

## Spelling Rules

With most single syllable words that end in a vowel and a consonant, we double the final consonant before we add a suffix like -ing, -ed, -er or -est. This also works for most words with more than one syllable.

Complete the table below, by doubling the final consonant and adding the suffix. You don't have to fill every column for each word!

Original Word	-ing	-ed
<i>e.g. tap</i>	<i>tapping</i>	<i>tapped</i>
<i>e.g. hop</i>	<i>hopping</i>	<i>hopped</i>
run		
stop		
trip		
drop		
snap		
plan		
clip		
blur		
knit		
flip		
scar
