

Names in Group:

You are a group of scientists working in the wilderness. You have just discovered a rare species and have the honour of naming it. The news crews will want to hear all about it so first you must fill out the details on this sheet so that you are sure you know all about it. If you have time you could draw a picture on the other side of this paper.

Name of species	
Habitat (where it lives?)	
Food/diet (what does it eat?)	
Description (what does it look like?)	
Interesting fact (what is special about this species?)
