

Dear parents, carers & guardians,

We are delighted to be launching the Safer Schools Scotland app as our communication platform for all establishments.

The online world can be a bit overwhelming at times but it is important we understand what our children are doing online so we can help make them safer. The Safer Schools Scotland App aims to help with this.

We are delighted to invite you to download our new Safer Schools Scotland App provided by our school insurance provider Zurich Municipal and Ineqe Safeguarding Group. **This app will be our new central and establishment form of communication (replacing the current communication app from Thursday 30th March).**

About the App

The App is designed to support and protect children by educating and empowering them both at school and at home. Through their log-in, your children get access to information that is relevant to them and you will receive tips and advice on how to keep them safer online.
