

P7 2023 - 2024

January - June Curriculum Overview

Literacy across Learning

There will be a more focussed approach to Listening and Talking. Your child will be asked to present a 2 minute (maximum) talk to the class. There will be a formal assessment for our records. Your child will be given ample warning and it would be appreciated if you can help prepare them by listening to them rehearse. Reading will continue to follow strategies to enhance comprehension. Writing will consist of persuasive writing and will include adverts, posters and letters.

Numeracy and Mathematics across Learning

All groups will be tackling division of whole numbers and decimals this term. Knowledge of times tables helps immensely with this subject area. Please encourage your child to practice their times tables on a regular basis. Other areas will include 2 and 3 D shape, money, data handling and ideas of chance and uncertainty.

Health and Wellbeing

Primary 7 will be continuing with building resilience. Discussions will take place concerning / addressing their feelings about transition to Loudoun Academy.

Interdisciplinary Learning

Primary 7 topic in term 3 will involve learning about Natural Disasters around the world including Great Britain in order for the children to compare local and worldwide events. Teams will continue to cover Clean Green Initiative for East Ayrshire.

Other Activities or Events

P.E. will cover events such as athletics and team building. Swimming will be taking place at Loudoun Academy. Dates T.B.C.
