

HGV Fitter Apprenticeship

Billy Bowie Special Projects Ltd are one of the leading Waste Recycling Contractors in the UK. We are looking for an Apprentice HGV Fitter to work full time in our busy workshops. As part of the workshop team, you will report directly to the Fleet Operations Manager.

Duties will include –

- Maintenance and repair of Vacuum Pumps.
- Maintenance and repair of Hydraulic Systems.
- Maintenance and repair of Pneumatic Systems.
- Maintenance and repair of HGV's, Van's and Cars.
- Maintenance and repair of all plant used in connection of Waste Recycling

This will give you the opportunity to gain a nationally recognised qualification and achieve an excellent standard of competence in HGV repairs and maintenance

The successful applicant will be required to have a minimum of 3 GCSE's or equivalent which should include English & Maths Grade A-C, a technical subject is desirable but not essential.

You will work 37 hours per week, you will also attend a Day Release at Ayrshire College. Wages will be in line with Government guidelines.

This is a 3 year apprenticeship, during which time you will work towards achieving the required qualification. There is also the potential for an extension of contract duration to support further career progression and/or employment upon successful completion.

To be considered for this post you must have an aptitude for practical subjects and must be able to communicate effectively. You will also need to be able to demonstrate a clear commitment to training and personal development.
