

Senior Phase

S3 into S4

Personalisation and Choice

A Guide for Pupils, Parents and Carers

FIDELIS · JUSTUS · PRUDENS

St. Joseph's Academy

January 2021

Dear Pupil,

In the coming weeks, you will take part in a programme to help you make informed choices about your learning in S4.

Through this programme you will have an opportunity to reflect on the following:

- your own strengths and interests
- the importance of keeping an open mind about possible career choices
- how to find and use career resources in the school

On **Monday 1st February** we will upload presentations to help you make your choices this session.

After viewing the presentations, we expect you to access the My World of Work website with your parent/carer. During February, and after completing an online options form, every pupil in S3 will take part in an interview with a member of the Pastoral Care or Senior Leadership Team where your options will be finalised.

You will also receive your S3 reports in the coming weeks to help you with your choices.

We will advise you of when the Glow Form goes live allowing you to make your options.

Yours sincerely

Mr Kane
Head Teacher

Senior Phase

S4 marks the beginning of what is known as the Senior Phase. In S4, you are usually presented at one of three levels.

National 3

This qualification continues at the level of content covered at third level in the Broad General Education. There are no final exams, and all of your work is marked in school. You will either pass or fail a National 3 course.

National 4

There is no exam in a National 4 course. Your work is assessed in school and you can either pass or fail a course. If you pass a National 4 course in S4 then you may progress to the National 5 course in that subject during S5. In some cases, progression to National 5 in the same subject may not be the best course of action. Sometimes supplementary National 4 qualifications may be better suited to your needs. Each case can be examined and discussed with pastoral care and principal teachers on a pupil-by-pupil basis.

National 5

National 5 courses are on offer in all subjects. In nearly every subject you will sit an exam at the end of S4. The marks you gain in this exam will be added to coursework tasks to determine your final grade. The course is graded using the letters A, B, C, D and F. Progression from an 'A' or 'B' at National 5 will usually allow pupils to undertake Highers in S5.

How many subjects will I study in S4?

In total, you will study seven examinable subjects plus core RE, PE and PSE. All pupils are obliged to study Maths and English until the end of S4. This means that you will select five other subjects during the options process.

Personalisation and Choice

There are three conditions when selecting subjects:

- You cannot select a subject that you did not study in S3
- You cannot select all three traditional Science subjects (Biology, Chemistry, Physics)
- You cannot select both PE (Team Sports) and PE (Aesthetics – Dance) as they are assessed against the N5 PE curriculum, but branch based on personal interest. If you wish to study PE, you select one or the other

Application of Maths

For pupils studying National 5 Maths, we can also offer the opportunity to sit National 5 Application of Maths. This will not appear on the options form, but Mr Johnston will speak to pupils about this in June. There is a guide which provides more detail on the content of this course within this booklet.

Science Combinations

It is not possible to select three Science subjects at the end of S3. Very few, if any, University level courses state the need for three Sciences as an entry requirement. The overwhelming majority of courses seeking a Science qualification from school leavers will state Chemistry as a necessary Science.

In general, pupils wishing to study engineering would select Physics alongside Chemistry, and those wishing to study Medicine, Dentistry etc. would take Biology alongside Chemistry.

Is there any advice that I should follow when choosing my subjects?

Yes, this is an important time of your school life and you should speak to your teachers, family and our careers adviser about your thoughts and ideas. In general, it is important to consider the following when making your choices:

Your skills, talents and interests

You should think carefully about your own God given skills and talents. Some of us are very creative, others very sporty, some enjoy problem solving, others reflective writing or number processing. Think about what you are naturally good at. It is also important to think about subjects that capture your attention or interest outwith school.

Your family

Your family know you best and always have your best interests at heart. The advice that you receive from your family plays an important role in the subject choices that you make. Take time to talk to your family about your choices. Ask those at home to help you decide if you are not sure. Your family will also have an idea of your progress based upon your homework and school reports. Often the advice that your family can provide is crucial at this time of your life.

There are some great resources available to families as they help their son/daughter make her subject choices.

Parentzone

<https://education.gov.scot/parentzone/learning-in-scotland/About%20the%203-18%20curriculum>

This website has been designed by Education Scotland to support parents and carers as they strive to understand the new curriculum and qualifications.

My World of Work

<http://www.myworldofwork.co.uk/subjectchoices>

My World of Work is a Skills Development Scotland service that provides a unique mix of resources, features and job information to help people discover more about themselves and the future world of work. You can also access My World of Work from Glow. There are already a number of MYWOW ambassadors in S3 who will be available to help you access the site during lunchtimes next week. We strongly encourage parents/carers to use this site with pupils.

National Parent Forum for Scotland

<https://www.npfs.org.uk/>

The National Parent Forum for Scotland website contains a series titled 'Nationals in a Nutshell'. The online guides can be used to find out more about National 4 and National 5 qualifications.

Your friends

Friends are important people in your lives, and you will often share similar interests. However, it is important to remember that your friends may have skills and talents that are different to yours. We always advise you to make choices that provide you with the opportunity to study subjects that you enjoy.

Sometimes this means that you will not choose to take the same subjects as your friends. Even if you pick the same subject as your friend, there is no guarantee that you would end up in the same class. Be careful that you do not pick a subject just because your friend has taken a subject. You could end up studying a course that does not make best use of your talents and skills.

Your teachers

All of your teachers are highly professional and strive to offer you a first-class education. Naturally, you may have teachers that you get on with very well or who bring subject content to life and inspire you. In a similar way to the influence of your friends, this is an important part of school life. However, you do not know if your teacher will be able to take your class in S4. The relationship that you have with your teacher is very important, but it should not be the only factor that you consider when taking a subject on.

Your future

Some pupils will have a clear idea about what they want to do when they leave school. Other pupils will not yet have thought about the future or have not decided on a pathway. If you have a clear idea about what you would like to do then talk to your Pastoral Care teacher or our Careers Adviser about what you need to take on in S4. If you are undecided, then don't worry. Think about your skills and talents and make choices that will bring out the best in you.

Will I definitely get to study my first-choice subjects?

We always aim to ensure that all pupils get to study their preferred subjects in S4. However, sometimes courses do not run because of low uptake or due to timetabling constraints. Generally, a course needs at least ten pupils to run. If a course is oversubscribed, we may also have to look at your intended career path before coming to a decision about whether or not we should allocate a space to you. If this were the case, we would work closely with you and your parents/carers to find a solution.

Progression to S5 and S6

Remember that the choices you make now will have an influence on what you can study in S5 and S6.

Consider the future

The progression pathways are shown below.

S4	S5	S6
National 3 	National 4 	National 5
National 4 	National 5 	Higher
National 5 	Higher 	Additional Highers or Advanced Higher

Sometimes pupils do not progress from one level to the next. This table is illustrative of the desired progression route for pupils. Each pupil is different and sometimes progression takes the form of adding supplementary qualifications at the same level of study but in a different subject area.

For subject or career specific pathways, please speak to our careers advisor, your pastoral care teacher or a member of the Senior Leadership team.

College Provision

Can I take college courses in S4?

Yes, for some pupils, college courses mixed with in school courses are the correct pathway in S4. For SCQF4 and SCQF5 courses, you would generally attend College on Tuesday and Thursday afternoons. You would then select four subjects to study in school rather than five (Maths and English are compulsory).

SCQF Level 4 Courses – Tuesday and Thursday afternoons			
Course	Prior Attainment	SCQF Level	Location
Steps to Work Award - Hair and Beauty	-	4	Kilmarnock
SfW Uniformed Services	-	4	Kilmarnock
NPA Professional Cookery	-	4	Kilmarnock
SfW Early Education & Childcare	-	4	Kilmarnock
NPA Software Development	-	4	Kilmarnock
SVQ Performing Engineering Operations	-	4	Kilmarnock
Skills for Work: Automotive Skills	-	4	Kilmarnock
SCQF Level 5 Courses – Tuesday and Thursday afternoons			
Course	Prior Attainment	SCQF Level	Location
Mental Health & Wellbeing Award	-	4/5	Kilmarnock
SfW Early Learning and Childcare	N5 English, or sitting N5 English in S4	5	Kilmarnock
NPA Sport and Fitness (Football)	Aptitude in playing football	5	Kilmarnock

Labour Market Intelligence and Regional Skills Assessments

Skills Development Scotland release data every year which identifies trends in the 'labour market'. This means that they look at employment opportunities in a geographical area and provide advice about where there may be opportunities for work.

This intelligence is a critical part of the decision-making process when you begin to think about your future. Take time to sit with your parents or carers to look at this information.

The graph shown below highlights the fact that in Ayrshire (between 2016 and 2027), the Scottish Government predict that employment opportunities will grow in sectors such as Administration, Construction, Professions (law, medicine, teaching, etc), Arts + Entertainment and Health and Social Work.

In Finance, wholesale trade, manufacturing and public administration/education administration, projections show a downturn.

SCQF Courses

In addition to traditional subjects, we are broadening our offer of SCQF courses at St. Joseph's Academy. SCQF courses often equate to National 4 or National 5 level qualifications. In S4, the following SCQF courses will be offered.

- Mental Health and Wellbeing
- NPA Computer Games Development
- Science in everyday life

You do not have to have studied the above courses in S3 to select them in S4.

Your choices

The rest of this booklet provides you with information on each subject on offer in S4. Please take time to read all pages carefully. Teachers have provided as much information as possible. Once you have read this booklet take some time to talk to your family.

Who will help me?

- Subject teachers will clarify the different learning pathways open to you in each department
- The PSE Programme will include a visit from the Careers Adviser, Kate Faulds who will talk to you about the planning for the future
- S3 My World of Work Ambassadors will be on hand to offer support next week
- Your Year Head or Pastoral Care teacher will carry out personalisation and choice interviews to talk to you about the decisions that you have made
- Finally, and most importantly, you will complete your options form in discussion with your parents or carers

This year we are starting this process during a period of building closure. The above is still true but will take place online or over the phone. The options form overleaf does not need to be submitted. An online form will go live a few days after this booklet and support videos.

S3 into S4 – Personalisation and Choice
Completed Online via Microsoft Forms

Pupil Name:

Career Aspiration:

All pupils will study:

Maths English Core PE/PSE Core RE

You should then **select five** subjects to study in S4. There are three conditions:

- You cannot select a subject that you did not study during S3 unless it is an NPA, College or SCQF course
- You cannot select three Science subjects (maximum of two from Biology, Chemistry, Health Sector and Physics)
- You cannot select both PE (Teams Sports) and PE (Aesthetics – Dance)

FIDELIS · JUSTUS · PRUDENS

Please **circle** the five subjects you wish to take next year.

History	PE (Team Sports)	Art and Design	Computing Science	Graphic Communication
Geography	Biology	French	College Course	Creative Industries
Modern Studies	Chemistry	Spanish	Practical Woodworking	Travel and Tourism
Music	Physics	Music Technology	Drama	Dance
Health Sector	People and Society	Practical Cookery	Business Management	Religious, Moral and Philosophical Studies
Mental Health and Wellbeing (SCQF)	NPA Computer Games Development		PE (Aesthetics - Dance)	Science in everyday life (SCQF)

If you wish to apply for a place on a College Course, please state the name of the course here:

National 5 Art and Design: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 Art and Design course for Session 2018/19.

National 5 Art and Design Course Information

National 5 art candidates attend classes four periods per week. Pupils study three units throughout the year:

- Expressive Folio drawing/painting
- Design Folio
- Critical studies

Pupils are assessed by three components:

- Expressive folio worth 100 marks externally assessed.
- Design folio worth 100 marks externally assessed
- Critical studies- 2 hour written examination worth 50 marks and externally assessed

The Art and Design SQA Exams will take place on: 28th May 2019

Assessment

Candidates will be assessed by teachers in a number of ways including:

- Timed past paper questions
- Knowledge Tests

Pupils will always have advanced knowledge of these. The timed essays and source questions in particular will determine a candidate's ability to cope with the demands of the final exam. Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug	<i>Critical studies starts. Design R&I</i>	Jan	<i>Prelim Expressive R&I</i>
Sep	<i>Design initial ideas</i>	Feb	<i>Expressive Dev</i>
Oct	<i>Design Dev</i>	Mar	<i>Expressive folio deadline</i>
Nov	<i>Design folio deadline</i>	Apr	<i>Exam Prep</i>
Dec	<i>Expressive folio R&I</i>	Key R&I	Research and investigation

Homework, Supported Study and Revision

All candidates studying National 5 Art and design will always have tasks they should be working on at home. The majority of homework will take the form of research and analysis of specific artists or designers work, preparing for timed past papers and knowledge tests. Ongoing practical coursework will also be expected. These will be issued by class teachers and details posted on Show My Homework. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of Homework which require a submission to teachers, pupils must carry out regular revision at home. The pace of the National 5 Art and design course leaves little time for consolidation in class therefore there is an expectation that every pupil is spending at least one hour per week revising or developing coursework. This could take many forms including:

Past papers, reading, questioning etc.

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

Any past paper questions/ essays/ example paragraphs completed at home may be submitted to class teachers for feedback/ marking.

The Assignment

National 5 Art and design pupils will -

In the *Expressive Activity* pupils develop their personal thoughts and ideas in visual form and experiment with media

In the *Design Activity* pupils will plan, research and develop creative design proposals. This will help to develop their creativity, problem-solving and critical thinking skills.

Candidates must produce critical research evidence on selected artists and designers part of the course. This research forms part of the required knowledge for the exam worth 60 marks. This will require a considerable amount of a candidate's own time in order to progress.

Useful Resources

- <http://www.sqa.org.uk/pastpapers/findpastpaper.htm> (all SQA Past Papers)
- @stjoacss (Art and Design Department Twitter)

Other out of school activities which will benefit Higher Art and Design students include:

- Watching films/ documentaries relating to the relevant artists and designers
- Making quality art and design work relating to coursework
- Visiting museums and galleries

National 4 Art & Design: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the National 4 Art & Design Course for Session 2018/19.

National 4 Art & Design Course Structure

National 4 Art & Design candidates attend classes four periods per week. There are 2 Mandatory Units – *Expressive Activity and Design Activity*.

In *Expressive Activity* pupils will develop their personal thoughts and ideas in visual form and experiment with media in either 2D or 3D.

In *Design Activity* pupils will plan, research and develop creative design proposals. This will help to develop their creativity, problem-solving and critical thinking skills.

At National 4 level there is an additional *Added Value Unit* in *Art and Design Practical Activity*.

Assessment

Assessment will be conducted by means of continuous assessment carried out throughout the year at specific times. National 4 work is not required to be sent to SQA for external formal assessment and is marked within the Art & Design Department by Art & Design staff.

The work is ungraded and is marked either pass or fail. If candidates have not completed their work to the required standard to merit a pass, they will be informed at a stage early enough to allow remediation. However, failure to remedy this by not completing the work to an acceptable standard and an adequate volume, will result in the candidate being re-levelled.

Key assessment dates and information are outlined below.

JUNE - END of NOVEMBER	
Design	CRITICAL
Product, Jewellery, Fashion, Graphics, Textiles	Each staff member will teach this element according to unit and personal preferences
• Research	
• 4 Developments based on research each with annotations & sketchmodels	
• Final Model	
• Evaluation	
Research & Initial Ideas 1st week September	
Development Deadline 2nd week October	
Final Piece/Design + Evaluation last week in November	
DECEMBER - END of MARCH	
Expressive	CRITICAL
Still Life/Portrait/Landscape	Each staff member will teach this element according to unit and personal preferences
• 3 Initial Resource Drawings	
• 3 - 4 Developments/Compositions with annotations	
• Final Expressive Piece	
• Evaluation	
Final sheet should also include information on 1 inspirational artist and examples of their work.	
3 Initial Drawings - 2nd week January (Xmas H/W)	
Developments/compositions - Feb half term	
Draw up final piece over Feb Hols	
FINAL DEADLINE + Evaluation - Last week March	

Art and Design Course Information

In the Senior Phase, at all levels, we continue to build on pupils' prior learning and experiences in Art and Design. Courses delivered enable pupils to communicate personal thoughts, feelings and ideas using art and design media, materials, techniques and/or technologies; to demonstrate knowledge, understanding and appreciation of art and design practice; to work imaginatively and develop individual creativity, problem-solving and critical thinking and reflective practice.

We continue to use the methodologies from the BGE but with more emphasis on pupil autonomy and independent learning. Homework continues to be an important part of courses, and pupils are expected to, on a regular basis, continue with practical coursework at home.

Homework, Supported Study and Revision

All candidates studying National will always have tasks they should be working on at home. The majority of homework will take the form of practical work in both areas of Expressive and Design. These will be issued by class teachers and details posted on Show My Homework. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of Homework which require a submission to teachers, pupils must carry out regular practical work at home. The pace of the National 4 Art & Design course leaves little time for consolidation in class therefore there is an expectation that every pupil is spending at least one hour per week on practical work. This could take many forms including:

- Developing design ideas and annotating work.
- Working on design solution/final model or individual parts to be constructed later.
- Working on initial expressive drawings according to the chosen theme.
- Developing expressive ideas and compositions along with annotations.
- Working on the final expressive piece with their chosen media/materials,

All practical work must be completed with an emphasis on **QUALITY**, and must also be completed within the specified time scale according to Departmental assessment deadlines.

Useful Resources

- <https://www.youtube.com> For various instructional videos on all things creative and art-based.
- <https://www.pinterest.co.uk/> Excellent resource for images and subjects of all sorts with valuable links to other invaluable resources.
- <https://www.sqa.org.uk/sqa/47385.html> Relevant National 4 Course materials can be found here.
- <http://www.design-training.com/graphic-design/art-and-design-resources-for-students-and-teachers.html>

Other out of school activities which will benefit Art students include:

- * Watching art & design related films and documentaries
- * Visiting galleries & exhibitions
- * Visiting local library for reading/research
- * Attending Art School open days & degree shows

National 5 Biology: Guide for Parents and Carers

November 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 Biology course for Session 2018/19.

National 5 Biology Course Information

National 5 Biology candidates attend classes 4 periods per week if in S4 and 6 periods a week if in S5/S6 Pupils study three units throughout the year:

- Cell Biology
- Multicellular Organisms
- Life on Earth

Pupils are assessed by two components:

- Exam Question Paper (100 marks / 2 hours 30 minutes)
- The Assignment— A report researched and written in class under exam conditions which is sent to SQA to be marked (20 marks / 1 hour 30 minutes)

The Biology SQA Exams will take place on:

Monday 30th April 2019

Assessment

Unit Assessments have been removed which means that candidates will be assessed by teachers in a number of ways including:

- Homework exam questions.
- Mid unit and end of unit assessment.

Pupils will always have advanced knowledge of these. The mid unit and end of unit tests will determine a candidate's ability to cope with the demands of the final exam. Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug	Unit 3 end of unit assessment	Jan	Prelim
Oct	Unit 1 mid unit assessment	Feb	Unit 2 Mid-unit assessment
Nov	Assignment Research and communication (up to 8 hours of class time)	Mar	Unit 2 end of unit assessment
Dec	Unit 1 end of unit assessment	Apr	Final exam

Homework, Supported Study and Revision

All candidates studying National 5 Biology will always have tasks they should be working on at home. The majority of homework will take the form of practicing past paper exam questions. These will be issued by class teachers and details posted on 'Show My Homework'. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department as part of the whole school program. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of homework which require a submission to teachers, pupils must carry out regular revision at home. There is an expectation that every pupil is spending at least one hour per week revising. This could take many forms including:

- Reading over class notes
 - Creating mind maps/ spider diagrams/ flash cards of classwork
 - Completing Past Papers at home
 - Working with a peer to create questions & answers on a key topic
 - Using the resources on SCHOLAR/QUIZZ/QUIZLET and CRAM to practice key ideas.
- Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out.** This could impact on the effectiveness of revision activities.

Any past paper questions/ essays/ example paragraphs completed at home may be submitted to class teachers for feedback/ marking.

The Assignment

All National 5 Biology pupils will complete an assignment report which contributes 20% of their final grade. The assignment assesses the application of skills of scientific inquiry and related biology knowledge and understanding. It allows assessment of skills that cannot be assessed by a question paper; for example, handling and processing data gathered through experimental work and research skills. The assignment has two stages:

- The research stage must involve experimental work which allows measurements to be made. Candidates must also gather data/information from the internet, books or journals. The research stage will be conducted in lessons with support from the class teachers, it is vital pupils utilise this support effectively.
- The report stage is conducted under exam conditions and pupils will have a maximum of 1hr and 30 minutes to complete their report.

National 5 Business Management: Guide for Parents and Carers

January 2020

This information sheet is to assist parents & carers in supporting young people with the National 5 Business Management course.

N5 Business Management Course Information

National 5 Business Management candidates will attend classes 4 periods per week.

Pupils study 3 units:

- Understanding Business
- Management of Marketing and Operations
- Management of People and Finance

Monitoring Progress

Unit Assessments have been removed which means that candidates will be assessed by the teacher in a number of ways including:

- Knowledge Tests
- Homework Tasks
- Case Studies

Pupils will always have advanced knowledge of these.

Specific pupil assessment dates will be given by class teachers but they should roughly follow the schedule below:

Aug		Jan	Prelim
Sep	Understanding Business	Feb	
Oct		Mar	Managing People & Finance
Nov	Marketing & Operations	Apr	
Dec			

Course Structure

The following topic areas will be covered throughout the year:

- Understanding Business - the role of different types of business organisations in society, internal and external business environments and the role of stakeholders.
- Marketing - processes to maintain competitiveness, communicate effectively with consumers and maximise customer satisfaction.
- Operations - procedures used to maintain quality through the effective management of suppliers and inventory, and methods of production.
- People - concepts and processes relating to human resource management, and how employees contribute to the success of organisations.
- Finance - preparing and interpreting information to solve financial problems facing business organisations.

Homework may take the form of:

- Completing teacher-set homework tasks.
- Self-directed study of course notes.

Course Assessment

The course assessment for National 5 Business Management consists of 2 parts:

- 1) Assignment is worth 30 marks of the course assessment
- 2) Question Paper is worth 90 marks of the course assessment

Assignment

The assignment requires pupils to prepare a short report on a specific area (eg technology, finance, quality, recruitment) of a business they have chosen. Pupils have to show that they can plan, research and make decisions when undertaking the assignment, and use different sources of information.

Question Paper

This is an end-of-course exam. The exam is set and marked by the SQA. It is a closed-book exam and pupils will not know in advance which topics will be assessed. The exam will last 2 hours.

Out of school activities which benefit N5 Business Management include:

- Using Bitesize
- Watching business-related TV programmes

National 5 Chemistry: Guide for Parents and Carers

November 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 Chemistry course for Session 2018/19.

National 5 Chemistry Course Information

National 5 Chemistry candidates attend classes 4 periods per week if in S4 and 6 periods a week if in S5/S6 Pupils study three units throughout the year:

- Chemical changes and structure
- Natures chemistry
- Chemistry in society

Pupils are assessed by two components:

- Exam Question Paper (100 marks / 2 hours 30 minutes)
- The Assignment— A report researched and written in class under exam conditions which is sent to SQA to be marked (20 marks / 1 hour 30 minutes)

The Chemistry SQA Exams will take place on:

Monday 10th May 2019

Assessment

Unit Assessments have been removed which means that candidates will be assessed by teachers in a number of ways including:

- Homework exam questions.
- End of unit assessments

Pupils will always have advanced knowledge of these. The end of unit tests will determine a candidate's ability to cope with the demands of the final exam. Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Oct	Mid course assessment	Jan	Prelim
Dec	End of unit assessment	Mar	Unit 3 assessment
Jan	Assignment <i>Research and communication (up to 8 hours of class time)</i>	May	Final exam

Homework, Supported Study and Revision

All candidates studying National 5 Chemistry will always have tasks they should be working on at home. The majority of homework will take the form of practicing past paper exam questions. These will be issued by class teachers and details posted on 'Show My Homework'. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department as part of the whole school program. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of homework which require a submission to teachers, pupils must carry out regular revision at home. There is an expectation that every pupil is spending at least one hour per week revising. This could take many forms including:

- Reading over class notes
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Completing Past Papers at home
- Working with a peer to create questions & answers on a key topic

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities. Any past paper questions/ essays/ example paragraphs completed at home may be submitted to class teachers for feedback/ marking.

The Assignment

All National 5 Chemistry pupils will complete an assignment report which contributes 20% of their final grade. The assignment assesses the application of skills of scientific inquiry and related chemistry knowledge and understanding. It allows assessment of skills that cannot be assessed by a question paper; for example, handling and processing data gathered through experimental work and research skills.

The assignment has two stages:

- The research stage must involve experimental work which allows measurements to be made. Candidates must also gather data/information from the internet, books or journals. The research stage will be conducted in lessons with support from the class teachers, it is vital pupils utilise this support effectively.
- The report stage is conducted under exam conditions and pupils will have a maximum of 1hr and 30 minutes to complete their report.

NPA Computer Games Development (SCQF Level 4 & 5): Guide for Parents and Carers

January 2021

This information sheet is to assist parents & carers in supporting young people with the Computer Games Development course for Session 2021/22.

Computer Games Development Course Information

Computer Games Development candidates attend classes 4 periods per week.

Pupils will study 3 main units throughout the year.

Computer Games: Design

Computer Games: Media Assets

Computer Games: Development

Assessment

Candidates are initially taught and assessed on the relevant theory required to complete the course. The majority of course assessment comes in the form of a project which encapsulates the three aforementioned units. Candidates will create a Computer Game with their own media assets and with a reasonable degree of complexity. The creation of this game is documented and various additional content such as marketing materials are produced.

3 x Multiple Choice Tests for each unit. (Pass/Fail)

Game Development Project (Pass/Fail)

All content is internally assessed by the class teacher, and quality assured.

Aug	Course Introduction	Jan	Game Development
Sep	CGD: Design Theory CGD: Media Assets Theory	Feb	Game Development
Oct	CGD: Development Practice	Mar	Game Development
Nov	Project Planning & Media Creation	Apr	Final Game Submission and Evaluation
Dec	Media Creation & Development Practice		

Course Overview

Computer Games: Design

Candidates will explore the process of planning the development of a video game. In this stage candidates conduct research on different types of video games, create a design proposal for the game they want to make, and finally create a design document detailing the game they are making.

Computer Games: Media Assets

Candidates will research the process of creating and implementing media assets for a game. These assets will include sprites, backgrounds, audio, and other suitable files. Candidates will then produce their own media assets for the game they are making.

Computer Games: Development

Candidates will develop their game. This involves following their design document and using the media assets they have created. When the game is complete, candidates will test it and write an evaluation of their final product.

The Project:

The purpose of the project and overall NPA is to allow candidates to experience the game development process in full. This also gives candidates a taste of the individual job roles within Computer Game Development (Game Designer, Game Programmer, Game Tester, Game Artist, etc).

The project assesses candidates in each different unit area, and looks for them to display a robust understanding of the requirements within each area.

Level of complexity, self-guided approaches, and literacy are the main distinctions between SCQF Level 4 and 5. Candidates at both levels complete the same project, but a level 5 project is expected to be more complex and autonomously developed than a level 4.

Information for Candidates:

The Computer Game Development NPA is very interesting and engaging, but also requires a lot of work! You will need to develop your skills in researching, media creation, programming, and documenting in order to meet the requirements!

The course is best suited for those with an interest in Computing Science, especially candidates taking (or who have taken) National 4/5/Higher Computing Science. At SCQF Level 4 and 5 this is **not a requirement**, but is worth considering.

Course Requirements:

At present, all required Software is supplied using the St Joseph's Academy ICT suite. In order to best participate in the course, the following requirements should be considered:

Candidates should have an external storage device (USB Stick or External Hard Drive) with at least 4GB available.

Candidates should have some familiarity with video games, and the current hardware they run on.

Candidates should have an interest in video games, and the process of developing them!

National 5 Computing Science: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 Computing Science course for Session 2018/19.

N5 Computing Science

National 5 Computing Science candidates attend classes four periods per week. Pupils study four main units throughout the year:

- Software Design and Development
- Computer Systems
- Database Design and Development
- Web Design and Development

Pupils are assessed by two components:

- Practical Assignment (60 marks)
- Question paper (110 marks)

Both the assignment and the question paper will be set and externally marked by the SQA.

The N5 Computing Science SQA Exam will take place on:

Wednesday 22nd May 2019 at 09:00

Assessment

Unit Assessments are no longer included within the course which means that candidates will be assessed by teachers in a number of ways including:

- Knowledge Tests
- Homework Tasks
- Practical Tasks

Pupils will always have advanced knowledge of these. The knowledge tests and practical skills in particular will determine a candidate's ability to cope with the demands of the final exam and assignment.

Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug		Jan	<i>Prelim</i>
Sep	<i>Systems</i>	Feb	<i>Assignment</i>
Oct		Mar	
Nov	<i>Software Development</i>	Apr	
Dec	<i>Database and Website Development</i>		

Homework, Supported Study and Revision

Pupils will be set homework by their class teacher to complete or revise the different topics within the course and to prepare them for the assignment and exam at the end of the year. These tasks will cover the following topic areas:

- Computer Architecture
- Security Methods
- Writing and Explaining Programs
- Testing and Evaluation Methods
- The Software Development Process
- Legal Implications
- Website Creation
- Entity Relationship Diagrams
- Searching and Sorting Information

Pupils should be doing regular homework or home study every week, which will include the following:

- Undertaking teacher-set homework tasks.
- Self-directed study of course notes.

Supported Study is offered by the department as part of the whole school program. Details of Supported Study sessions will be issued to parents by the school.

The Assignment

The purpose of the assignment is to assess practical application of knowledge and skills from across the Course to develop a solution to an appropriately challenging computing science problem. It will assess learners' skills in analysing a problem, designing, implementing and testing a solution to the problem, and reporting on that solution.

The assignment will have 50 marks out of a total of 160 marks. This is 31% of the overall marks for the Course assessment. Marks are distributed across three distinct tasks as follows:

- Software Design and Development (25 marks)
- Database Design and Development (10 - 15 marks)
- Web Design and Development (10 - 15 marks)

Marks are distributed across the five skills covered by the assignment as follows:

- Analysis (5 marks)
- Design (5 marks)
- Implementation (30 marks)
- Testing (5 marks)
- Evaluation (5 marks)

Pupils will be working on this from January 2019.

Useful Resources

Learners can use the available course note textbooks in the department before school, break and lunchtime. Additional resources can be found below:

- BBC Bitesize
- National5computing.co.uk
- w3schools.com
- Class Resources (on *Show my Homework*)

Other out of school activities which will benefit N5 Computing Science include:

- Watching programs such as...

National 5 Creative Industries: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 Personal Development in the Creative Industries course for Session 2018/19.

National 5 Creative Industries Course Information

Personal Development within the creative industries is an introductory qualification which develops the knowledge and skill required for employment or further study in the creative industries. Throughout the course pupils will gain an awareness of the opportunities and jobs in the different creative sectors.

The course is split into 4 different units—

- Self awareness
- Self in work
- Self in Community
- Practical Abilities

Assessment

Candidates will be assessed by teachers in a number of ways including:

- On going assessment
- Pupil/Teacher review

Pupils will always have advanced knowledge of these. Pupils will fill in individual logs which will be reviewed by the class teacher. Students will be assessed on skill level and work ethic. Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug	<i>Self Awareness unit starts</i>	Jan	<i>Practical Unit starts—ongoing assessment</i>
Sep	<i>Self Awareness Teacher Log book review</i>	Feb	<i>Self in community Unit starts</i>
Oct	<i>Self in Work unit starts</i>	Mar	<i>Log book review/ Teacher/ pupil re-view</i>
Nov	<i>Self in work Teacher log book re-</i>	Apr	
Dec			

Homework, Supported Study and Revision

All candidates studying National 5 Creative Industries will often have research tasks they should be working on at home. The majority of homework will take the form of research and analysis of specific jobs within the creative industries. Ongoing practical coursework will also be expected. These will be issued by class teachers and details posted on Show My Homework. It is very important that all deadlines issued by class teachers are adhered to.

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

The Unit Outline

• The course is split into 4 Units. Students can work to achieve a single unit or all units for the full National 5 course Award

• All units will run simultaneously so that students experience a good mix of practical and theory work.

• Students will work through a series of projects and outcomes that will enable them to evaluate and develop their own personal and technical skills for the world of work within the Creative Industries.

• At the beginning of the course students will be introduced to their Project Aim for the Year. They will work on this through a mix of collaborate and independent learning depending on the area of the Creative Industries that they have chosen to study.

• Each year pupils will be given a 'theme' that the work must be based around allowing the pupils to really push their creative thinking.

• Throughout the course, students will research what areas of the Creative Industries would be required in order to achieve their project aim.

• Pupils must identify an area that interests them, research that field and then apply it to the Project.

• Each student will be responsible for their own field and what would be required in order to achieve the Project Aim. This will enable students to experience a true sense of working within the Creative Industries as well as relying on a team of individuals from different specialisms.

Other out of school activities which will benefit Creative Industries students include:

- Watching films/ documentaries relating to the relevant artists and designers
- Making quality art and design work relating to coursework
- Visiting museums and galleries

National 5 Drama: Guide for Parents and Carers

January 2021

This information sheet is to assist parents & carers in supporting young people with the National 5 Drama course for Session 2021/22.

National 5 Drama Course Structure

National 5 Drama candidates attend classes four periods per week. Pupils study three units throughout the year:

- DRAMA SKILLS
- DRAMA: PRODUCTION SKILLS
- PERFORMANCE (Acting or production role)

Pupils are assessed by two components:

- Question paper worth 60 marks and 40% of the overall award. The paper is in two parts: Evaluation (20 marks) and response to a stimulus (40 marks). The paper lasts 1 hour and 30 minutes and is externally assessed.
- The performance is worth 60 marks (60% of overall mark).

Assessment

The National 5 Drama course is externally assessed through a question paper and a performance.

The purpose of the question paper is to assess application of knowledge and skills from across the course. It allows candidates to demonstrate their ability to interpret questions and respond in an informed way.

The question paper is in two parts:

EVALUATION—involves answering questions to evaluate a candidate's contribution to a production they have been part of.

RESPONSE TO STIMULUS—involve candidates creating ideas from a dramatic performance inspired by one of the given stimuli. There is a choice of stimuli which could include a photograph, phrase, newspaper headline, an object or extract of text.

PERFORMANCE—Pupils will be assessed on the preparation and performance of an extract of text for an audience. Pupils can choose and acting or production role.

Candidates will be assessed internally by teachers in a number of ways throughout they year including:

- Timed past paper questions
- Knowledge Tests
- Practical performance tasks

Pupils will always have advanced knowledge of these. The timed questions in particular will determine a candidate's ability to cope with the demands of the final exam.

Drama Course Information

This purpose of the National 5 Drama course is to enable candidates to develop and use a range of drama skills and production skills. Candidates develop practical skills in creating and presenting drama and knowledge and understanding of cultural and social influences on drama. They analyse and evaluate how the use of self-expression, language and movement can develop their ideas for drama. They also develop critical-thinking skills as they investigate, develop and apply a range of drama skills and production skills.

DRAMA SKILLS: Candidates will work with others to respond to a stimuli—including text- to generate ideas for drama and devise performances. Candidates will experiment with drama skills to: communicate ideas to an audience, use a range of characterisation and acting techniques, explore form, genre, structure and style and gain experience of evaluating their own work and that of others.

DRAMA PRODUCTION SKILLS: Candidates will have the opportunity to learn about a variety of production roles and how they contribute to a performance. They will be required to work with others to generate ideas for a production concept and to analyse and apply a range of production skills. These could include lighting, costume, sounds, props, set and design and make-up.

The learning experiences in the course are flexible and adaptable, with opportunities for personalisation and choice. This makes the qualification highly accessible as it can be contextualised to suit a diverse range of candidates' needs and aspirations

Homework, supported study and Revision

All candidates studying National 5 Drama will always have tasks they should be working on at home. The majority of homework will take the form of research, character development, analysing performances and theatre, line learning, preparing for timed past papers and knowledge tests. Ongoing practical coursework will also be expected. These will be issued by class teachers and details posted on Show My Homework/ TEAMS. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as specific tasks, candidates will be expected to engage with ongoing revision ensuring they learn and understand terminology required for use in exams. Candidates will be encouraged to make use of revision materials available with TEAMS, pass papers and BBC bitesize to ensure they fully understand and can use terms effectively.

Useful Resources

- <http://www.sqa.org.uk/pastpapers/findpastpaper.htm> (all SQA Past Papers)
- <https://www.bbc.co.uk/bitesize/subjects/zrs3kqt>

Other out of school activities which will benefit National 5 Drama students include:

- Watching films/ documentaries relating to specific texts and plays
- Theatre trips to view and evaluate professional performances
- Showcase of performances in school

National 5 English: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 English course for Session 2018/19.

N5 English Course Information

N5 English candidates attend classes four periods per week if in S4, and 6 periods a week if in S5/6. Pupils study and develop skills in:

- Reading for Understanding, Analysis and Evaluation (RUAE)
- Critical Reading of Literature from at least two different genres
- Writing a portfolio
- Listening and talking

Pupils are assessed by three components:

- Question Paper 1—an RUAE paper where pupils read one passage and answer 30 marks worth of questions (1h)
- Question Paper 2—a Critical Reading paper that entails writing a critical essay and analysing a set text equating to 40 marks (1h 30mins)
- The Portfolio—two pieces of writing are completed and submitted to the SQA, totaling 30marks.

The English SQA Exams will take place on:

Thursday 9th May 2019 at 9am

Assessment

One internal Unit Assessment within N5 English is the Spoken Language Unit which is assessed through solo talk or group discussion where a pupil will also need to answer questions.

Other assessments throughout the year will take the form of:

- Timed essays
- Timed textual analysis
- Timed RUAE papers
- Assessment of memory work
- Homework

Pupils will always have advance notice of these. Each assessment is used to ensure pupils are revising and are fully prepared for the demands of the final exam. The skills a pupil develops will be built on before the pressures of time are added.

Homework, Supported Study and Revision

All candidates studying N5 English will always have tasks they should be working on at home. The majority of homework will take the form of revising key quotations or preparing for timed essays. Pupils will also practice their RUAE skills through homework exercises and be instructed to work on their folios. These exercises will be issued by class teachers and details posted on Show My Homework. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study may be offered by individual class teachers. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study/drop-in sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of Homework which require a submission to teachers, pupils must carry out regular revision at home. The pace of the N5 English course leaves little time for consolidation in class, therefore there is an expectation that every pupil is spending at least one hour per week revising. This could take many forms including:

- Reading over class notes
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Completing Past Papers
- Working with a peer to create questions & answers on a key piece of literature

It is important that pupils learn quickly which study method works best for them. This can only be achieved through trying out different methods, such as the ones stated above, until a pupil finds something that enables them to study effectively.

Any past paper questions/ essays/ example paragraphs completed at home may be submitted to class teachers for feedback/ marking.

The Portfolio

All N5 English candidates must produce two pieces of writing no more than 1000 words each. One should be broadly creative; the other persuasive/discursive. The Folio is worth 30 marks and must be produced with some supervision and control by class teachers who will have a supporting role. The candidate should therefore take initiative in planning, management and completion of the task.

This will require a considerable amount of a candidate's own time in order to:

- Carry out required reading/ research once a suitable topic has been chosen
- Plan and write the essay
- Create a bibliography

Pupils will be working on this from June 2018.

Useful Resources

- <https://www.bbc.com/bitesize/subjects/zqxhfg8>
- <https://www.sqa.org.uk/sqa/47904.html>
- Dictionary apps such as Merriam-Webster
- @Stjoacadeng (English Department Twitter)

Progression Routes

- RUAE is the most challenging element of the National 5 course. In order for pupils to prepare themselves for the sophisticated language encountered in the RUAE exam they must be reading non-fiction articles from top quality newspapers. Pupils can access these online and download apps such as BBC News for free.

National 5 Geography: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the Nationals Geography course for Session 2018/19.

Nationals Geography Course Information

National Geography candidates attend classes for four periods per week (or six in S5/6).

Pupils study three units throughout the year:

- Physical Environments
- Human Environments
- Global Issues

National 5 pupils are assessed by two components:

- An exam paper worth 80 marks (2 hrs 20 mins)
- An assignment worth 20 marks (1 hr)

The Geography SQA Exams will take place on:

Tuesday 28th May 2019

National 4 pupils do not sit an external exam. Instead they will sit a unit assessment for each of the three units studied, and also complete a research project.

Monitoring progress

For N5 pupils, Unit Assessments have been removed which means that candidates' progress will be assessed in a number of ways including:

- Prelim exam
- Class tests
- Knowledge tests
- Homework questions

The exam questions in particular will determine a candidate's ability to cope with the demands of the final exam.

Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug	Weather	Jan	Prelim
Sep	Urban	Feb	Assignment
Oct	Glaciation	Mar	Health and Coasts
Nov	Climate Change	Apr	Rural Exam prep
Dec	Population		

Homework, Supported Study and Revision

All candidates studying National Geography will have tasks they should be working on at home. The majority of homework will take the form of completing example exam questions. These will be issued by class teachers and details posted on Show My Homework. It is very important that pupils adhere to all deadlines set by class teachers.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents by the school. In addition to this, Mrs Fulton offers further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with Mrs Fulton.

As well as set pieces of homework which require a submission to teachers, pupils must carry out regular revision at home. The pace of the Nationals Geography course requires pupils to engage in consolidation work at home therefore there is an expectation that every pupil is spending at least one hour per week revising (and more as exams approach). This could take many forms including:

- Reading over class notes/ materials from Blogs
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Completing Past Papers
- Working with a peer to create questions & answers on a key topic

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

Any past paper questions completed at home may be submitted to class teachers for feedback and marking.

The Assignment

All National 5 Geography candidates must produce a report on a topic of their choice. This is worth 20 marks and must be produced with minimal support from class teachers.

This will require a considerable amount of a candidate's own time in order to:

- Carry out required reading/ research and identify a suitable topic
- Identify suitable methods of gathering data (carry out field work)
- Produce 2, A4 sides of processed information using the data gathered
- Write-up and learn a discussion of findings with conclusions

Pupils will be working on this from November 2018. The final assignment will be written up under exam conditions and pupils have one hour to do this.

Useful Resources

- <https://blogs.glowscotland.org.uk/ea/sjan5geography/>
- <http://www.sqa.org.uk/pastpapers/findpastpaper.htm> (all SQA Past Papers)
- <https://www.bbc.com/bitesize/subjects/znbw2hv> (BBC Bitesize N5 Geography—Revision)

@stjoacss (Social Subjects Department Twitter)

Other out of school activities which will benefit National Geography pupils include:

- * Watching geographical films/ documentaries
- * Reading
- * Visiting local library for reading/ research
- * Watching news/ reading newspapers

National 5 Graphic Communication: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 Graphic Communication course for Session 2018/19.

N5 Graphic Communication Course Information

National 5 Graphic Communication candidates attend classes four periods per week. Pupils study two main units throughout the year:

- 2D Graphics
- 3D Graphics

Pupils are assessed by two components:

- Assignment (40 marks)
- Question paper (80 marks)

Both the assignment and the question paper will be set and externally marked by the SQA.

The Graphic Communication SQA Exam will take place on:

Tuesday 21st May 2019 at 13:00

Assessment

Unit Assessments have been removed which means that candidates will be assessed by teachers in a number of ways including:

- Knowledge Tests
- Homework Tasks
- Portfolio of 2D and 3D Graphics

Pupils will always have advanced knowledge of these. The knowledge tests and their portfolio in particular will determine a candidate's ability to cope with the demands of the final exam.

Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug	<i>Lamp Shade</i>	Jan	<i>Prelim</i>
Sep	<i>Led Keyring</i>	Feb	<i>Assignment</i>
Oct	<i>Sporting Life</i>	Mar	
Nov	<i>Candle Diffuser</i>	Apr	
Dec	<i>Point of Sales</i>		

Homework, Supported Study and Revision

Pupils will be set homework by their class teacher to complete or revise the different topics within the course and to prepare them for the assignment and exam at the end of the year. These tasks will cover the following topic areas:

- Preliminary Drawings, Production Drawings & Promotional Graphics
- Manual Drawing - Rendering, shading use a range of graphics media
- CAD - Creating and variety of drawings
- International Drawing Standard
- Orthographic Drawing .
- Architectural Drawing -.
- CAG - using software programs that would show shading, shadow, reflection, tone, texture and display technique.
- DTP - Creating leaflets, flyers, posters, product advertisements using computer techniques.
- Use of appropriate software

Pupils should be doing regular homework or home study every week, which will include the following:

- Completing outstanding folio work.
- Undertaking teacher-set homework tasks.
- Self-directed study of course notes.

Supported Study is offered by the department as part of the whole school program. Details of Supported Study sessions will be issued to parents by the school.

The Assignment

The assignment assesses the ability to apply graphic communication skills and knowledge developed and acquired during the course in the context of defined tasks, which require candidates to respond to a problem or situation.

It is completed in class over 8 working hours. It is completed individually as a closed booked assignment, without the use of the internet or other learning materials to support. Classes will be scheduled as normal but the assignment will be completed in one block with no interruptions for class teaching in between, until 8 working hours have passed in class.

It has three areas covering preliminary, production and promotional graphics. These may, or may not, be thematically related and include various tasks that candidates complete.

Marks are awarded as follows to a total of 40 Marks:

Area	Range of Mark
Preliminary Graphics	10-20
Production Graphics	10-20
Promotional Graphics	10-20

Pupils will be working on this from January 2019.

Useful Resources

Learners can use the available course note textbooks in the department before school, break and lunchtime. Additional resources can be found below:

- Technologystudent.com
- BBC Bitesize
- Graphic Communication Course notes (on *Show my Homework*)
- Graphic Communication Topic Checklist (on *Show my Homework*)

Other out of school activities which will benefit N5 Graphic Communication include:

- Practicing sketching and rendering skill
- Watching programs such as Grand Designs to see how Graphic Communication is used context

Skills for work: Health Sector. A Guide for Parents and Carers

January 2020

This information sheet is to assist parents & carers in supporting young people with the Health Sector course for the session 2020/2021

FIDELIS - JUSTUS - PRUDENS

Health Sector Course Information

The Health Sector course covers five units which are taught over 2 years. By the end of S3, pupils should already have completed units in "Health Sector: An introduction" and "Health Sector: Roles and Responsibilities". In S4, pupils will complete the remaining 3 units over 2 periods per week. A summary of what is learnt in each unit is detailed below:

Health Awareness

You will be given the opportunity to work as members of a team to produce health promotion advice. You will learn about the main body systems to inform the production of health promotion advice. Effective team-working is an essential element of working in the health sector. You will investigate a multidisciplinary team and explore the benefits of a multidisciplinary approach to users of the health sector.

Working safely

You will assess risks in relation to infection and participate in practical activities to demonstrate infection control measures.

Life sciences industry

You will learn how to participate in a practical activity to take a physiological measurement. You will be introduced to the range of product types made by the life sciences industry and will participate in a practical activity to demonstrate the use of a biomedical device, e.g. assessing temperature, pulse and blood pressure.

The course also aims to develop employability skills needed for success in the workplace through a variety of practical experiences in the health sector.

Successful learners may progress to:

- SVQs in Health and Social Care
- National Courses or Units
- Further/higher education
- vocational training
- employment

Assessment

There is no external assessment but pupils will have to complete a range of assessments in each unit to complete the course. These assessments will take the form of:

- learner portfolio of work
- observation of practical activities
- group or individual presentation
- peer review
- research activities
- case study
- health sector scenarios
- poster or other display approaches
- written or verbal communication with teachers and role play.

Nationals History: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the Nationals History course for Session 2018/19.

Nationals History Course Information

Nationals History candidates attend classes for four periods per week. Pupils study three units throughout the year:

- Hitler and Nazi Germany 1918-1939
- Era of the Great War 1900-1928
- Atlantic Slave Trade 1770-1807

National 5 pupils are assessed by two components:

- An exam paper worth 80 marks (2 hrs 20 mins)
- An assignment worth 20 marks (1 hr)

The History SQA Exams will take place on:

Monday 13th May 2019

National 4 pupils do not sit an external exam. Instead they will sit a unit assessment for each of the three units studied, and also complete a research project.

Monitoring progress

For N5 pupils, unit Assessments have been removed which means that candidates' progress will be assessed in a number of ways including:

- Prelim exam
- Class tests
- Knowledge tests
- Homework questions

The exam questions in particular will determine a candidate's ability to cope with the demands of the final exam.

Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug	Exam question work	Jan	Prelim
Sep	Exam question work	Feb	Assignment
Oct	Nazis test	Mar	Slave trade test
Nov	Exam question work	Apr	Exam question work
Dec	Great War test		

Homework, Supported Study and Revision

All candidates studying Nationals History will have tasks they should be working on at home. The majority of homework will take the form of completing example exam questions. These will be issued by class teachers and details posted on Show My Homework. It is very important that pupils adhere to all deadlines set by class teachers.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at other times. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of homework which require a submission to teachers, pupils must carry out regular revision at home. The pace of the Nationals History course requires pupils to engage in consolidation work at home therefore there is an expectation that every pupil is spending at least one hour per week revising (and more as exams approach). This could take many forms including:

- Reading over class notes/ materials from Blogs
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Completing Past Papers
- Working with a peer to create questions & answers on a key topic

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

Any past paper questions completed at home may be submitted to class teachers for feedback and marking.

The Assignment

All National 5 History candidates must produce an extended essay on a topic of their choice. This is worth 20 marks and must be produced with minimal support from class teachers.

This will require a considerable amount of a candidate's own time in order to:

- Carry out required reading/ research and identify suitable historical sources
- Plan the essay (including creating a 200 word resource sheet)
- Learn and practice the essay

Pupils will be working on this from January 2019. The final assignment will be written up under exam conditions and pupils have one hour to do this.

Other out of school activities which will benefit Nationals History pupils include:

- * Watching history films/ documentaries
- * Reading
- * Visiting local library for reading/ research
- * Watching news/ reading newspapers

N5 Mathematics: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the N5 Maths course for Session 2018/19.

N5 Maths Course Information

N5 Maths candidates attend classes 4 (S4) and 6 (S5/6) periods per week. Pupils study three units throughout the year:

- Expressions and Formulae
- Relationships
- Applications

Pupils are assessed by two components:

- Question Paper 1– 50 marks. 1 hour 15 mins
- Question Paper 2– 60 marks. 1 hour 50 mins

The N5 Maths SQA Exams will take place on:

Friday 3rd May 2019 at 9am

Prelim 1 in December

Prelim 2 in April

Assessment

Candidates will be assessed by teachers in a number of ways including:

- Unit assessments
- Prelim exams
- Formal homework
- End of topic tests

Pupils will always have advanced knowledge of these. Prelims in particular will determine a candidate's ability to cope with the demands of the final exam. Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug		Jan	Unit 3 (S4) Unit (S5/6)
Sep	Unit 2 (S4)	Feb	
Oct		Mar	Unit 3 (S5/6)
Nov	Unit 1 (S5/6)	Apr	Prelim 2
Dec	Prelim 1	Key	Final Exam

Homework, Supported Study and Revision

All candidates studying N5 Maths will always have tasks they should be working on at home. The majority of homework will take the form of finishing classwork exercises and formal homework. These will be issued by class teachers and details posted on Show My Homework. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department most nights during the week. Pupils who regularly attend supported study generally perform better in the final SQA examinations. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set formal Homework which require a submission to teachers, pupils must carry out regular revision at home. The pace of the N5 Math course leaves little time for consolidation in class therefore there is an expectation that every pupil is spending at least one hour per week revising. This could take many forms including:

- Reading over class notes and practicing questions.
- Revisiting formal homework exercises and doing corrections.
- Completing Past Papers at home

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

Any past paper questions completed at home may be submitted to class teachers for feedback/ marking.

Best Advice: Take advantage of after school support and attempt as many past papers as you can.

Mental Health & Wellbeing Award SCQF Levels 4 +5

This information sheet is to assist parents & carers in supporting young people with the Mental Health & Wellbeing course at SCQF Levels 4 and 5.

FIDELIS · JUSTUS · PRUDENS

Course Information

This course was piloted at St Joseph's in session 2020-21 by the English Department as an alternative pathway for individuals with an interest in mental health and wellbeing. The Award was devised by the SQA to support the Scottish Government's Mental Health Strategy 2017-2027. The MHWB Award aims to:

- Reduce stigma surrounding mental health.
- Arm young people with healthy coping strategies.
- Promote knowledge of the impact of mental health on behaviour.
- Dispel myths surrounding mental health.
- Promote understanding of positive and negative impacts on mental health.
- Help individuals to make the right choices.
- Promote understanding of the potential uses and impact of social media and the internet.
- Create resilience.

Candidates will complete three mandatory units:

- Understanding Mental Health Issues
- Influences on Mental Health and Wellbeing
- Coping Strategies and Building Resilience.

Assessment

Pupils will need to pass eight outcomes in total in order to achieve the overall Course Award at Levels 4 and 5.

There is no exam-style assessment for this qualification, and all outcomes completed are open-book.

Assessment evidence for each outcome can be generated in a variety of ways:

- written (presentations/ reports/diagrams/leaflets)
- Oral (presentations/ discussions)
- E-assessment

Useful Links / Resources

https://www.sqa.org.uk/sqa/files_ccc/n4n5-coping-strategies-mental-health-wellbeing.pdf

Homework and Revision

While there is no exam for this award, it will be crucial for candidates to consolidate their knowledge of the course on a regular basis.

As well as this, candidates may be required to complete project based research or extended pieces of work, such as presentations or reports, at home.

There will no formal Supported Study provided for this course; however, candidates are encouraged to attend class at lunch times or after school to complete any missed work or for revision purposes.

Progression Routes

The award in Mental Health and Wellbeing may help learners to progress towards employment, training or other qualifications within the area of Health and Social Care.

National 5 Modern Languages - French and Spanish

January 2019

This information sheet is to assist parents & carers in supporting young people with the National 5 Languages courses for Session 2018/19.

N5 Modern Languages Course Information

National 5 candidates attend classes four periods per week. Pupils study two units throughout the year which cover the four contexts of Society, Employability, Learning and Culture.

- Understanding Language—Reading and Listening
- Using Language—Talking and Writing

Pupils are assessed by four components:

- 1) Question Paper 1—Reading and Writing(1h 30 mins). 50 marks
- 2) Question Paper 2—Listening 20 marks
- 3) The Assignment—a 20 mark essay pupils write in class under exam conditions which is sent to SQA to be marked.
- 4) Talking exam—30 marks

The French SQA Exams will take place on Tuesday 14th May 2019

The Spanish N5 is on Tuesday 7th May.

Tuesday 14th May 2019 at 9am

Assessment

Unit Assessments have been removed which means that candidates will be assessed by teachers in a number of ways including:

- ◆ Listening and Reading Assessments
- ◆ Talking and Writing practice
- ◆ Writing under exam conditions
- ◆ Grammar and vocabulary tests

Pupils will always have advanced knowledge of these. Pupils are expected to spend considerable time at home on memorizing grammar rules and key vocabulary for each topic. Formal assessments will take place roughly at the following times in the school year:

Oct	<i>Spanish Reading and Listening</i>
Nov	<i>French Reading and Listening</i>
Dec	<i>Spanish Listening and Talking</i>
Jan	<i>French Talking and Writing</i>
Feb	<i>Writing Assignment</i> <i>Performance—Talking</i>

Homework, Supported Study and Revision

All candidates studying N5 Modern Languages will always have a range of tasks to be working on at home. Key to success at N5 is to be familiar with the grammar and structure of the foreign language and be able to recognise a range of tenses in the spoken and written language. Pupils should spend time revising these using their notes and online resources. Most homework tasks will be for reading where students should show their understanding of the foreign language and their ability to express this comprehension clearly in English. As the course progresses pupils will focus on their writing skills, particularly those required for the job application part of the exam.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers. Targeted supported study closer to the final Talking exam will be available after school in February.

Regular revision at home is essential for pupils to achieve passes in N5 Modern Languages. They can do this in a variety of ways:

- Reading over class notes for grammar points, particularly verb tense
- Making lists of key topic vocabulary
- Using iTunes U to access past papers including listening papers
- Preparing thoroughly for the externally assessed part of the course, namely the Talking and Writing submissions.

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

The Assignment

The assignment allows candidates to produce a piece of writing in the modern language based on one of four contexts using detailed and complex written language, in the modern language, as part of a coursework writing task on a chosen topic.

The assignment has 20 marks out of a total of 120 marks. This is scaled by SQA to represent 12.5% of the overall marks for the course assessment.

Pupils will be working on this from January 2019 in class and it would be helpful if parents and carers could support their child in this preparation.

Useful Resources

Other out of school activities which will benefit N5 Linguists include:

- * Watching foreign films/ documentaries
- * Reading to improve English vocabulary
- * Listening to radio
- * Watching news/reading newspapers

National 5 Modern Studies: Information for parents & carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 Modern Studies course for Session 2018/19.

Course information

National 5 candidates attend 4 lessons per week. The course covers 3 units:

- Democracy in Scotland
- Crime & the Law
- World power- USA

Pupils are assessed by two components:

- **Component 1: Question paper-** 80 marks. Worth 80% of overall grade. 2 hours 20 mins. Composed of knowledge and understanding questions & 3 source evaluation questions.
- **Component 2: Assignment-** 20 marks. Worth 20% of overall grade. 1 hour write up

The Nat 5 Modern Studies SQA Exam will take place on:

1st of May 2019

Homework, Supported Study and Revision

All candidates studying National 5 Modern Studies will always have tasks they should be working on at home. The majority of homework will take the form of answering exam questions or preparing for timed knowledge and/ or source questions. These will be issued by class teachers and details posted on Show My Homework and on Glow blogs. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents/carers by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of Homework which require a submission to teachers, pupils must carry out regular revision at home. The pace of the National 5 course leaves little time for consolidation in class therefore there is an expectation that every pupil is spending at least one hour per week revising. This could take many forms including:

- Reading over class notes/ materials from Blogs
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Completing Past Papers at home
- Working with a peer to create questions & answers on a key topic

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

Any past paper questions/ essays/ example paragraphs completed at home may be submitted to class teachers for feedback/ marking.

The Assignment

All National 5 Modern Studies pupils must complete an assignment worth 20 marks. The assignment will take the form of a report with research and findings. Pupils will need to carry out their own research and produce and learn a report. This will be learned by pupils and written up during a 1 hour write up. This is sent to the SQA to be marked. Pupils will be required to:

- Carry out independent reading/ research and identify suitable Modern Studies sources/ data/statistical information
- Plan and write the report
- Create a research sheet no more than two single- sides of A4 paper
- Learn the report & write it up in a 1hr exam setting

Pupils will be working on this from November 2018.

Follow the Social Subjects Department on twitter @stjoacss

- resources/advice & guidance can be found here.

Assessment

Unit Assessments have been removed which means that candidates will be assessed by teachers in a number of ways including:

- Timed questions
- Timed Source Questions
- Knowledge Tests
- Homework K/U questions

Pupils will always have advanced knowledge of these. The timed essays and source questions will determine a candidate's ability to cope with the demands of the final exam. Specific pupil assessment dates will be given by class teachers.

Other out of school activities which will also be beneficial include:

* Reading a quality newspaper

* Visiting local library for reading/ research materials

* Watching The News on TV

* Watching documentaries and politics programmes i.e. *Question Time*, *The Sunday Politics*

National 4 Music: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the National 4 Music course for Session 2018/19.

National 4 Music Course Information

N4 Music candidates attend classes four periods per week. Pupils study three units throughout the year:

- Performing Skills
- Understanding Music
- Composition Skills

Pupils are internally assessed for the above three components and undertake an Added Value Unit which comprises:

- An eight minute performance on two instruments
- Performed in exam conditions
- Internally assessed
- Information on the pieces chosen
- A reflection on their performance

Assessment

Each unit will be marked on a pass or fail basis by the school.

- Performing—pupils must prepare at least two pieces/sections on each of their instruments to exam standard
- Understanding—will be assessed in end of unit tests throughout the year
- Composition—will be assessed throughout the year in compositional technique exercises and pupils' own compositions.

Pupils will always have advanced knowledge of assessment dates and deadlines. Specific pupil assessment dates will be given by class teachers.

Homework, Supported Study and Revision

All candidates studying National 4 Music will always have tasks they should be working on at home. While written homework may not be given as often as in other subjects, pupils are expected to spend time practising their two instruments. If pupils do not have access to instruments at home, they can speak to their teacher about borrowing an instrument or using time at lunchtime/after school etc. for practice. Pupils will also be given music literacy homework and concept-based tasks to complete. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of Homework which require a submission to teachers, pupils must carry out regular revision at home. The pace of the N4 Understanding Music unit leaves little time for consolidation in class and therefore there is an expectation that every pupil is spending at least 30 minutes per week revising concepts covered in class. This could take many forms including:

- Reading over class notes/ materials from Blogs
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Using BBC Bitesize N4 Music materials

Pupils should not be listening to music (unless part of their Understanding work), using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

The Added Value Unit

All N4 Music candidates must perform an 8-minute programme of pieces on two instruments as part of their Added Value Unit. This is in addition to the three mandatory units of Performing Skills, Composition Skills and Understanding Music. The performance will be set in formal conditions and internally assessed. While teachers will help pupils choose an appropriate programme of pieces, it is ultimately the responsibility of the candidate to ensure they learn their music and give the best performance they can. This requires a great amount of self-discipline and pupils should be devoting a considerable amount of their time to practising for their performance, either in school or at home. Music Practice Rooms are always available at lunchtimes and priority is given to SQA pupils.

The class teacher will regularly check on progress and will suggest changes of pieces or instruments as appropriate if a pupil is struggling with material. Pupils will finalise their programmes by the end of September to give them adequate time to prepare their music.

National 5 Music: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 Music course for Session 2018/19.

National 5 Music Course Information

N5 Music candidates attend classes four periods per week. Pupils study three units throughout the year:

- Performing Skills
- Understanding Music
- Composition Skills

Pupils are assessed by three components:

- Performing Exam—programme of 8 minutes on two instruments (scaled to 50 marks)
- Assignment — a composition and review (scaled to 15 marks)
- Understanding Paper—questions based on musical examples (scaled to 35 marks)

The Music Performance exams will take place on a specified date(s) from mid-February to end of March. The Understanding exam will take place on:

Friday 26 April 2019 at 9am

Homework, Supported Study and Revision

All candidates studying National 5 Music will always have tasks they should be working on at home. While written homework may not be given as often as in other subjects, pupils are expected to spend time practising for their performance exams. If pupils do not have access to instruments at home, they can speak to their teacher about borrowing an instrument or using time at lunchtime/ after school etc. for practice. Pupils will also be given music literacy homework and concept-based tasks to complete. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of Homework which require a submission to teachers, pupils must carry out regular revision at home. The pace of the N5 Understanding Music unit leaves little time for consolidation in class and therefore there is an expectation that every pupil is spending at least 30 minutes per week revising concepts covered in class. This could take many forms including:

- Reading over class notes/ materials from Blogs
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Using BBC Bitesize N5 Music materials

Pupils should not be listening to music (unless part of their Understanding work), using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

Assessment

Unit Assessments have been removed which means that candidates will be assessed by teachers in a number of ways including:

- Regular musical performances
- Composition check-ins
- Knowledge Tests

Pupils will always have advanced knowledge of these. Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug		Jan	<i>Understanding Prelim</i>
Sep	<i>Music Thru the Ages</i>	Feb	<i>Perf. Exam</i>
Oct	<i>20th Century Music</i>	Mar	<i>Perf. Exam</i>
Nov	<i>Vocal Music</i>	Apr	
Dec	<i>Performing Prelim—full 8 min. prog.</i>		

The Performing Exam

All N5 Music candidates must perform an 8-minute programme of pieces on two instruments to an outside examiner in February or March. This accounts for 50% of their overall mark. While teachers will help pupils choose an appropriate programme of pieces, it is ultimately the responsibility of the candidate to ensure they learn their music and give the best performance they can. This requires a great amount of self-discipline and pupils should be devoting a considerable amount of their time to practising for their performance, either in school or at home. Music Practice Rooms are always available at lunchtimes and priority is given to SQA pupils.

The class teacher will regularly check on progress and will suggest changes of pieces or instruments as appropriate if a pupil is struggling with material. Pupils will finalise their programmes by the end of September to give them adequate time to prepare for the prelim (in December) and final exam (in February or March).

N5 Music Technology: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the N5 Music Technology course for Session 2018/19.

N5 Music Technology Course Information

N5 Music Technology candidates attend classes 4 periods per week. Learners will develop skills in the use of music technology hardware and software to capture and manipulate audio, and to use music technology creatively in sound production. Learners will also analyse a range of 20th and 21st century musical styles and genres, and develop a broad understanding of the music industry.

Pupils are assessed by two components:

- Question Paper —an essay based exam paper worth 40 marks, scaled to 30% overall mark (1hour)
- Assignment—two separate tasks. Each task is marked out of 50, giving a combined total out of 100, and scaled to 70% overall mark

Music Technology SQA Exams will take place on:

May

Assessment

Unit Assessments have been removed which means that candidates will be assessed by teachers in a number of ways including:

- Classroom practical tasks
- Logbooks (planning and evaluation)
- Exam style Questions
- Knowledge Tests
- Homework tasks

All assessments will determine a candidate's ability to cope with the demands of the final exam. Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug	Planning	Jan	Revision & Prelim
Sep	Record vocal tracks - Listening	Feb	Catch up/ Finalise Logs
Oct	Add effects to projects - Listening	Mar	Catch up/ Finalise Logs
Nov	Add MIDI & Garageband loops - Listening	Apr	Various Tests
Dec	Peer Assessments	May	Exam: Question paper

Homework, Supported Study and Revision

All

candidates studying N5 Music Technology will always have tasks they should be working on at home. The majority of homework will take the form of researching production features and technological developments or planning for projects. These will be issued by class teachers and details posted on Show My Homework. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

- Reading over class notes/ materials from Blogs
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Completing Past Papers at home
- Working with a peer to create questions & answers on a key topic
- Sourcing sound effects from the relevant websites

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

Any past paper questions completed at home may be submitted to class teachers for feedback/ marking.

The Assignments

All N5 Music Technology candidates must produce two separate projects, each in a different context. In each project, candidates must work with different types of hardware and software to demonstrate a range of technical skills. Each production should involve a minimum of five parts, at least two of which should involve the use of a microphone. Finally, each production should be between 1 and 3 minutes long.

Useful Resources

- <https://www.sqa.org.uk/sqa/56950.html> (all SQA Past Papers)

National 4 People & Society: Guide for Parents and Carers

January 2020

This information sheet is to assist parents & carers in supporting young people with the National 4 People & Society course for Session 2020/21.

FIDELIS - JUSTUS - PRUDENS

National 4 People & Society Course Information

National 4 People & Society candidates attend classes for four periods per week in S4/5/6.

Pupils study four units throughout the year:

- Decision Making Unit
- Comparison Unit
- Added Value Unit
- Independent Investigation Unit

National 4 People and Society is a vocational National award and as such pupils do not sit an external exam.

Instead they complete an assessed piece of coursework for each of the four units following time completing classwork and independent research.

Typically the assessed piece of work will take the form of a formal written report or project, dependent on each specific unit.

Monitoring progress

Candidates' progress is checked regularly throughout the year by the class teacher.

This will usually take the form of one to one discussions during which each pupil will set targets for their own progression moving forward.

Pupils are expected to adhere to all deadlines set by the class teacher, particularly in regards to the completion of the four assessed pieces of work required by the SQA to complete the award.

Aug	Added Value Unit work	Jan	Decision-Making Unit work
Sep	Added Value Unit work	Feb	Independent Investigation Unit
Oct	Comparison Unit work	Mar	Independent Investigation
Nov	Comparison unit work	Apr	Independent Investigation Unit
Dec	Decision-Making Unit work		

National 4 People & Society Course Content and Aims

The main aims of the People in Society Course are to enable learners to develop:

- ◆ a range of skills which will enhance opportunities to engage positively in society
- ◆ knowledge and understanding of society and their place in it
- ◆ straightforward knowledge of key ideas from across social studies and social science disciplines
- ◆ an understanding of significant influences on society and individuals

During the course of the People & Society course pupils will study a number of contemporary topics, covering a wide range of social science disciplines. Topics include: the use of capital punishment; human trafficking; and Scottish independence. Pupils have the opportunity to chose their own topic for the Independent Investigation Unit, from an SQA approved list.

Pupils will be asked to discuss and debate many topics in a mature and appropriate manner throughout the year, further developing their interpersonal and communication skills. As such, **pupils are expected to behave in a mature and respectful manner at all times, with the understanding that the opinions of other pupils may be different to their own.**

Pupils will be expected to conduct their own research throughout the course of the year and each candidate must provide a comprehensive list of any sources of evidence used in the completion of their four assessed pieces of work. **It is vital that pupils complete all necessary research on their own, as directed by the class teacher.**

Useful Resources

- <https://www.sqa.org.uk/sqa/47444.html>
- <https://www.bbc.co.uk/bitesize/levels/zp3d7ty>

Other out of school activities which will benefit National 4 People & Society pupils include:

- Watching contemporary documentaries
- Listening to political podcasts
- Visiting local library for reading/ research
- Watching news/ reading newspapers

S4 National 5 Physical Education (Team Sports) Guide for Parents and Carers

This information sheet is to assist parents & carers in supporting young people with the National Physical Education course. Course Code C856 75

Course Overview

The National 5 Physical Education course enables candidates to develop the skills, knowledge and understanding required to perform effectively in a range of physical activities, and enhance their physical wellbeing. Candidates work both independently and co-operatively to develop thinking and interpersonal skills. This makes physical education an ideal platform for developing confidence, resilience, responsibility and the ability to work with others.

The purpose of the course is to enable candidates to demonstrate and develop movement and performance skills in physical activities. Learners on this course will focus on team based activities such as **volleyball, handball, basketball** and/or **football** therefore it is an ideal progression for those who have completed our S3 P.E Studies elective as well as those who have a keen interest in sport and team games.

Course Outline

Candidates will be assessed in two mandatory units. These units will be taught throughout the year.

Your child will receive National Physical Education four times per week. These lessons will be arranged to include a balance of theory and practical lessons. The practical lessons will be taught through **a team activity**.

Time will be spent developing practical performance in one activity for the purpose of completing a written portfolio. Time will also be spent preparing the learners to complete two assessed practical performances.

Course Assessment

Unit 1—Written Portfolio. This is a 60 mark written assessment worth 50% of your child's final grade. This portfolio will be based on your child's learning in the team activity carried out during practical lessons. This is completed under exam conditions but there will be no final external examination. This portfolio is completed internally throughout the year and is then submitted to SQA for external marking.

Unit 2—Practical Assessment. This involves your child completing two assessed performances each worth 30 marks. Performance in this assessment will equate to the remaining 50% of the course award. Your child can select the activity they wish to be assessed in.

S4 National 5 Physical Education (Aesthetics) Guide for Parents and Carers

This information sheet is to assist parents & carers in supporting young people with the National Physical Education course. Course Code C856 75

Course Overview

The National 5 Physical Education course enables candidates to develop the skills, knowledge and understanding required to perform effectively in a range of physical activities, and enhance their physical wellbeing. Candidates work both independently and co-operatively to develop thinking and interpersonal skills. This makes physical education an ideal platform for developing confidence, resilience, responsibility and the ability to work with others.

The purpose of the course is to enable candidates to demonstrate and develop movement and performance skills in physical activities. Learners on this course will focus on aesthetic activities such as **dance** and **gymnastics** therefore it is an ideal progression for those who have completed our S3 dance elective course as well as those who have a keen interest in dance and/or gymnastics.

Course Outline

Candidates will be assessed in two mandatory units. These units will be taught throughout the year.

Your child will receive National Physical Education four times per week. These lessons will be arranged to include a balance of theory and practical lessons. The practical lessons will be taught through **dance** primarily alongside **gymnastics** input.

Time will be spent developing practical performance in one activity for the purpose of completing a written portfolio. Time will also be spent preparing the learners to complete two assessed practical performances.

Course Assessment

Unit 1—Written Portfolio. This is a 60 mark written assessment worth 50% of your child's final grade. This portfolio will be based on your child's learning in dance and/or gymnastics. This is completed under exam conditions but there will be no final external examination. This portfolio is completed internally throughout the year and is then submitted to SQA for external marking.

Unit 2—Practical Assessment. This involves your child completing two assessed performances each worth 30 marks. Performance in this assessment will equate to the remaining 50% of the course

National 5 Physics: Guide for Parents and Carers

November 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 Physics course for Session 2018/19.

National 5 Physics Course Information

National 5 Physics candidates attend classes 4 periods per week if in S4 and 6 periods a week if in S5/S6 Pupils study three units throughout the year:

- Dynamics and Space
- Waves and Radiation
- Electricity and Energy

Pupils are assessed by two components:

- Exam Question Paper (135 marks / 2 hours 30 minutes)
- The Assignment— A report researched and written in class under exam conditions which is sent to SQA to be marked (20 marks / 1 hour 30 minutes)

The Physics SQA Exams will take place on:

Monday 15th May 2019

Assessment

Unit Assessments have been removed which means that candidates will be assessed by teachers in a number of ways including:

- Homework exam questions.
- End of unit assessment.

The end of unit tests will determine a candidate's ability to cope with the demands of the final exam. Specific pupil assessment dates will be given by class teachers and pupils will always be given advanced notice of these by their teachers.

Homework, Supported Study and Revision

All candidates studying National 5 Physics will always have tasks they should be working on at home. The majority of homework will take the form of practicing past paper exam questions. These will be issued by class teachers and details posted on 'Show My Homework'. It is very important that all deadlines issued by class teachers are adhered to.

Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of homework which require a submission to teachers, pupils must carry out regular revision at home. There is an expectation that every pupil is spending at least one hour per week revising. This could take many forms including:

- Reading over class notes
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Completing Past Papers at home
- Working with a peer to create questions & answers on a key topic

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

Any past paper questions/ essays/ example paragraphs completed at home may be submitted to class teachers for feedback/ marking.

The Assignment

All National 5 Physics pupils will complete an assignment report which contributes 20% of their final grade. The assignment assesses the application of skills of scientific inquiry and related Physics knowledge and understanding. It allows assessment of skills that cannot be assessed by a question paper; for example, handling and processing data gathered through experimental work and research skills.

The assignment has two stages:

- The research stage must involve experimental work which allows measurements to be made. Candidates must also gather data/information from the internet, books or journals. The research stage will be conducted in lessons with support from the class teachers, it is vital pupils utilise this support effectively.
- The report stage is conducted under exam conditions and pupils will have a maximum of 1hr and 30 minutes to complete their report.

Practical Cookery: Guide for Parents and Carers

This information sheet is to assist parents & carers in supporting young people when making choices in advance of S4.

S3 Hospitality Course Information

- S4 Practical Cookery. candidates attend classes 4 periods per week. Pupils learning will incorporate practical cooking and related knowledge
 - Food hygiene and safety
 - Cookery skills and techniques
 - Understanding and using ingredients

Pupils are assessed by two methods

- Component 1 — a written assessment.
- Component 2— a practical skills (cooking) assessment

Food Hygiene and Safety

REHIS Elementary Food Hygiene Level 2

(This course has been independently rated on the Scottish Credit Qualifications Framework (SCQF) at Level 5 with 1 credit.)

Pupils will learn about food safety to a standard that they should be able to achieve a food hygiene certificate.

They will learn about :

- The benefits of high standards of hygiene within the food industry ,
- Where bacteria may be found, how they multiply.
- The ideal conditions for bacterial multiplication to take place and how they can be destroyed
- The incidence of food poisoning and its prevention and the difference between food poisoning and food-borne infection
- Personal hygiene and working habits of the food handler .
- The importance of a well-designed food preparation area.
- Common food pests and their control.
- The advantages of having high standards of cleanliness and disinfection within the food working environment .
- The relationship between hazards and risk and how they are managed.
- The main requirements of laws that guide food safety

Cookery Skills and Techniques

Pupils will have practical experience to create a food product using a variety of cookery processes and cookery skills. It is expected that on these lessons pupils should bring an airtight container to take away their food from the classroom. During these practical lessons pupils will learn about working in an organised and hygienic manner.

Understanding and using ingredients

Pupils will learn about local and seasonal food as well as storage instructions of a variety of ingredients.

National 5 Practical Woodworking Skills: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the National 5 Practical Woodworking Skills course for Session 2018/19.

N5 Practical Woodworking Skills Course Information

National 5 Practical Woodworking Skills candidates attend classes four periods per week. Pupils study three main units throughout the year:

- Flat Frame Construction
- Carcase Construction
- Machining and Finishing

Pupils are assessed by two components:

- Practical Activity (70 marks scaled to 70% of course)
- Question paper (60 marks scaled to 30% of course)

The Practical Activity is set by the SQA annually and marked internally. The question paper is set and externally marked by the SQA.

The Practical Woodworking SQA Exam will take place on:

Friday 3rd May 2019 at 14:00

Assessment

Unit Assessments have been removed which means that candidates will be assessed by teachers in a number of ways including:

- Knowledge Tests
- Homework Tasks
- Practical work through Models

Pupils will always have advanced knowledge of these. The knowledge tests and their completed models in particular will determine a candidate's ability to cope with the demands of the final exam and practical activity.

Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug	Test Joints	Jan	Prelim
Sep	Model 1	Feb	Assignment
Oct	Model 2	Mar	
Nov	Model 3	Apr	
Dec	Knowledge and Understanding		

Homework, Supported Study and Revision

Pupils will be set homework by their class teacher to complete or revise the different topics within the course and to prepare them for the assignment and exam at the end of the year. These tasks will cover the following topic areas:

- Measuring and Marking out
- Reading and Interpreting Drawings
- Materials—Softwoods, Hardwoods and Man-Made Boards
- Bench Work
- Cramping
- Joining Techniques—Flat Frame and Carcase
- Fixings and Adhesives
- Safe working and use of Machines & Power tools
- Surface preparation and Finishing
- Sustainability and Recycling

Pupils should be doing regular homework or home study every week, which will include the following:

- Undertaking teacher-set homework tasks.
- Self-directed study of course notes.

Supported Study is offered by the department as part of the whole school program as well as lunchtime support with Mr. Ward to complete workshop tasks when required.

Details of Supported Study sessions will be issued to parents by the school.

The Assignment

The practical activity allows candidates to demonstrate the application of skills and knowledge developed during the course to produce a finished product, to a given standard and specification. It is set by the SQA annually and is conducted under supervision and control.

The practical activity will be to manufacture a product and complete a log book. The log book will be provided as part of the assessment task. Marks are awarded for:

- Log book
- Flat-frame construction
- Carcase construction
- Machining/turnery
- Finishing
- Overall assembly

The practical Activity and National 5 level has a required tolerance of +/- 1mm for marking out and cutting, planning, machine & powertools. Joint gaps must be no larger than 1mm with overall sizes withing a +/- 3mm tolerance. Due to this high level of accuracy pupils should take particular care when completing their practical assignment.

Pupils will be working on this from January 2019.

Useful Resources

Learners can use the available course note textbooks in the department before school, break and lunchtime. Additional resources can be found below:

- Technologystudent.com
- BBC Bitesize
- Practical Woodworking Course notes (on *Show my Homework*)
- Practical Woodworking Topic Checklist (on *Show my Homework*)

Other out of school activities which will benefit N5 Graphic Communication include:

- Watching programs such as *How its Made* to see how products are manufactured

National 5 RMPS: Guide for Parents and Carers

This information sheet is to assist parents & carers to support young people with the National 5 RMPS course.

National 5 RMPS Course Information

National 5 RMPS candidates attend classes six periods per week. Pupils study three units throughout the year:

1. World Religion: Christianity
2. Morality & Belief: Justice
3. Philosophy: Existence of God

Pupils are assessed by two components:

- The Exam: – an essay exam paper based on all 3 units worth 80 marks (2h 20mins)
- The Assignment – a 20 mark essay pupils write in class (1hour) under exam conditions that is sent to SQA to be marked

The RMPS SQA Exam normally takes place in late May.

Assessment

Unit Assessments have been removed which means that candidates progress will be assessed by teachers in other ways including:

- Timed essays (TE)
- Knowledge Tests
- Homework essays

Pupils will always have advanced knowledge of these. The timed essays will determine a candidate's ability to cope with the demands of the final exam. Specific pupil assessment dates will be given by class teachers however should roughly follow the schedule below:

Aug	Existence of God TE	Jan	Prelim
Sep	Existence of God TE	Feb	Assignment Christianity TE
Oct	Justice TE	Mar	Christianity TE
Nov	Justice TE	Apr	Various TEs
Dec	Existence of God and Justice Past Paper	Key	TE (Timed Essay)

Homework, Supported Study and Revision

All candidates studying National 5 RMPS will always have tasks they should be working on at home. The majority of homework will take the form of writing essays or preparing for timed essays or preparing for their assignment. These will be issued by class teachers and details posted on Show My Homework. It is very important that all deadlines issued by class teachers are adhered to.

Supported Study is offered by the department as part of the whole school programme. Details of Supported Study sessions will be issued to parents by the school. In addition to this, some class teachers may offer further supported study sessions at lunchtime. Additional support for any pupil who requires it can be arranged with individual class teachers.

As well as set pieces of Homework which require a submission to teachers, pupils must carry out regular revision at home. The pace of the National 5 RMPS course leaves little time for consolidation in class therefore there is an expectation that every pupil is spending at least one hour per week revising. This could take many forms including:

- Reading over class notes/ materials from textbooks
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Completing Past Papers at home
- Working with a peer to create questions & answers on a key topic

External distraction can adversely affect revision and homework. Pupils are advised to avoid using mobile phones or watching television while revision activities are carried out.

Any past paper questions/ essays/ example paragraphs completed at home may be submitted to class teachers for feedback/ marking.

The Assignment

All National 5 RMPS candidates must produce an extended essay on a topic of their choice as part of the course. This is worth 20 marks and must be produced with minimal support from class teachers.

This will require a considerable amount of a candidate's own time in order to:

- Carry out required reading/ research and Identify suitable sources
- Plan and write the essay
- Create a 200 word resource sheet
- Learn the essay

Pupils will be working on this from November onwards.

Useful Resources

- <https://www.bbc.com/bitesize/subjects/z782fg8>

@StJoAcadRE (R.E. Department Twitter)

**Other out of school activities which will benefit National 5 RMPS students include:**

- * Watching subject related documentaries
- * Reading
- * Visiting local library for reading/ research
- * Watching news/ reading newspapers

An Introduction to Science In Everyday Life

September 2021

This information sheet is to assist parents & carers in supporting young people with the SCQF course in An Introduction to Science for Session 2021/22.

An Introduction to Science Course Information

This course has been designed to provide accreditation for learners who are learning about the basics of science using all or part of the Science for a Successful Scotland learning resource.

Learning outcomes will cover the identification of uses of science in everyday life, research of a topical science issue and the carrying out of a science experiment. These make up the three units that are covered in the course.

Therefore upon successful completion of this course, learners will be able to:

1. Describe uses of science in everyday life
2. Investigate a topical science issue
3. Carry out science experiments

Skills Development:

In Unit 1, learners will develop skills so they can:

- A) Describe ways science can be used in everyday life
- B) Describe different ways that science is used in work
- C) Use relevant scientific language

In Unit 2, learners will develop skills so they can:

- A) Explore basic facts about a chosen topical science
- B) Describe a chosen science issue
- C) Use relevant scientific language

In Unit 3, learners will develop skills so they can:

- A) Plan to carry out a straightforward experiment, including plans to take account of health and safety practice
- B) Record results of experiments
- C) Explain what results of experiments show

Assessment

This course is continuously assessed through internal procedures. Learners do not sit a formal exam but must show evidence of all knowledge and skills across the three units which are listed above.

Learners can produce written evidence, or oral evidence through discussions in groups or with their teacher, and the teacher can attest to oral evidence by recording it and signing an appropriate assessment record. Photographic or video evidence is acceptable as well, with learners' appropriate permissions.

All assessment decisions are then verified in partnership with external agencies.

Useful Information & Prior Learning

The course is designed to increase learners' knowledge around science subjects and science-related careers. It aims to increase learners' confidence talking about science subjects and career opportunities, so could motivate learners to move on to further learning (for example in colleges) as a result of developing interest in one or more of the sciences they explore during the unit.

There are no formal qualifications required to undertake this unit. However, it would be beneficial if learners had a willingness to learn, and a keen interest in science.

Other out of school activities which will benefit: learners on this course

- Visiting local library for reading/ research
- Keeping up to date with topical science issues in the media
- Watching science led documentaries

Nationals Travel and Tourism: Guide for Parents and Carers

September 2018

This information sheet is to assist parents & carers in supporting young people with the Nationals Travel and Tourism course for Session 2018/19.

Nationals Travel and Tourism Course Information

Nationals Travel and Tourism candidates attend classes for four periods per week. Pupils study four units throughout the year:

- Scotland
- Customer Services
- Employability
- UK and the Wider World

There is no exam for the National 4 and 5 Travel and Tourism course. Pupils will work to build up a portfolio for each of the four units of work.

Each unit has two or three outcomes. These outcomes are the same for both national 4 and national 5. The level worked at will be determined by the degree of quality and detail produced for each of the outcomes.

Monitoring progress

For N5 and N4 pupils, candidates' progress will be assessed in a number of ways including:

- Class tasks
- Knowledge tests
- Homework tasks (these will usually be to complete pieces of work started in class)

The quality of work produced in class and for submission to portfolio will determine a pupils suitability for either N4 or N5.

Specific submission dates will be given by class teachers however should roughly follow the schedule below:

Aug	Scotland outcome 1	Jan	Employability O2 and 3
Sep	Scotland Outcome 2	Feb	UK and Wider
Oct	Customer Services O1	Mar	UK and Wider World O2
Nov	Customer Services O2 and 3	Apr	UK and Wider World O3
Dec	Employability O1		

Homework, Supported Study and Revision

All candidates studying Nationals Travel and Tourism will have tasks they should be working on at home. The majority of homework will take the form of completing work set in class. These tasks will be issued by class teachers and details posted on Show My Homework. It is very important that pupils adhere to all deadlines set by class teachers.

Additional support for any pupil who requires it can be arranged with individual class teachers. Pupils may attend the department at lunch and/ or after school if they need more time to work on tasks or their portfolio.

The content of the Nationals Travel and Tourism course requires pupils to engage in consolidation work at home therefore there is an expectation that every pupil is spending at least one hour per week in preparation of completion of Units. This could take many forms including:

- Reading over class notes/ materials from Blogs
- Creating mind maps/ spider diagrams/ flash cards of classwork
- Carry out role play situations / try to gain confidence in verbal communication
- Working with a peer to create questions & answers on a key topic

Pupils should not be listening to music, using mobile phones or watching television while revision activities are carried out. This could impact on the effectiveness of revision activities.

The Portfolio

All National 5 Travel and Tourism candidates must produce a portfolio of work covering all four Units.

This will require a considerable amount of a candidate's own time in order to:

- Carry out required reading and research appropriate to each Unit
- Increase levels of confidence in role play situations
- Be original and imaginative in the presentation of work (e.g. advertising leaflets and posters)

The portfolio must be complete by the end of April.

Useful Resources

- <https://blogs.glowscotland.org.uk/ea/sjtourism/>
- <https://www.bbc.com/bitesize/subjects/znbw2hv> (BBC Bitesize N5 Geography—Revision—the tourism section in this)

@stjoacss (Social Subjects Department Twitter)

Other out of school activities which will benefit Nationals T&T pupils include:

- * Watching travel films/ documentaries
- * Visiting local library for reading/ research
- * Gaining part time employment/ work experience
- * Reading
- * Talking to friends & family about travel and customer service

Course Title	Local Authority	Location/Day/Time
Steps to Work – Beauty & Hair, Level 4	East and North Ayrshire,	Kilmarnock – Tues / Thur Kilwinning – Mon / Wed 2:00 – 4:00 pm
Who is the course for?		
<p>This course will interest you if you enjoy using your creative ideas in a practical way. You should also like working with other people and discussing how best to produce the looks you want to achieve. You should be prepared to participate as a model for fellow students which will require you to remove your own make-up before class.</p>		
What is the Course About?		
<p>The aim of this course is to give you the experience of a salon environment and the opportunity to learn about the different roles and responsibilities in Beauty Therapy and Hairdressing. You will gain practical experience of general salon duties including assisting with customer care.</p> <p>Beauty specific skills include facials and nail finishes. Hairdressing specific skills include shampooing, conditioning and drying hair.</p> <p>Throughout the course emphasis is on the development of employability skills and attitudes valued by employers. You will study 2 SQA credits in total each semester; 1 credit from work related units and remainder from person centred units.</p> <p>Work Related Cosmetology: Beauty Practical Skills F0FE 10 - 1 credit Cosmetology: Hairdressing Practical Skills F0FA 10 - 1 credit</p> <p>Person Centred Practical Abilities H18W Self in Community H18N</p>		
What do I Need?		
<p>There are no formal entrance requirements, to get the best out of this course you should enjoy working in a creative environment and have a real interest in the Beauty and hair industry. You should also relish the challenge of getting to know new people and you must be able to commit to consistent, full attendance throughout the course.</p>		
How will I be assessed?		
<p>You will be assessed mainly on a range of practical activities carried out in a salon environment. You will also research and write up a project on a relevant topic such as nail finishes or make up.</p>		
Next Steps?		
<p>Course may provide you with opportunities to progress to:</p> <ul style="list-style-type: none"> • A Level 4 or 5 Beauty or Hairdressing course. • An SVQ 2 course in Nails 		

Course Title	Local Authority	Location/Day/Time
Skills for Work Uniformed and Emergency Services Level 4 1 Year	East, North and South Ayrshire	Ayr Campus Mon/Wed 2.00 -4.00 pm Kilmarnock Tues/Thur – 2.00 – 4.00 pm Kilwinning TBC
Who is the Course for?		
The course will be of interest to you if you want to work in the Army, Navy, Air Force or Emergency services. The course will also be great for someone looking for a career that involves physical activity, team work, sport, community development and fitness.		
What is the Course About?		
<p>This course is designed to introduce and develop the key skills needed to work with the Army, Merchant Navy, Royal Air Force, Royal Navy and Royal Marines and the Ambulance Service, Coastguard, Fire and Rescue and Police. You will develop a high level of physical fitness through various activities and this is a really important part of this course. The course will have a lot of practical activities and will develop physical health, team work, sports coaching and community development.</p> <p>SQA Course Units</p> <ul style="list-style-type: none"> • Uniformed and Emergency Services: An Introduction • Uniformed and Emergency Services: Health, Safety, Fitness and Wellbeing • Uniformed and Emergency Services: Engaging with the Community • Uniformed and Emergency Services: Working in Teams 		
What do I Need?		
No formal entry requirements. Pupils will be interviewed and will need to demonstrate a commitment to team working and willingness to engage in physical activity/sport, ability to work in the community, have a real interest in the area and be committed to consistent and full attendance throughout the course.		
How will I be assessed?		
Assessments are a mixture of practical and written work and focus on the ideas and theories learned during class time.		
Next Steps?		
<p>There are a variety of possible progression routes at the end of this course:</p> <ul style="list-style-type: none"> • Successful completion of this course will provide a good foundation for those who want to study at SCQF Level 5 in Health, Sport and Fitness and Social Science. • A career in the uniformed or emergency services. 		
What do current students say?		
<p><i>'This course is 100% perfect, I really love it'. 'I'm going to join the army after I leave school this year and this course has given me a good idea of the skills I'll need there'. 'This course is tough. It's all about discipline, team working and keeping fit but it's my favourite subject this year by a mile'.</i></p>		

Course Title	Local Authority	Location/Day/Time
NPA Professional Cookery (Level 4)	East/North/South Ayrshire This course is for school pupils only	Ayr - Monday and Wednesday TBC Kilmarnock - Tuesday and Thursday 2pm - 4pm
Who is the course for?		
If you are interested in cookery (or think you might be) and want to learn from the professionals, then this is the course for you.		
What is the Course About?		
<p>This course will help you develop skills in cookery and teach you about working in an industrial kitchen. You'll increase your knowledge of food products, you will learn a variety of food preparation techniques and cookery processes ranging from home baking to preparing healthy dishes. This course also includes cake decoration where you will learn, for example, coating, piping, and modelling.</p> <p>You are required to wear appropriate clothing to meet current food safety laws when in the kitchen. You will need to bring this with you for every class or you will not be allowed to participate in the class. These will be provided to you, but you will need to wash these ready for the next class</p>		
What do I Need?		
<p>There are no formal entrance requirements, but to get the best out of this course you should enjoy working in a practical environment, have a real interest in the hospitality industry and not be afraid to stand for periods of time! You should also enjoy the challenge of getting to know new people. You also need to wear a protective uniform in the kitchen and bring something to take the food you make home.</p> <p>You should also enjoy the challenge of getting to know new people. You need to be committed to attending all the classes.</p>		
How will I be assessed?		
Most of the assessment will be practical, and some will take place in the classroom.		
Next Steps?		
On successful completion of this course you will have the opportunity to apply for: Introduction to Professional Cookery and Hospitality Level 4.		
What do current students say?		
<p>““I really loved the course, and it was brilliant being in a real professional kitchen – it helped me to decide this is what I want to do when I leave school.””.</p>		

Course Title	Local Authority	Location/Day/Time
Skills for Work Early Learning & Childcare Level 4 1 Year	EAC SAC	Ayr campus – Mon / Wed Kilmarnock Campus - Tue/Thu 2:00 pm-4:00 pm
Who is the Course for?		
<p>SCQF level 4 Skills for Work: Early Learning and Childcare is an introductory qualification that will help you to understand some of the demands and responsibilities of working in the early learning and childcare sector. This is a great course if you enjoy the practical skills required to understand and care for young children, but there is an element of theory based learning too.</p>		
What is the Course About?		
<p>At SCQF level 4, you will cover basic issues in each area and begin to develop relevant skills such as team working skills, helping to plan play experiences and develop transferable employability skills, including:</p> <ul style="list-style-type: none"> • an understanding of the workplace and the employee’s responsibilities (e.g. time-keeping, appearance) • self-evaluation skills • positive attitude to learning • flexible approaches to solving problems • adaptability and positive attitude to change • confidence to set goals, reflect and learn from experience • skills to become effective job-seekers and employees <p>At SCQF level 4, you work alone or with others on straightforward tasks with support.</p> <p>Units studied:</p> <ul style="list-style-type: none"> • Child Development • Working in Early Learning and Childcare • Play in Early Learning and Childcare • Maintenance of a safe environment <p>To achieve the Course award you must successfully achieve all the Units which make up the Course.</p>		
What do I Need?		
<p>There are no formal entrance requirements, you need to be able to work at SCQF Level 4 and have a real interest in Early Learning and Childcare and in learning new skills, you should also be committed to consistent and full attendance throughout the course.</p> <p>Selection for a place on this course is based on pupils meeting the above requirements and completing a Microsoft Forms task which will be emailed to you; your personal statement and task content will be used to assess your suitability for this course.</p>		
How will I be assessed?		
<p>The assessments used in this Course will allow you to show that you understand the ideas and theories and practical skills that you need to go further in the early education and childcare sector.</p> <p>Assessment approaches will include closed book tests and project based activities.</p>		
Next Steps?		
<p>Successful completion of this course will provide a good foundation for progression into SCQF level 5 programmes in Early Learning & Childcare, Health Care and Social Care.</p>		
What do current students say?		
<p><i>‘I’ve wanted to work in a nursery from a young age. This course has let me understand what skills and qualifications I’ll need to make that happen.’</i></p>		

Course Title	Local Authority	Location / Day / Time
National Progression Award Software Development Level 4 1 Year	East Ayrshire Schools	Kilmarnock Campus Tues/Thu 2pm-4pm
Who is the Course for?		
This course will interest you if you enjoy working with computers, creating digital content or generally enjoy solving problems.		
The NPA in Software Development is suitable for a wide range of candidates with basic computing ability who wish to develop the fundamental knowledge and skills required to solve problems by developing computer programs in a high level language.		
What is the Course About?		
The NPA in Software Development at SCQF Level 4 is intended to prepare you for progression to further study in a variety of computing disciplines.		
During the award you will learn all about the basic programming concepts and how to write short programs using a software development language and environment. After the basics are covered you will develop further programming skills and eventually the knowledge and understanding required to devise a solution to a problem in software development. By the end of this course you will have developed practical skills in software development through the use of a high level language.		
These courses will give you the opportunity to develop:		
<ul style="list-style-type: none"> • Understanding of the principles of software development, software development languages and environments • Entry level skills using a high level programming language • Industry-standard software and principles • Core Skills in problem solving in relation to software development. • Analytical and other transferable skills. 		
The Course includes the following Units:		
<ul style="list-style-type: none"> • Computing: Programming in a High-level Language: Fundamentals SCQF level 4 • Software Development SCQF level 5 • Problem Solving SCQF level 4 		
What do I Need?		
You need to have a basic level of skills in Microsoft Word and understand the general operation/navigation of a Windows based PC. You must possess an interest in at least one of the following: art, programming, audio or design. It would be good if you have played different games and consoles/platforms but not essential as we will discuss a variety of examples throughout. Some previous experience of coding using platforms like Scratch and AppInventor would be good though not essential.		
How will I be assessed?		
You will be expected to create a portfolio of your work. The portfolio may be paper or electronic (digital) and should be completed over the period of the course, with you contributing material to the portfolio on an ongoing basis.		

Next Steps?

Successful completion of the Level 4 course may allow you to progress to:

- NC Computing at level 5
- NC Games and Software Development
- Foundation Apprenticeship in Information Technology: Software Development

What do current students say?

“Honestly, the College turned out to be really enjoyable. Very flexible but I’m still able to work on and complete tasks. The very flexible approach allows me to work at my own pace and still get it completed in time.”

Course Title	Local Authority	Location/Day/Time
Scottish Vocational Qualification Performing Engineering Operation Level 4 1 year	East Ayrshire	Kilmarnock Campus Tues/Thurs 2 pm - 4pm
Who is the Course for?		
<p>This course is for anyone who has an interest in Engineering, enjoys practical hands-on work in a workshop environment, can problem solve and wishes to gain relevant practical experience within this industry to possibly gain an apprenticeship. You will populate and develop a portfolio which can be used to show employers during interviews. You need to be able to work safely and be very responsible about Health & Safety.</p>		
What is the Course About?		
<p>This course provides a basic introduction to practical Engineering. Students will learn vocational skills in Engineering including:</p> <ul style="list-style-type: none"> • Making Components Using Hand Tools and Fitting Techniques • Using Semi-automatic MIG or MAG welding equipment • Complying With Statutory Regulations and Organisational Safety Requirements • Working Efficiently and Effectively in Engineering • Using and Communicating Technical Information 		
What do I Need?		
<p>There are no formal entrance requirements but if you want to take engineering further you should be studying Maths and Physics is helpful too.</p>		
How will I be assessed?		
<p>Assessments are practical and focus on the attainment of new skills as and when you acquire them. You will be required to complete paperwork to support your practical learning.</p>		
Next Steps?		
<p>Successful completion of this Course may provide you with opportunities to progress to a full time Engineering College course. If you want to study Engineering, the PEO is a great addition to your National Qualifications evidencing your practical experience.</p>		
What do current students say?		
<p><i>"I enjoy being at College, with different students from other schools. I spend a lot of time in the workshop. It gives me a practical experience and understanding of what would be expected if I successfully gain an apprenticeship".</i></p>		

Course Title	Local Authority	Location/Day/Time
Skills for Work Automotive Level 4 1 year	East, North and South Ayrshire pupils	Kilmarnock and Kilwinning Campus Tue/Thur 2.00pm – 4.00pm
Who is the Course for?		
<p>If you want to know about working in the automotive industry, the occupations within it and the skills and knowledge required, can problem solve and enjoy hands-on practical tasks, this course ticks the boxes for you. Assessment across the units in this Course will mostly test your practical skills but will also test the wider knowledge and understanding you need to work in automotive job roles including knowledge and understanding of tools and equipment and awareness of Health & Safety legislation.</p>		
What is the Course About?		
<p>The Course provides a broad introduction to the automotive industry and will introduce you to basic vocational skills, knowledge and understanding. Practical experiences of carrying out basic vehicle checks are included as well as the specific skills involved in removal and replacement of components and mechanisms.</p> <p>The overall purpose of the Course is to make sure that you develop practical skills, knowledge and understanding needed within this industry as well as developing the skills employers are looking for. For example, team working, following instructions and good customer service. Course Units:</p> <ul style="list-style-type: none"> • Automotive Skills: The Garage • Automotive Skills: The Technician • Automotive Skills: The Car • Automotive Skills: The Vehicle Modification Project 		
What do I Need?		
There are no formal entrance requirements.		
How will I be assessed?		
<p>Assessment across the units in this Course will mostly test practical skills but will also address the wider knowledge and understanding associated with working in automotive job roles including knowledge and understanding of tools and equipment and awareness of health and safety legislation.</p>		
Next Steps?		
<p>This Course fills an identified need in the automotive sector for an introductory course for school candidates and supports progression into appropriate further education or work based learning. Successful completion of this Course may provide you with opportunities to progress to:</p> <ul style="list-style-type: none"> • Scottish Vocational Qualifications (SVQs) and Modern Apprenticeships in Automotive areas • Full time National Certificate Courses • Full time Institute of the Motor Industry courses at Ayrshire College • Training/employment 		
What do current students say?		

“This course is really good, I get to work with the vehicles to find and repair faults. Some tasks are easier than others and take a bit more time to understand but I get there and enjoy problem solving”.

Course Title	Local Authority	Location/Day/Time
Skills for Work Early Learning & Childcare Level 4 1 Year	EAC SAC	Ayr campus – Mon / Wed Kilmarnock Campus - Tue/Thu 2:00 pm-4:00 pm
Who is the Course for?		
<p>SCQF level 4 Skills for Work: Early Learning and Childcare is an introductory qualification that will help you to understand some of the demands and responsibilities of working in the early learning and childcare sector. This is a great course if you enjoy the practical skills required to understand and care for young children, but there is an element of theory based learning too.</p>		
What is the Course About?		
<p>At SCQF level 4, you will cover basic issues in each area and begin to develop relevant skills such as team working skills, helping to plan play experiences and develop transferable employability skills, including:</p> <ul style="list-style-type: none"> • an understanding of the workplace and the employee’s responsibilities (e.g. time-keeping, appearance) • self-evaluation skills • positive attitude to learning • flexible approaches to solving problems • adaptability and positive attitude to change • confidence to set goals, reflect and learn from experience • skills to become effective job-seekers and employees <p>At SCQF level 4, you work alone or with others on straightforward tasks with support.</p> <p>Units studied:</p> <ul style="list-style-type: none"> • Child Development • Working in Early Learning and Childcare • Play in Early Learning and Childcare • Maintenance of a safe environment <p>To achieve the Course award you must successfully achieve all the Units which make up the Course.</p>		
What do I Need?		
<p>There are no formal entrance requirements, you need to be able to work at SCQF Level 4 and have a real interest in Early Learning and Childcare and in learning new skills, you should also be committed to consistent and full attendance throughout the course.</p> <p>Selection for a place on this course is based on pupils meeting the above requirements and completing a Microsoft Forms task which will be emailed to you; your personal statement and task content will be used to assess your suitability for this course.</p>		
How will I be assessed?		
<p>The assessments used in this Course will allow you to show that you understand the ideas and theories and practical skills that you need to go further in the early education and childcare sector.</p> <p>Assessment approaches will include closed book tests and project based activities.</p>		
Next Steps?		
<p>Successful completion of this course will provide a good foundation for progression into SCQF level 5 programmes in Early Learning & Childcare, Health Care and Social Care.</p>		
What do current students say?		
<p><i>‘I’ve wanted to work in a nursery from a young age. This course has let me understand what skills and qualifications I’ll need to make that happen.’</i></p>		

Course Title	Local Authority	Location / Day / Time
