Welcome to our Classroom

...Where Learning is Magical!

APRIL 2025

Almost Over!

As we enter the final term of this year, there are still so many learning opportunities to look forward to!

Class Topics

We are continuing to learn about different aspects of Aztec life. We have:

- Explored the 'Timeline of the Aztec Empire'
- Discovered the importance of 'Tenochtitlan'
- Researched 'Daily Life'
- Investigated how 'Government' ran
- Discussed the importance of 'Gods and Mythology'
- Looked at how they communicated through 'Writing'.

Curriculum

Within Maths, we are finishing our topics of 'Angles and Symmetry' before quickly

moving on to 'Money and Finance' as well as 'Information Handling'.

We have sadly finished our film study of 'The Water Horse', which was based upon the book by Dick King-Smith. It has given us lots of opportunities to develop our comprehension skills as well as use a variety of strategies to help us with our spelling and reading.

However, we have now started 'Stormbreaker' by Anthony Horowitz and are really excited to find out what happens to Alex Rider.

In writing, we will have a focus on discursive writing and have already had some discussions about our word choice and how we can influence the reader's opinion.

In PE, we will be developing our striking and fielding skills as

well as

preparing for Sports Day.

Our gym days remain a Tuesday and Thursday, so children should continue to bring a change of clothing and footwear on these days.

Class Assembly

Our class assembly will be the morning of Friday 2nd May. There will be a family learning session from 9:15am in the gym hall, followed by a performance to the whole school in the dinner hall. We would love for you to be able to attend both!

Please ask your child about their learning and if there is anything you are unsure of please do not hesitate to ask.
