Topic – The Rainforest

The children are learning about “The Rainforest” and will present an assembly on the 28th of November telling you what they have learnt. As a cooperative homework task I have asked the children to make a rainforest in a shoe box, your help with this would be greatly appreciated. We have talked through the different examples below and have agreed that everybody will try their best to complete this by the 21st of November so that they can be used in our class assembly.
