Dear Parent/Carer

Thank you for working with us in ensuring that we could provide childcare for our most critical key workers today. It has been enormously helpful that our advice to use our schools as a last resort has been heeded. Having ascertained the number of young people attending our schools and ECCs and are now in a position to revise this further and re-organise according to most needed areas and we will move to a “hub” provision with effect from tomorrow, Tuesday 24th March 2020.

If you wish to access any of this provision you will require to fill in our e-form so that we have your details logged in advance of your child’s arrival.

If you wish to access any of this provision you will require to fill in our e-form here:

Once more, no child will be turned away on the first day of this revised provision, providing they have been registered.

A colleague will get back to you if you do not qualify for a keyworker place in these revised provisions.

The available hubs across the authority are as noted below, and meals will be provided to those pupils on site. All school transport is also now withdrawn given the hub model in place, and the low numbers attending our schools and centres today.

Parents and carers should therefore ensure that their children are transported to the appropriate location. Provision will run from 9am-3pm, unless otherwise guaranteed by an ECC provision.

Many thanks for working with us on this, such that we can continue to provide childcare at this time for our critical keyworkers.
