

Fractions Poster

LI: Explain what a fraction is and show how it represented in different ways

Create a poster sharing what you know about fractions.

Your poster must include the following:

- Definition of a fraction*
- Explanation of the mathematical vocabulary associated with fractions i.e. unit/non-unit fraction, numerator, denominator*
- Show different ways of representing a specific fraction e.g. one sixth = pizza, squares, dots, pictures etc.*

Use the fraction information sheets to help you create your poster 😊
