

Numbers

Straight down in a line,
Number one is looking fine!

Around and back across the
railway track,
Two, two!
Two, two!

Around a tree and
around a tree,
That's the way we
make a three!

Down and over and
down some more,
That's the way we
make a four!

Across, down and
around to the end,
Number five is round
the bend!

Down we go and make a
loop,
Number six makes a
hoop.

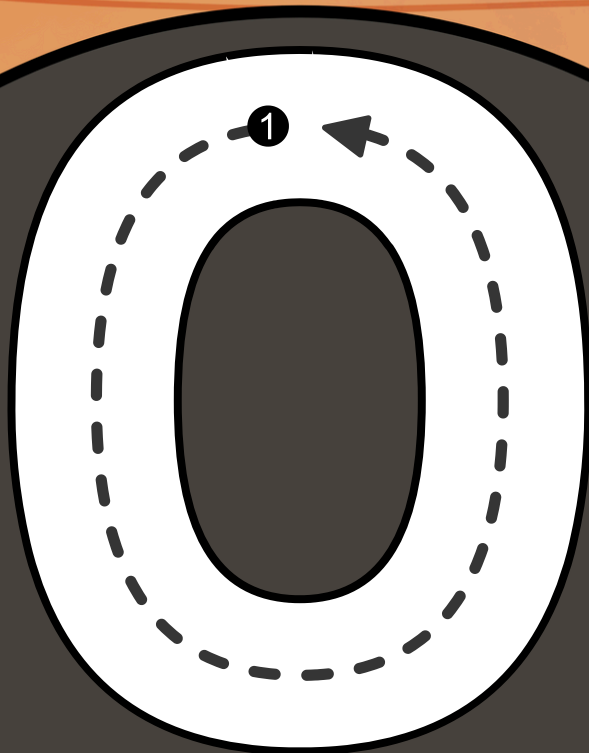

Across the sky and
down from heaven,
That's the way we
make a seven!

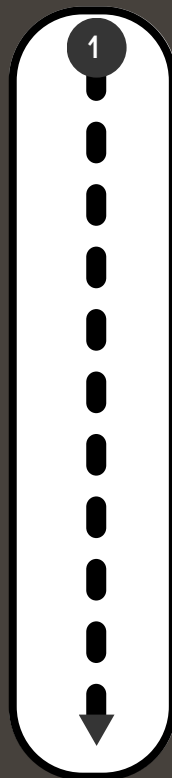

Eight is like a race car
track,
Go down and around and
come straight back.

Make a loop and then
a line,
That's the way we
make a nine.

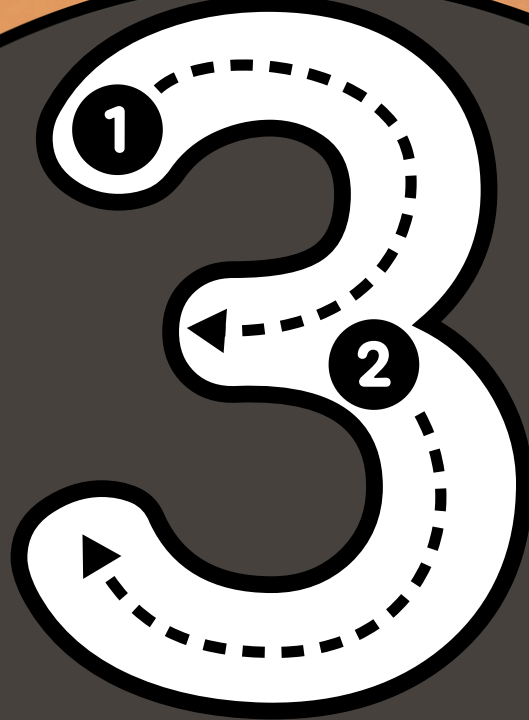

All the way round the loop
we go,
When it's complete we've
made zero!

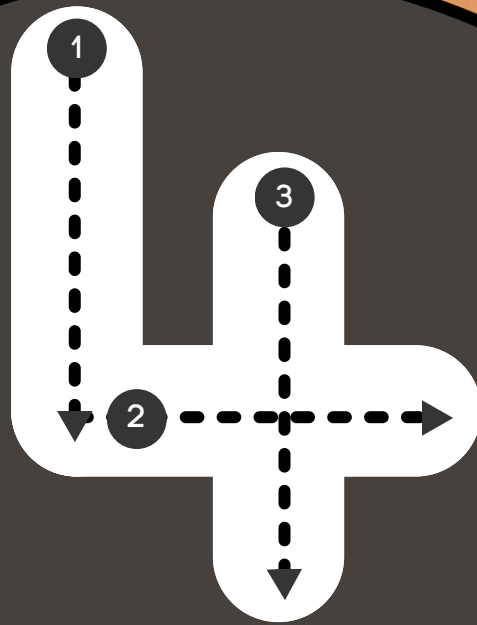

Straight down in a line,
Number one is looking fine!

Around and back across the
railway track,
Two, two!
Two, two!

Around a tree and
around a tree,
That's the way we
make a three!

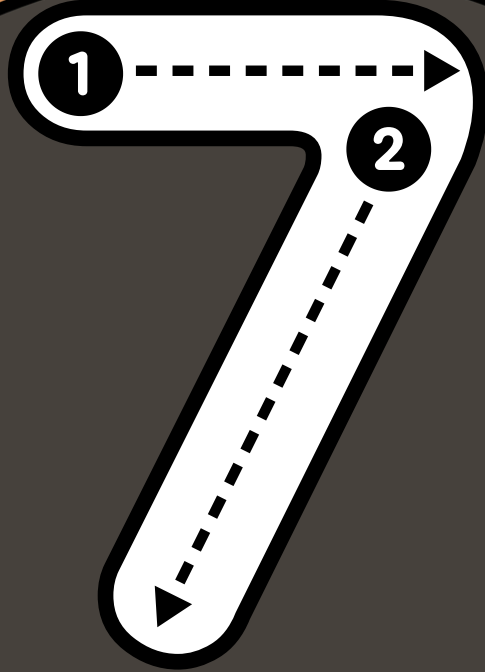

Down and over and
down some more,
That's the way we
make a four!

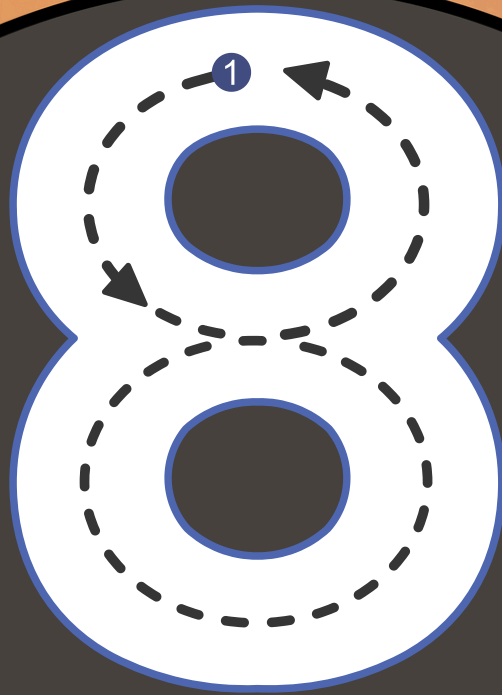

Across, down and
around to the end,
Number five is round
the bend!

Down we go and make a
loop,
Number six makes a
hoop.

Across the sky and
down from heaven,
That's the way we
make a seven!

Eight is like a race car
track,
Go down and around and
come straight back.

Make a loop and then
a line,
That's the way we
make a nine.
