

We have put together a learning pack for your child. As we don't know the duration of the closure, we have attempted to provide a range of activities which we would encourage your child to complete throughout the day, please use your own judgement as every child and situation is different.

With such short notice we have not been able to differentiate for all levels of ability and would advise that your child completes what they can from the tasks provided.

Please regularly check Teams, the P5 Blog, and Bug Club as we will keep this updated with daily tasks and activities for your child to complete.

The jotter provided can be used to complete any written activities or assignments that cannot be done within the class Teams page or through another online format.

We would ask that, where possible, you try to keep to a routine of learning to support our young people, academically, during these challenging times.

P5 teachers will be available to answer emails from you and your children during the usual school hours and will try to respond as soon as possible.

Mrs Irving	P5I	eairene.irving1@glow.sch.uk
Mrs Kilpatrick	P5K	easheila.kilpatrick@glow.sch.uk
