

P4H HOMEWORK

WEEK BEGINNING: 03.11.2025

READING

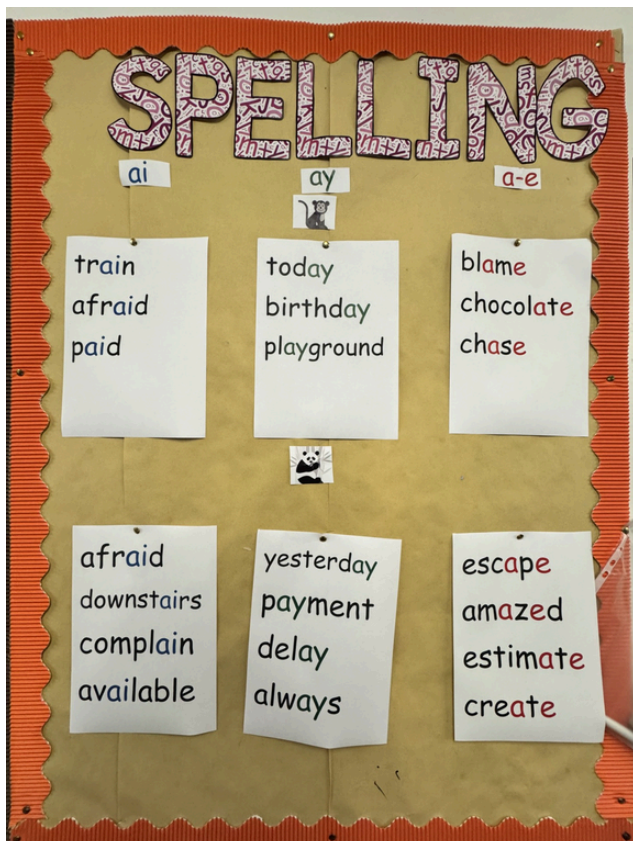

Please read the new book assigned on boost learning. You should practise reading with fluency and expression like we have been practising in class.

If you can read to another person out loud please do as this can help with both fluency and expression.

NUMERACY

Continue to practice your addition and subtraction task on sumdog, remember to use paper to lay the questions out.

We are also going to be moving on to the 6 times tables. So practise if you want a head start 😊

SPELLING

Our spelling sound this week is 'a'. Use an active spelling strategy to practise words with the 'a' sound.

(The active spelling grid is posted separately in the home learning tab.)
