

## Task 4

**I can read, write and use the notation  $\frac{1}{2}$  and  $\frac{1}{4}$ .**

You should have a good knowledge of reading fractions now. Use your counters to help you work out halves and quarters.

Remember when you are looking for  $\frac{1}{4}$  - split the amount into 4 equal groups then count how many is in one group.

Copy the following into your jotters adding in the correct the answer.

1.  $\frac{1}{2}$  of 16 is \_\_\_\_\_

2.  $\frac{1}{2}$  of 22 is \_\_\_\_\_

3.  $\frac{1}{2}$  of 30 is \_\_\_\_\_

4.  $\frac{1}{2}$  of 20 is \_\_\_\_\_

5.  $\frac{1}{2}$  of 12 is \_\_\_\_\_

6.  $\frac{1}{4}$  of 16 is \_\_\_\_\_

7.  $\frac{1}{4}$  of 24 is \_\_\_\_\_

8.  $\frac{1}{4}$  of 20 is \_\_\_\_\_

9.  $\frac{1}{4}$  of 12 is \_\_\_\_\_

10.  $\frac{1}{4}$  of 28 is \_\_\_\_\_
