**Assessment Block – Masterclass Extract**

## Information

Dear Pupil/Parent/Carer

As highlighted in previous SQA communications we are in the midst of a period where evidence of attainment is being gathered continuously. As we move to gather more evidence through our planned assessment block, I thought it best to provide an update of the supports available for pupils during this period.

### SCHOOL SUPERVISED STUDY

Please ensure the online form is completed before Friday 23<sup>rd</sup> April to request a place in School during the assessment block.

### MASTERCLASSES

During the assessment block we offer a range of masterclasses designed to support the revision process at key stages in the block. These classes are highly recommended as very effective preparation for the assessment. Classes are generally scheduled in the days leading up to the final examinations in order to keep knowledge as fresh as possible. Please note pupils should wear school uniform when attending masterclasses. Our masterclass schedule is very congested through the assessment block as we have attempted to keep it as short as possible. This may mean student have an exam on the day a masterclass is scheduled. I would encourage pupils to take make use of Teams to access support from teacher in these cases where clashes have been unavoidable.

### ADDITIONAL SUPPORT

- Every pupil in the school has a SCHOLAR account. This is a superb website which can be used for study and revision – <http://scholar.hw.ac.uk>
- Past papers, SQA exam timetable and other supports are available on the SQA website – <http://www.sqa.org.uk/>
- Study skills support materials are available on our school GLOW website - <https://blogs.glowscotland.org.uk/ea/public/loudounacademy2016/uploads/sites/2769/2021/03/24150808/Loudoun-Academy-Study-Skills.pdf>
- There are a range of informal support sessions in the lead up to exams. Please speak with your teachers for details.

May we take this opportunity to wish you all the very best for the forthcoming assessment block.
