

## Early Level - Numeracy

### Numeracy

What can you do in one hour?

Watch the video link below and then design a clock of your own. Make a list of things you can do in one hour.

<https://www.bbc.co.uk/bitesize/clips/zv>

### Numeracy

This pencil is 4 paper clips long.

Now find more objects to measure.

Instead of using a ruler and measuring how long a pencil is use paper clips and figure out how many paper clips long the pencil is. You can also use pasta or marbles.

### Numeracy

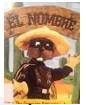

Sing along and learn all about numbers with the Numberblocks!

Click here for lots of different games activities. Choose what suits you best.

### Numeracy

El Nombre helps Little Juan to solve a simple problem involving coin equivalents to 10p. Little Juan is worried that Pedro has more money than him but El Nombre explains how  $5p+2p+2p+1p$  is the same as 10p.

Use coins and try to make different totals to 10p.

### Numeracy

People need information - so number 4 goes out there battling with the Puzzler.

<https://www.youtube.com/watch?v=uVshEkdcflg>

Can you ask people in your house what their favourite food is? Make little pictures of food to help you gather your information.

### Numeracy

Choose the numbers you want to work with and then help the helicopter rescue team.

<https://www.topmarks.co.uk/learning-to-count/helicopter-rescue>

### Numeracy

Write numbers on pegs and make autumn leaves with dots to match up. Make a number line when you are finished.

### Numeracy

Do you have Lego at home? Why not build a Lego tower number line.
