# Red Spelling Activities

## Task 2

1. Read the k phoneme story
2. List all the k words you find in the story.

For example:

### Paragraph 1

1. school
2. check

### Paragraph 2

1. flocked
2. paddock

## Task 3

Write your own k phoneme story, which contains at least 5 words from your spelling word list this week.

Each year, in school, we always have a show. Auditions are arranged to check out the talent and establish who the characters will be. Then there is the chorus to be organised.

At lunchtime, children flocked to attend the auditions. They were gathered like horses in a paddock! It was chaos!

'Kindly keep in order!' pleaded the music teacher.  
'Stop jumping around like kangaroos!'

'She'll be heading for the chemist shortly for a packet of pain killers for her headache,' I chuckled to myself.

The class cartoon characters had shown their acting skills. Some displayed great charisma. Now it was time for the singing. As the teacher struck a chord on the piano she was ready to run ten kilometres. The poor teacher was about to crack!

'Call that singing? You sound like cackling geese or squawking kestrels !!'

'I can see me jumping head first into a chasm!' she said despairingly.  
However in the end, everything had been calculated and the number needed for the choral group was reached.

'I think I will go and lie down in a hammock! What a day!' the teacher thought to herself.

## Red Spelling Activities

### 'k' phoneme 2

**LI: Spell words  
with the 'k'  
phoneme correctly**
