

13.1.21
Literacy Task

Red Blue

I hope you managed to watch the 'For the Birds' video and do the planning work sheet yesterday.

- You have already chosen a title for your story.
- You have also thought of names for the characters and some adjectives to describe them.

Today's task is to write the story in your own words

Remember our core targets-

- I can use capital letters and full stops
- I can write in sentences
- I can use words to link sentences- and, but, then, because.....

When you write your story I would like you to-

- **Include the title of your story**
- **Use your adjectives to describe the characters**
- **Tell me where the story happens**
- **Tell me the main events that happen in the story in the order they happen. This means you need a beginning, middle and end.**

Challenge yourself-

- **Include some 'time' words like- first, next, after that, then or finally**
- **Use an exclamation mark in at least one sentence!**

You can add a picture to your story if you want and then upload it to Teams to share it with your teacher.
