Hurlford Primary School design ideas for the parklet area

We want to make the area around Union Street, Academy Street and Mauchline Road safer and more pleasant for walking and wheeling, and to enhance the public spaces.

In 2020, the project partners asked the community to help redesign the village centre.

We've got lots of great ideas, but then the project had to be paused because of COVID-19.

We are now able to progress the designs and have sought advice from the project steering group which is made up of local residents and representatives from the school, tenants' forum and community association. Hurlford primary school pupils have also been helping to design options for the pop up parklet and modelled some designs.

The consultation closes on 17th December 2021. We'd like to hear your views on the proposals as all comments will help with the final plans for Hurlford village centre.
