2025**

# Choosing A New Reading Scheme

- Research and professional reading
  - *The Art and Science of Teaching Primary Reading* by Christopher Such (2021)
- Advice from our Attainment Team
- Speaking to providers
- Speaking to pupils, staff and parents
- Visiting other schools within the authority

## Why Rocket Phonics?

- To raise attainment, continue to widen Literacy skills, motivate learners and further ignite a love of reading in our pupils.
- Fully decodable books – Rocket Phonics/Rocket Phonics Next Steps
- Variety of books – Fiction and Non-Fiction
- Providing structure but still offering flexibility
- Online and physical books
- Valuable Teaching and Learning Resources
- On-going Assessment

## How it will be used

- There are 3 levels of the new Rocket Phonics Programme –
  - Rocket Phonics Readers (Early/First) – Online and Physical books
  - RF Next Steps (First) – Online and Physical books
  - RP Cosmos (First/Second) – Online only at present with order to be placed

### Early/First Level Reading Books

- Physical books will be used in class to support learning and children will access their reading book online for further practice.
- The new books are fully decodable and align with our Phonics Programme.
- In class, pupils will focus on decoding and fluency using the new texts and will develop comprehension through the new texts and the current Storybook Approach.

### First/Second Level Reading Books

- Children will continue to explore and develop important reading comprehension strategies through the current Novel/Taskmap approaches as well as accessing the new texts to further enhance learning experiences.

## How to use online books

- Each child has been given their own Username and Password.
- Before, During and After Reading Questions to support you and your child at home.
- Quiz for children to complete and submit.

## Signposting

- The Centre ID is the same for the whole school – **151765**
- A link to the **Boost Learning Site** has been added to the school app and can also be found on the school Blog.
- Parent Guides can be downloaded from the School Blog.
