

I can use different strategies to learn my spelling words.

## Spelling Tic-tac-toe

- Use your own spelling words for this activity.
- Draw a grid just like the one you would use for naughts and crosses.
- Choose a word to play with from your spelling word list.
- Play with your word, choosing where to put it carefully.
- First to **3 in a row**, wins!
- Use a different word each time to practice all of your words for the week.
