveys and Graphs' and then 'Fractions and Decimals'.

We are really enjoying our class novel 'Divided City' by Theresa Breslin, and are using this to develop a range of skills. We are also continuing to use a variety of strategies to help us with our spelling and reading. This will then further develop our writing skills.

Please encourage and support us to read at home.

We have sadly finished our block on Rock music but were super impressed by our performance of Livin' on a Prayer, especially as we had recorders and glockenspiels accompanying our singing.

In RME we are going to be researching a variety of world religions, in order for us to have a better understanding of different peoples' beliefs.

We have completed our block on 'Fitness' by re-testing ourselves with most of us improving in most areas. This term we will be focusing on possession games with Mr McKay and Gymnastics with Mrs Granger.

Children should bring a change of clothing and footwear on these days.

Raising Attainment

Miss Thomson will continue to support the class with her raising attainment groups. The children have benefitted enormously from this so far and we are glad to have her helping us with our learning.

Please ask your child about their learning and if there is anything you are unsure of please do not hesitate to ask.
