Isla P5

Isla has big news for our assembly!

A friend was in a serious bike accident and sustained life changing injuries. Craig works with Islas dad Robert and she heard us discussing their setting up a donation box for people to support Craig in his long term recovery.

Islas asked if she could support and decided she wanted to make both loom bands and tablet. She spent every spare moment making and selling bands for her family and friends. With us she helped us make batches and batches of tablet to sell to the people in our estate. We reached out and positioned the purpose to the estate and as Isla was behind it they were so supportive!

Over 2 nights Isla walked around 80 doors selling her tablet and discussing her cause. In 2 weeks Isla has single handed raised over £500! The donations and orders continue to pour in to the point we are considering opening a tablet shop! It's been fantastic and the feedback and positive response we have had on Isla has been overwhelming. Craig's accident hit us all hard and Isla is very fond of him. So she was determined to help and we are so proud of her! Here she is with her tablet before going round the doors and then the fruits of her labour!
