

Fact Families - addition facts

L.I: I can use a part-whole model to identify addition facts.

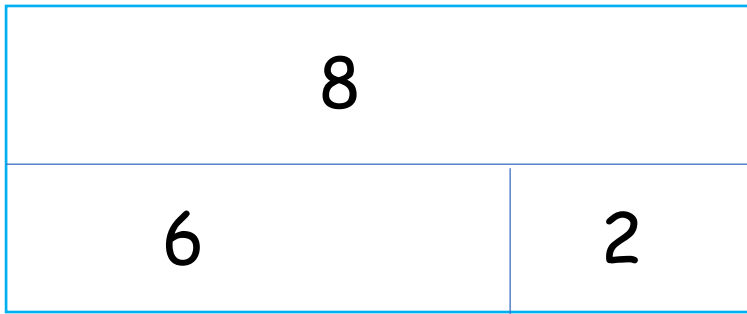

After you have watched the video link for Monday, can you complete the sentences to show the addition facts? I have filled in the first sentence for you.

1.

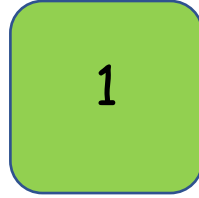

6	+	4	=	10
	+		=	
	=		+	
	=		+	

2. This time we are going to use a bar model to complete the fact families.

<input type="text"/>	+	<input type="text"/>	=	<input type="text"/>
<input type="text"/>	+	<input type="text"/>	=	<input type="text"/>
<input type="text"/>	=	<input type="text"/>	+	<input type="text"/>
<input type="text"/>	=	<input type="text"/>	+	<input type="text"/>

3. Can you make number sentences for these number cards?

<input type="text"/>	+	<input type="text"/>	=	<input type="text"/>
<input type="text"/>	+	<input type="text"/>	=	<input type="text"/>
<input type="text"/>	=	<input type="text"/>	+	<input type="text"/>
<input type="text"/>	=	<input type="text"/>	+	<input type="text"/>
