

# **Nessy Meets the World**

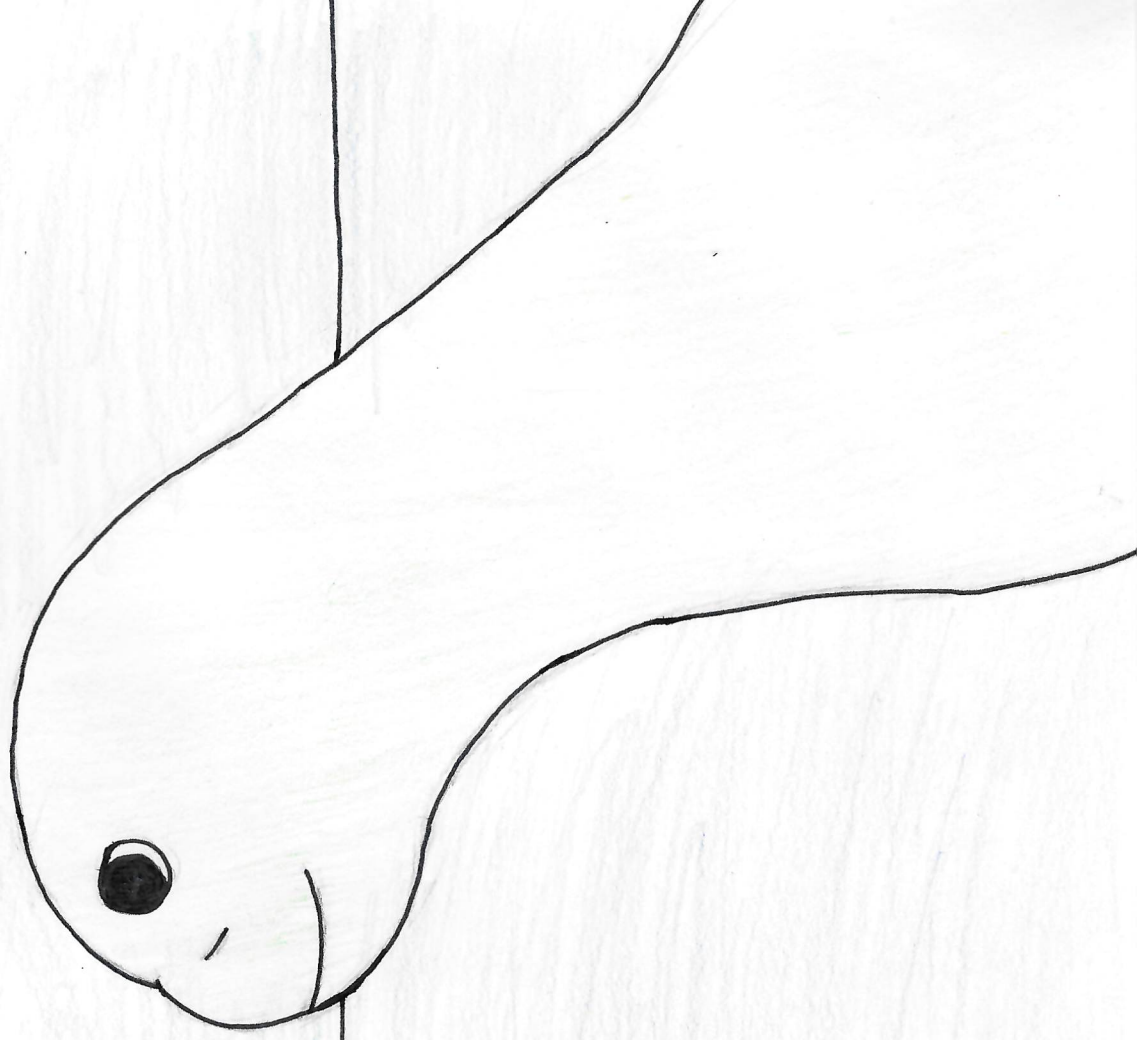

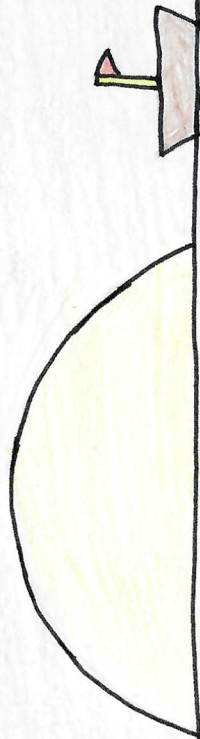

Nessy was sad, his day  
was going bad. So he  
went fishing to cheer  
himself up a tad.

Nessy's day got even worse,  
he was told he ate too many fish  
so he couldn't live in his loch  
any more.

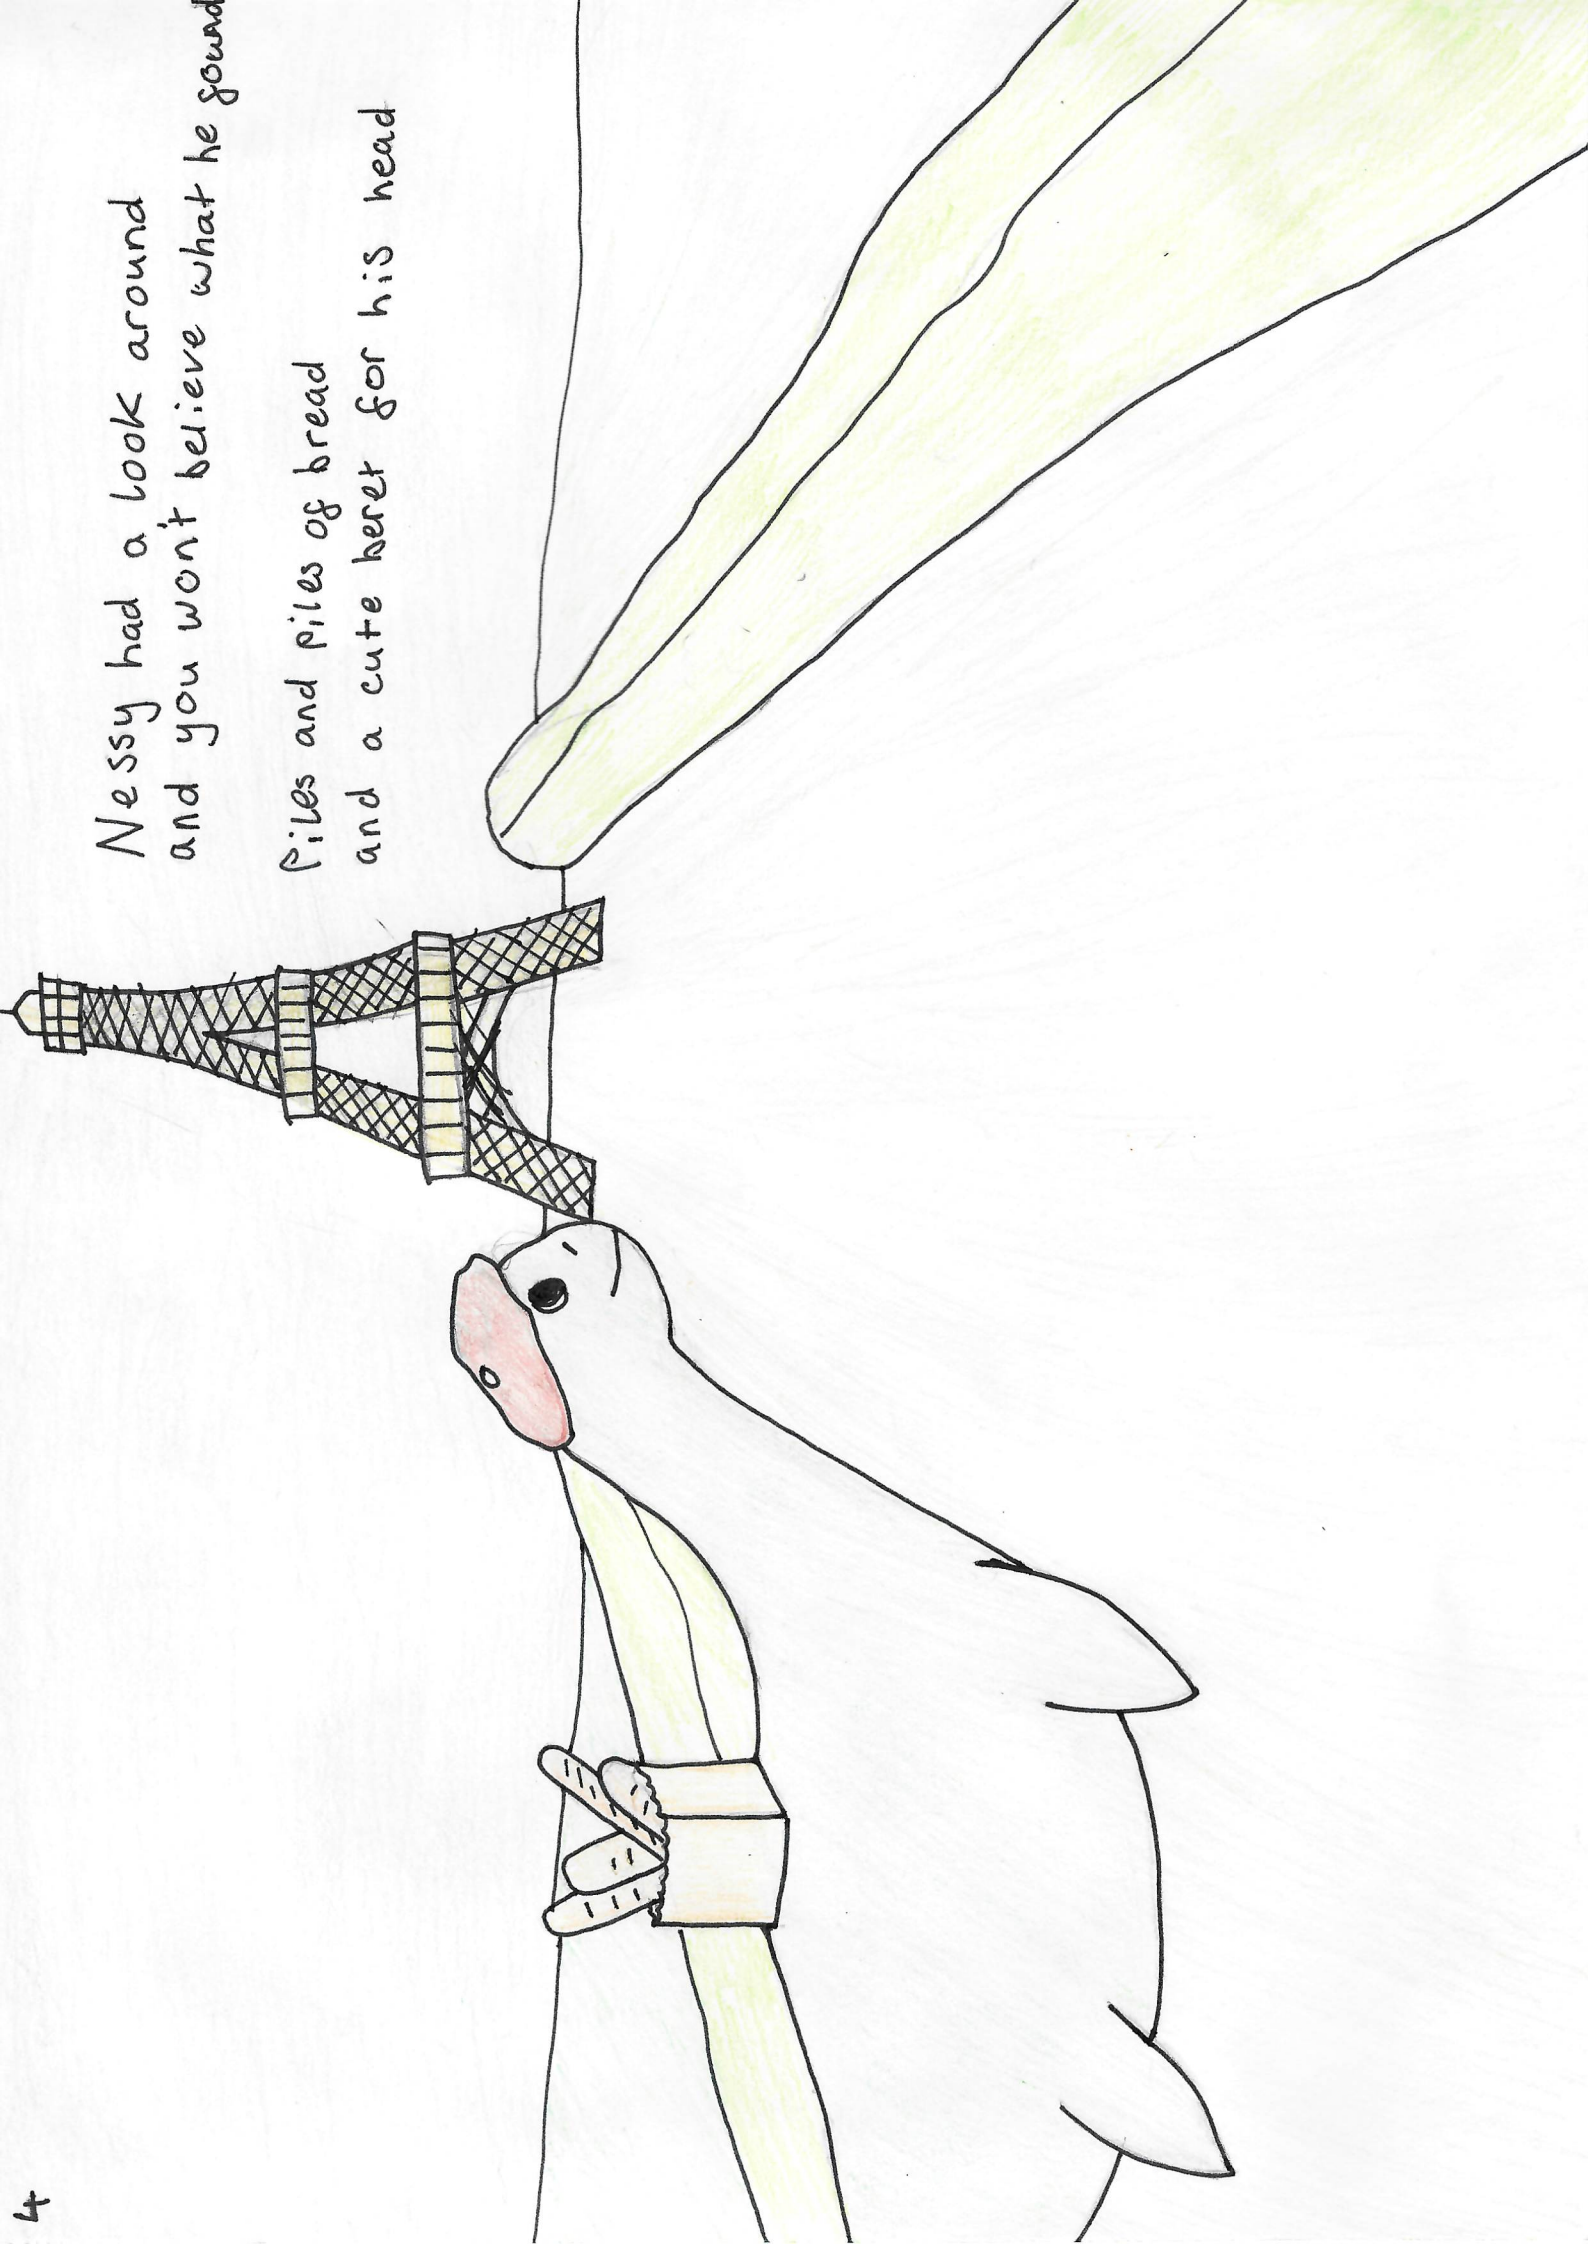

Nessy was off to find a  
friend I'll find a friend  
in Paris! he thought so  
thats where he went.

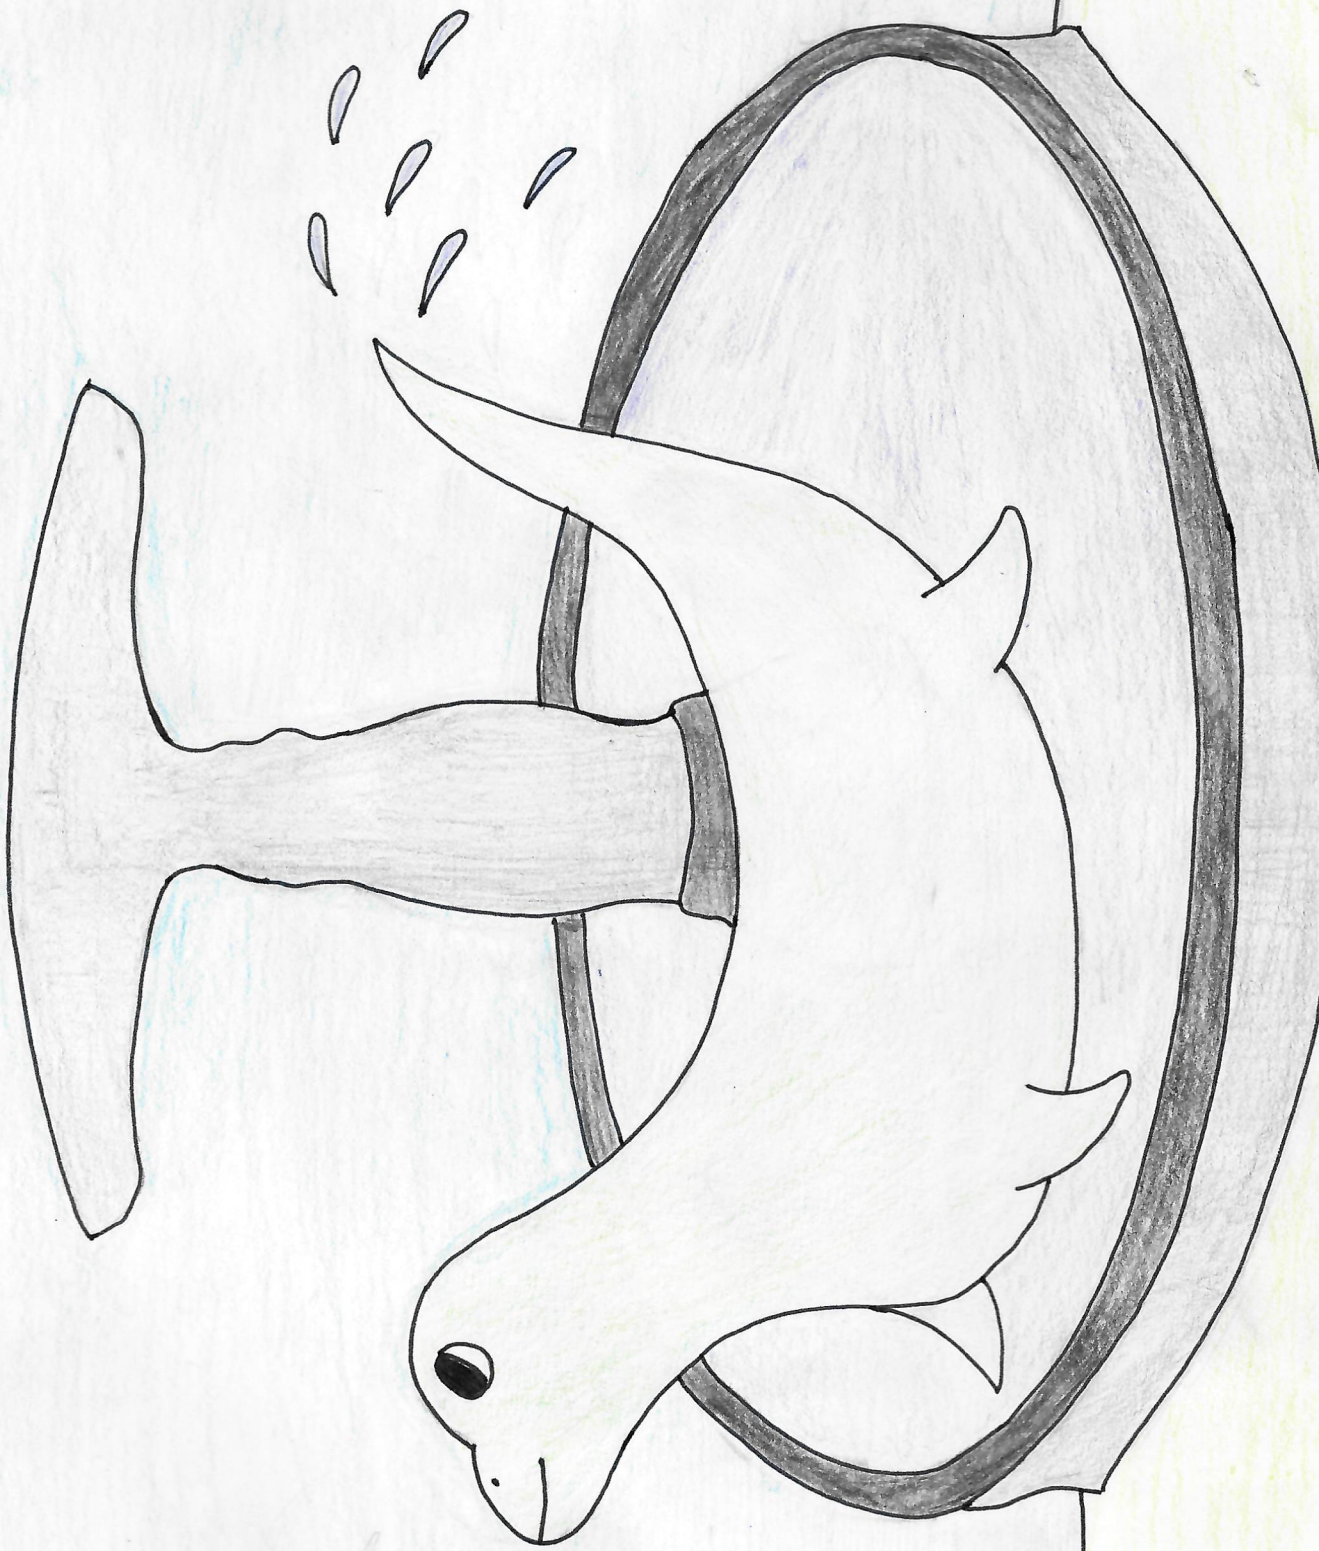

Nessy had a look around  
and you won't believe what he found

Piles and piles of bread  
and a cute heret for his head

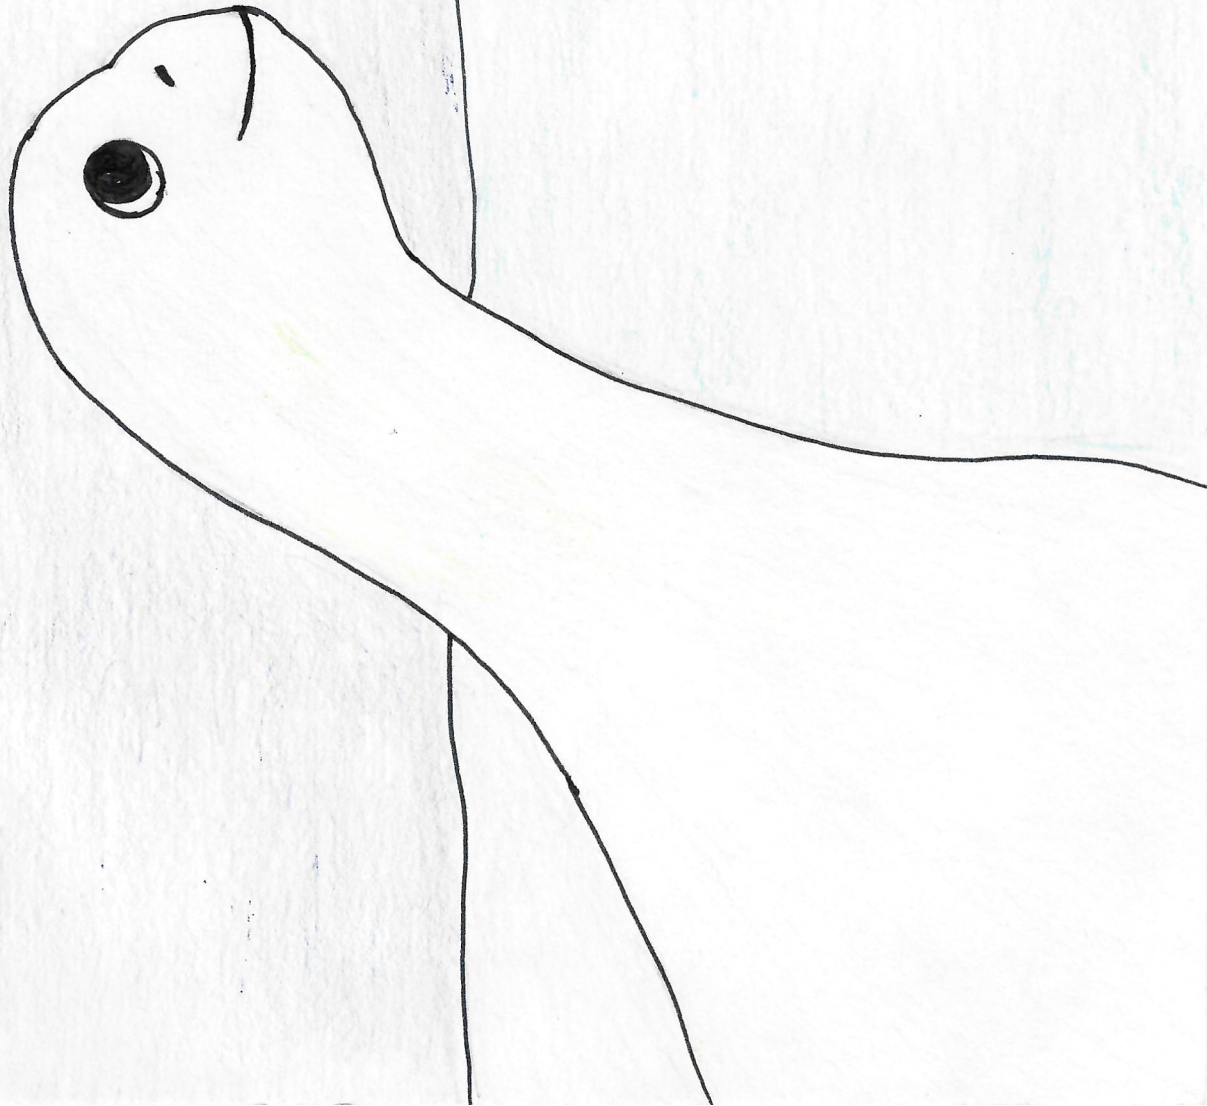

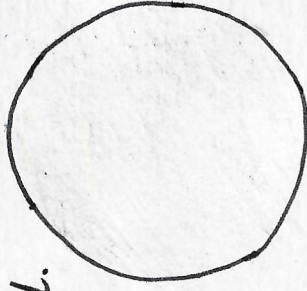

Nobody wanted to be friends with Nessy  
They all said he was too messy

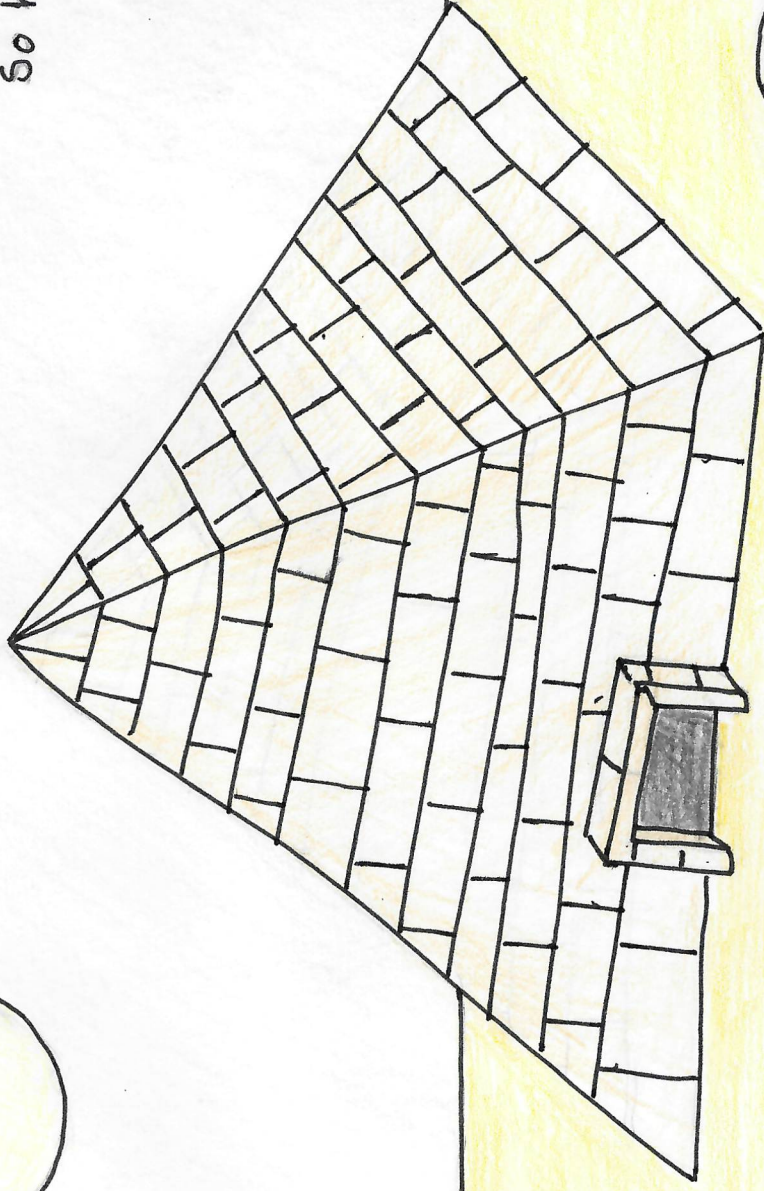

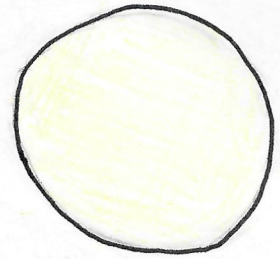

So they decided to go to Egypt instead

So off he fled.

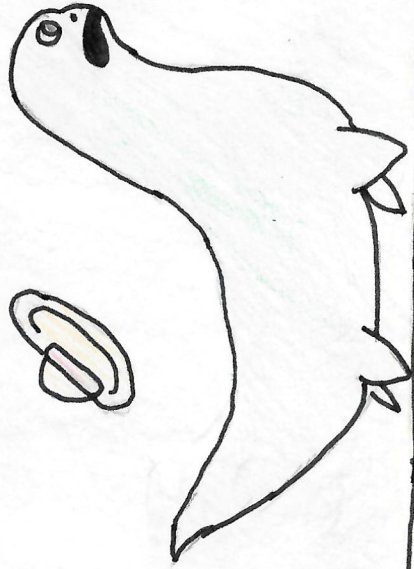

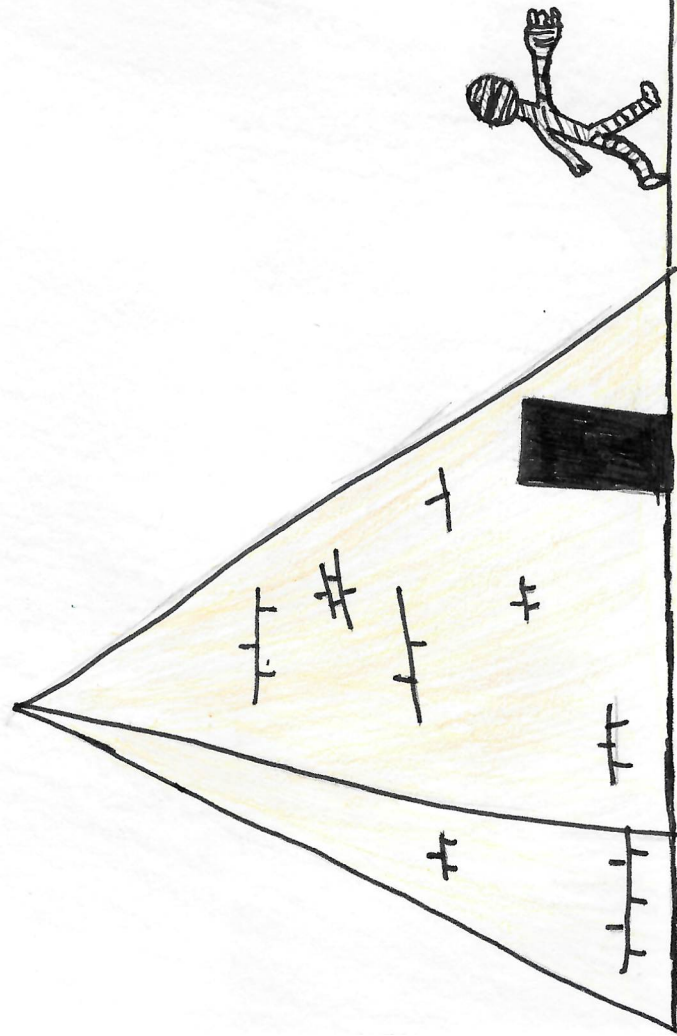

He arrived in Egypt and saw some  
camels then found a tomb in the distance  
so he went to explore

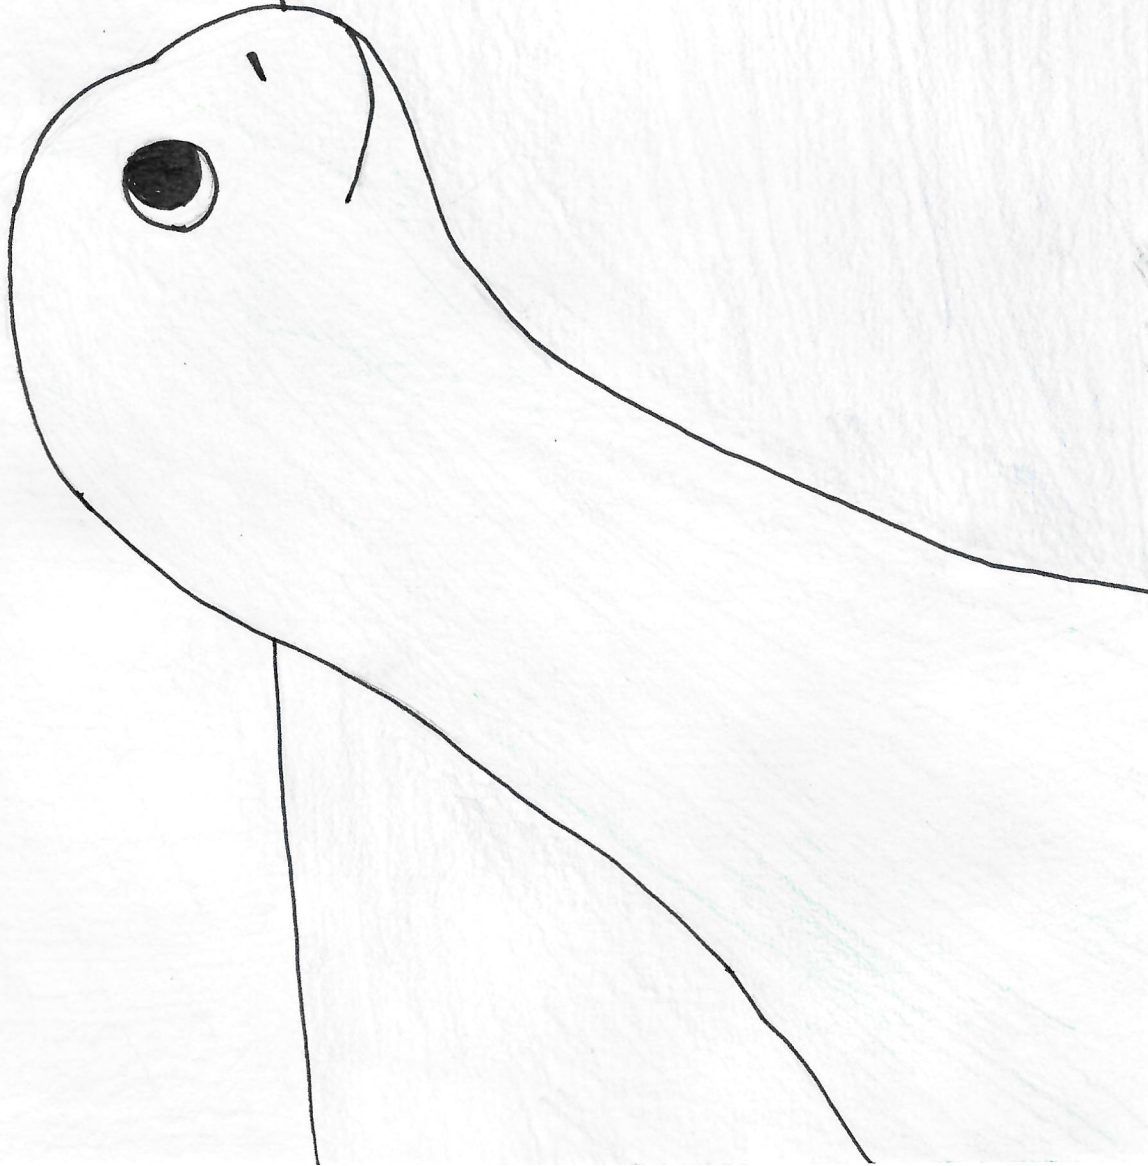

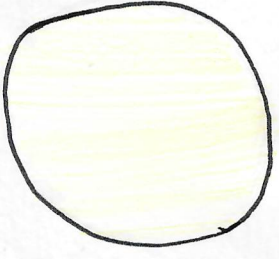

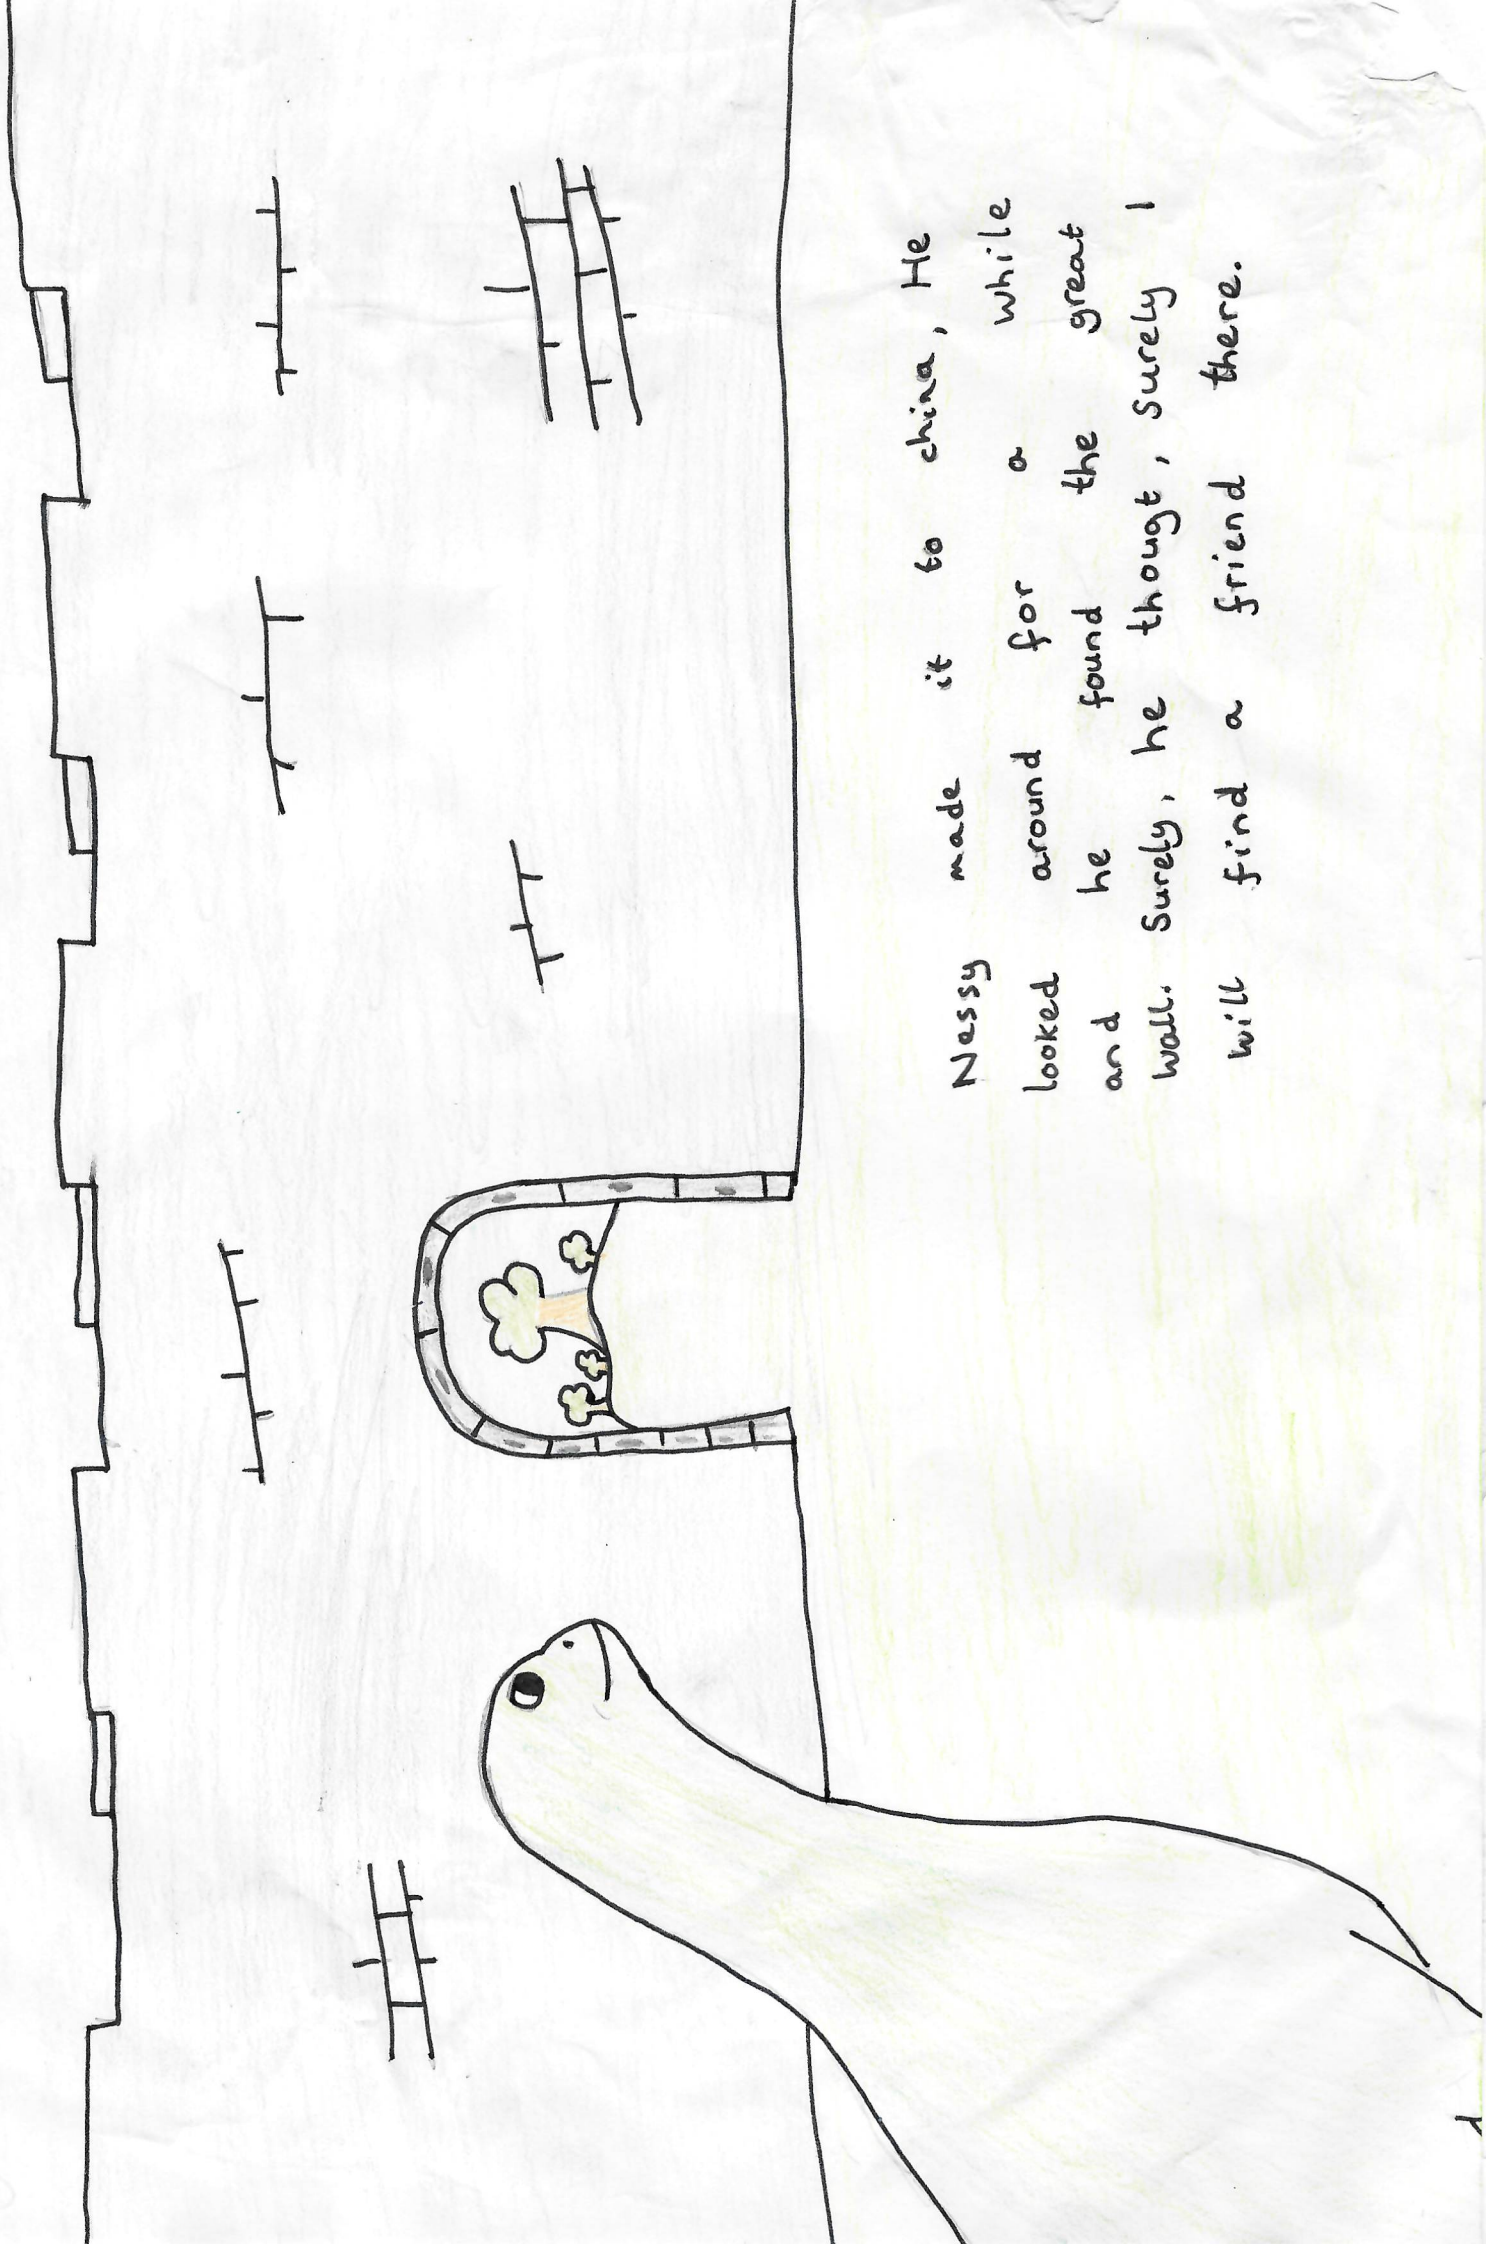

8

He ran out of a tomb away from a mummy  
He didn't find a friend, it was just a mummy  
So he ran and ran

Nessy couldn't find a friend in Egypt,  
instead he got a big fright. I'll find  
a friend in china he thought, so off  
he fled.

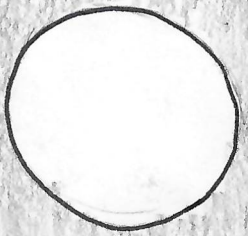

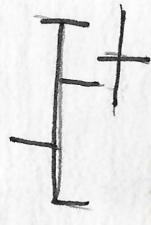

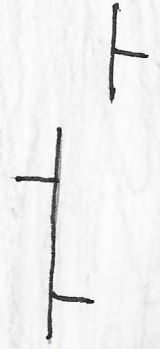

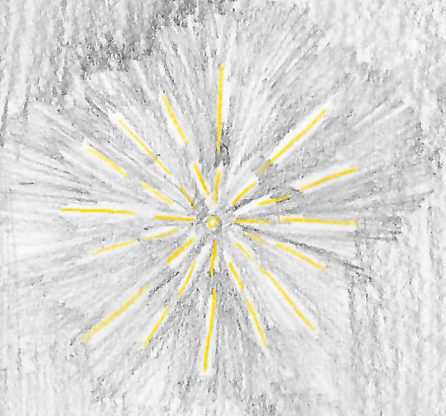

Nessy made it to china, He  
 looked around for a while  
 and he found the great  
 wall. Surely, he thought, Surely I  
 will find a friend there.

Then he had an amazing idea, to become a guard because he is so big and fearsome.

Now Nessy lives in China as a guard for the great wall, he is the happiest he has ever been and meets lots of new friends every day.

Nessi goes on an exciting adventure to find some friends and have some fun getting out of the Loch for a while
