

HOW TO ADD WITH REGROUPING – REMEMBER – WE PUT THE CARRY UNDER THE LINE

ADDING NUMBERS WITHIN 100 WITH REGROUPING Page 1 of 3

Let's just dive right in and do one!

$$28 + 39$$

Just like before, stack and line things up:

$$\begin{array}{|c|c|} \hline 2 & 8 \\ \hline + & 3 & 9 \\ \hline \end{array}$$

<< Now, I'm going to make my stripes taller...
You'll see why in a second!

First, add the ones:

Let's do it off to the side!

$$\begin{array}{|c|} \hline 8 \\ \hline + 9 \\ \hline 17 \\ \hline \end{array}$$

tens 10's ones 1's

Put the tens guy up in the tens column...
Put the ones guy in the ones answer spot.

This is called "regrouping" since we had to put the **tens guy** in the next stripe over with all the **other tens guys**! Way back when I learned this stuff, it was called "carrying." Of course, we didn't have cell phones or DVD players back then either!

Now, add the tens...

$$\begin{array}{|c|c|} \hline 2 & 8 \\ \hline + & 3 & 9 \\ \hline 6 & 7 \\ \hline \end{array}$$

So, $28 + 39 = 67$

Here's another one:

$$29 + 51$$

Stack it and line things up:

$$\begin{array}{|c|c|} \hline 2 & 9 \\ \hline + & 5 & 1 \\ \hline \end{array}$$

Add the ones off to the side like we did in the last one:

Let's do it off to the side!

$$\begin{array}{|c|} \hline 9 \\ \hline + 1 \\ \hline 10 \\ \hline \end{array}$$

tens 10's ones 1's

Put the tens guy up in the tens column...
Put the ones guy in the ones answer spot.

We had to regroup on that one too!

Now, add the tens:

$$\begin{array}{|c|c|} \hline 2 & 9 \\ \hline + & 5 & 1 \\ \hline 8 & 0 \\ \hline \end{array}$$

So, $29 + 51 = 80$
