

Pet Poem

Amazing Fact

Almost all hamsters kept as pets today are descended from just four wild Syrian hamsters, captured in Syria in 1930.

Challenge

Many people like animals and many have one or more as a pet.

Write an acrostic poem about your pet or one you think you would want.

You could use your pet's name or the type of animal you would like, for the letters down the side of your poem.

You could also try to find out:

- what hamsters eat in the wild;
- how hamsters use their cheek pouches;
- about new animals being domesticated as pets, such as wallabies and capybaras.
