

Children had a very different life in a workhouse compared to how children live today in the UK.

| Think about: | | | | | | |
|--|--|--|--|--|--|--|
| What did the children wear? | | | | | | |
| | | | | | | |
| What was their day like from rising to sleeping? | | | | | | |
| | | | | | | |
| How might they have felt during the day? | | | | | | |
| | | | | | | |
| What was it like in class? | | | | | | |
| | | | | | | |
| What was their teacher like? | | | | | | |
| | | | | | | |
| When did they see their parents? | | | | | | |

What were the sleeping and eating arrangements?

In workhouses, children were either orphans or had one or more parents but were kept apart from them.

Imagine you are a child living in a workhouse. Write about your experience on this day.
