

Welcome

S4/5 into S5/6 – Personalisation and Choice

School Prayer

God our Father, creator of the world,
you sent your son Jesus to be one of us
and to show us how to live in the way of love.
Inspire us with the Holy Spirit, who lives in our hearts.
St. Joseph, guide our families and us on the path of life.
Support us by the example of our house patron saints.
Help us to live out our school values
by following your example of love every day of our lives.
St Joseph, pray for us.

Programme

- Kate Faulds – Careers Adviser, Skills Development Scotland
- Andy Boyle – Depute Head Teacher

Option Choices & Pathways Information Evening

Kate Faulds
Careers Adviser
St Joseph's Academy

Support and conversations we have in school

SDS careers advisers might speak to your young person about:

Finding out about their self, strengths and skills

Routes into careers including apprenticeships

Making decisions such as option choices

Building and developing networks

Different types of careers and how to research them

Help with creating CVs

Developing the types of skills that are useful in a job

Making applications and applying for courses

The World of Work is changing

Jobs exist today which didn't even exist five years ago, and this will continue to be the case.

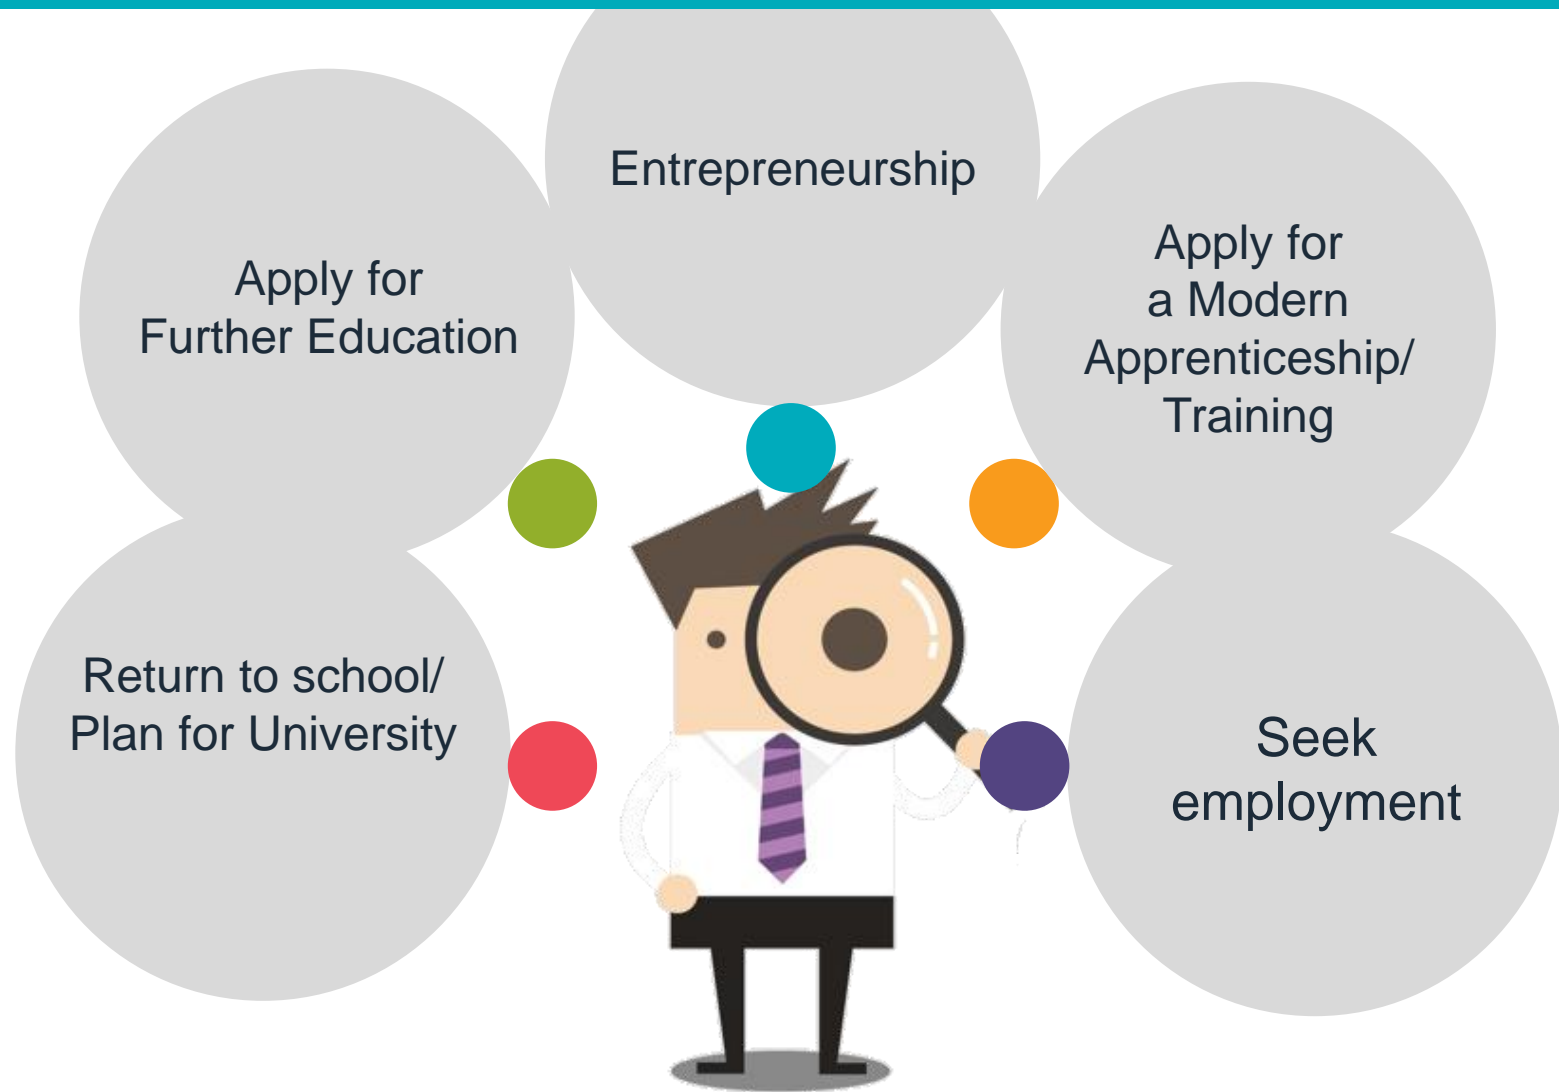

What is important is that your young person is able to use their career management skills and find the right career path for them.

Career Management Skills

Routes & Pathways

COLLEGE PATHWAYS

Wide variety of courses with varied entry requirements

Clear progression pathways to work or further study

Get Qualifications after completing each level of study

Smaller class sizes than most university lectures

College

Wide variety of courses

Vocational/work focus

Entrance requirements vary depending on level of course:

HND Higher National Diploma 2 Highers or HNC

HNC Higher National Certificate 1-2 Highers or NC/NQ

NC/NQ National Certificate/National Qualification
 National 4 or 5

Apply directly to colleges from **December/January** – online through individual college websites

University

- Degree – at **LEAST** 4 Highers or HNC/HND – check individual university websites for detailed information
- Vocational or interest-based course
- Evidence of motivation & relevant work experience
- Be aware of admissions tests - UCAT (Medicine/Dentistry) and LNAT (LLB Law at University of Glasgow)
- Aim high, be aspirational but also realistic with course choices
- If in any doubt about achieving grades, consider college as a back-up

APPRENTICESHIP PATHWAYS

**Over 80 different
types of Modern
Apprenticeship**

**Earn while you
learn. Work &
get Qualified**

**Qualifications
SCQF level 5 to
SCQF level 12**

**Get the
qualifications
and experience
employers want**

DELLEMC

WHAT ARE FOUNDATION APPRENTICESHIPS?

ABOUT FOUNDATION APPRENTICESHIPS

What you do:

Develop Industry knowledge and experience

Take part in industry projects and placements virtually or in person

What you get:

A work-based learning qualification at SCQF level 6 (same level of learning as a Higher).

HOW DOES IT WORK?

Takes up to two years to complete

Usually starts in S5

A subject choice

Spend time with a learning provider
and with an employer

WHAT SUBJECTS DOES IT COVER?

- Accountancy
- Business Skills
- Civil Engineering
- Creative & Digital Media
- Engineering
- Financial Services
- Food & Drink Technologies
- Hardware & System Support
- Scientific Technologies
- Social Services Children & Young People
- Social Services & Healthcare
- Software Development

WHAT ARE THE BENEFITS?

Industry knowledge, skills and experience

Gain an industry-recognised qualification

Get a job, Modern or Graduate Apprenticeship

Enhance CV and job applications

Gain a qualification recognised by Colleges and Universities

Build confidence and develop skills like creativity, problem solving and communication

A young woman with blonde hair, wearing a light blue lab coat, is smiling and sitting at a workstation. In front of her is a computer monitor displaying a colorful circuit board design. To her left is a microscope. On the desk, there are various tools and components, including a yellow cable, a blue component, and a circuit board. The background shows a laboratory or workshop setting with shelves and equipment.

WHAT IS A MODERN APPRENTICESHIP?

GET QUALIFIED

A real job with a real employer. Gaining skills and hands-on experience, you work towards a qualification that is valued by industry and can get your career moving.

WHY YOUNG PEOPLE START APPRENTICESHIPS

Improve prospects

Gain a qualification

Build confidence

Gives you a job with training

Learn important new skills

WHAT IS A GRADUATE APPRENTICESHIP?

GET A DEGREE

Achieve a nationally recognised and accredited degree, gain transferable skills required by employers and industry, and be in paid employment

WHAT SUBJECTS DOES IT COVER?

- Accounting
- Business Management
- Civil Engineering
- Construction & the Built Environment
- Cyber Security
- Data Science
- Early Learning & Childcare
- Engineering: Design & Manufacture
- Engineering: Instrumentation, Measurement & Control
- IT: Management for Business
- IT: Software Development

Welcome to My World of Work

When it comes to your career, there are
so many possibilities.

But where do you begin? We're not just here to get you
started - we're here to guide you every step of the way.

In school or leaving school

We're here to help you plan your future
career.

In work or looking for work

Discover your route to new skills or a new
career.

College and uni students

From job searching to interviews, we've got
you covered.

Support your child on their career journey

We've got lots of resources and steps to help parents and carers with career conversations.

Through a My World of Work account, you and your child can access our full range of support.

[Create an account](#)

Already have an account? [Sign in here](#)

Support you can get from My World of Work

Support you can get from My World of Work

We can help spark career ideas for your child. You can use our tools and resources to guide them through every stage of their career development.

Option choices tool

Our Option Choices tool can help your child discover the jobs their chosen subjects can lead to.

Results support

Our advisers operate the results helpline to support your child through their next steps.

Industry areas

Discover the different types of jobs and routes within each sector.

What skills there are

Your child can learn more about their skills, how they can develop them and demonstrate their skills to employers.

CV and application advice

Webinars for parents and carers

Join our Careers Advisers for information and support during

Webinars for parents and carers

As a parent or carer, you play a key role in influencing your young person's life and decisions. We want to support you to feel confident in this role. Join our Careers Advisers for information and support during our webinars.

Watch our pre-recorded webinars

You can watch our webinar series when it suits you on our YouTube channel. We've created the series to help you support your young person's career choices.

The topics covered include:

- Introduction to the Career Service for Parents and Carers of S1 Pupils
- Introduction to the Career Service and Gaelic Career Opportunities (recordings available in English and in Gaelic)
- Understanding Options Available After School
- Option Choices
- How to Have Meaningful Career Conversations
- Scottish Apprenticeships
- Applying for Scottish Apprenticeships

S5 University Place Pathway

Advice and Guidance

General Advice for those wishing to go to University

- Study five Highers in S5 where possible, but no less than four if you intend to accumulate enough Highers to meet entry requirements for University courses
- If wanting to pursue a career in law, medicine, dentistry, optometry or veterinary studies, you must attain five strong (often A grade) Highers in S5
- For many courses, four strong Highers may be enough to secure entry to the course of your choice
- Commit the next year of your life to serious studying and familiarise yourself with the entry requirements for courses you are interested in
- Understand the increased demand of Higher courses (often more than double the content of N5 courses)

How do I prioritise subjects in S5?

- Those subjects listed as entry requirements for the university course(s) of your choice (presuming you pass National 5 in S4)
- Those subjects where you are predicted to attain an 'A' or a 'B' pass at National 5 level
- Those subjects you are good at
- Those subjects you enjoy

Progression Statistics – National SQA Data

In the following subjects, progression from a 'C' at N5 to a pass at Higher is **realistic** for **over 50%** of pupils:

Art and Design 57% attaining a 'C' went on to pass Higher

History 63% attaining a 'C' went on to pass Higher

Music 70% attaining a 'C' went on to pass Higher

PE 62% attaining a 'C' went on to pass Higher

Progression Statistics – National SQA Data

In the following subjects, progression from a 'C' at N5 to a pass at Higher is **less likely** for most pupils:

English	40% attaining a 'C' went on to pass Higher
Geography	44% attaining a 'C' went on to pass Higher
Graphics	44% attaining a 'C' went on to pass Higher
Modern Studies	43% attaining a 'C' went on to pass Higher
Music Technology	45% attaining a 'C' went on to pass Higher

Progression Statistics – National SQA Data

In the following subjects, progression from a 'C' at N5 to a pass at Higher is **not likely** for most pupils:

French 30% attaining a 'C' went on to pass Higher

Maths 27% attaining a 'C' went on to pass Higher

Physics 32% attaining a 'C' went on to pass Higher

Spanish 32% attaining a 'C' went on to pass Higher

Progression Statistics – National SQA Data

In the following subjects, progression from a 'C' at N5 to a pass at Higher is **not likely** for most pupils:

Biology 24% attaining a 'C' went on to pass Higher

Chemistry 28% attaining a 'C' went on to pass Higher

Computing 16% attaining a 'C' went on to pass Higher

Design and Manufacture 24% attaining a 'C' went on to pass Higher

Example – S4 Attainment

N5	English	B
N5	Maths	B
N5	Chemistry	A
N5	PE	No award
N5	Design and Manufacture	A
N5	Physics	B
N5	Modern Studies	C

Example – S4 Attainment into S5 choices

N5	Subject	Grade	S5 Choices
N5	English	B	
N5	Maths	B	Higher English
N5	Chemistry	A	Higher Maths
N5	PE	No award	Higher Physics
N5	Design and Manufacture	A	Higher Chemistry
N5	Physics	B	Higher Design and Manufacture
N5	Modern Studies	C	

You may love PE, but using the sample data set above, it would be foolish to progress in PE at the expense of subjects where your attainment in S4 was significantly better!

S5 Broaden Portfolio of Attainment Pathway

Advice and Guidance

General Advice for those wishing to broaden their portfolio of qualifications in S5 and S6

- Some pupils may feel that sitting some Highers in S5 and others in S6 is the best pathway to follow to access university courses
- Where you have attained an 'A' or a 'B' in National 5 course, we strongly encourage you to progress to Higher in S5
- This may mean you will mix Highers and National 5s next session
- You must ensure that you understand the entry requirements for the course you are interested in

Example – S4 Attainment

N5	Maths D
N5	English B
N5	History A
N5	Art C
N4	Biology Pass
N5	Chemistry C
N4	Music Pass

Example – S4 Attainment into S5 choices

N5	Maths	D	S5 Choices	
N5	English	B	Higher	English
N5	History	A	Higher	History
N5	Art	C	Higher	Art
N4	Biology	Pass	N5	Maths (Repeat)
N5	Chemistry	C	N5	Music or Biology
N4	Music	Pass		

Given that a 'C' pass for N5 Art often leads to a Higher, while a 'C' in Chemistry may be more difficult to convert, we would advise that you take Art as your third Higher and consider Chemistry in S6. Trying to take four Highers in one sitting may result in pressure or stress that leads to poorer attainment overall. Having a two year plan is appropriate for some learners. Higher Chemistry and Higher Maths could be picked up in S6.

S5 School and/or College

**(intention is to progress to college,
employment, an apprenticeship or training)**

Advice and Guidance

General Advice for those wishing to prepare to move onto college, employment, training or an apprenticeship

- Where your grades in S4 support progression to Higher qualifications, we will always recommend that you take the Higher course
- Visit Ayrshire College and explore potential pathways that could lead to a place on a college course in S6 or a Foundation or Modern Apprenticeship
- Consider alternative internal courses such as Creative Thinking, Music Theatre, Sport and Recreation

Example – S4 Attainment

- N4 Maths Pass
- N4 English Pass
- N4 Biology Pass
- N4 PE Pass
- N4 Music Pass
- N5 Art B
- N4 Computing Pass

Example – S4 Attainment into S5 choices

- N4 Maths Pass
- N4 English Pass
- N4 Biology Pass
- N4 PE Pass
- N4 Music Pass
- N5 Art B
- N4 Computing Pass

Foundation Apprenticeships

Foundation Apprenticeships

- SDS Initiative designed to blend learning with work based placement
- On behalf of East Ayrshire Council, Loudon Academy will offer Food and Drink Technologies and Kilmarnock Academy will offer Social Services, Children and Young People.
- Two days out of school, one day at Loudon/Kilmarnock Academy, one day on work placement
- Can lead to a Modern Apprenticeship after school
- Modern Apprenticeships offer employment with accredited training

Foundation Apprenticeships - Considerations

- Must have a strong desire to pursue a career in Food and Drink Technology/Food Science or Social Services
- You are expected to be able to work at around Higher level (SCQF6)
- You must consider the impact of missing two full days of school on your attainment in school based courses
- Travel costs will be covered by East Ayrshire
- Application process

S5 pupils moving into S6

Expectations

Our Expectations

- Complete support for uniform policy, including blazer (applies to S5 as well)
- 100% attendance where possible
- Desire to demonstrate leadership by example via mentoring opportunities
- Commitment to the wider life of the school/school events
- Focussed, committed pupil leaders

Caritas

- Delivered during core RE time
- Commitment to the faith life of the school and your local parish/church/faith based environment
- Document hours of service
- Faith in Action
- SCES Award

YASS

- Open University Modules delivered Online
- Broadly at SCQF7 level (Advanced Higher, first year of University)
- Self directed online
- Does not contribute directly to UCAS but does count towards Open University study and wider attainment profile
- Variety of courses in a range of areas
- More information here – [YASS Blog](#)

S6 Pathways

I need to attain specific qualifications in S6 to be able to apply for university or college

Advice and Guidance

- Study at least four subjects
- Meet with Miss Faulds to figure out what you require
- Prioritise subjects where you attained well in S4 but did not take the subject on in S5

S6 Pathways

I have already attained what I require for college

Advice

- If you are already able to secure a place at College next session, it may be best to consider taking up the offer of a place
- While we would be delighted if you stayed on, we often find that those pupils already aware of the security of a college place can lose interest in school based learning
- However, we recognise that the leadership opportunities on offer may be appealing. Commitment and dedication are necessary to benefit from these opportunities

Check full time courses here:

<http://www1.ayrshire.ac.uk/find-a-course/all-courses/>

The screenshot displays the Ayrshire College website interface. At the top, a red navigation bar contains the college's core values: RESPECT, EQUALITY, AMBITION, COURAGE, TRUTH, and SERVICE. Below this, a teal header features the Ayrshire College logo on the left and a navigation menu with links for Students, Schools, Business Solutions, About Us, and News & Events. To the right of the menu is a shopping cart icon and a 'Course Search' button with a magnifying glass icon. Above the main content area, a teal bar contains links for MY ACCOUNT, EMAILS, MOODLE, HAIR, BEAUTY AND NAIL SALONS, RESTAURANTS, and CONTACT US, along with social media icons for YouTube, Facebook, Twitter, LinkedIn, Instagram, and WhatsApp, and a search icon. The main content area features a large image of a female student with purple hair, wearing safety glasses and a blue polo shirt, working on a large, complex metal component of an aircraft engine. Overlaid on this image is the text 'FIND A COURSE' in large, white, bold, sans-serif capital letters. Below the image is a teal filter bar with the text 'FILTER BY:' followed by three dropdown menus labeled 'Course Type', 'Attendance', and 'Campus'. To the right of these menus are two buttons: 'Update' and 'Reset'.

S6 Pathways

**I have already attained what I require for
university**

Advice

- Many young people elect to begin University at the end of S6, having attained what they require in S5
- Advanced Highers or additional Highers are often one reason for staying on
- Leadership experience and the opportunity to develop team work skills is another
- Dedication and commitment is non-negotiable, it is not a year off!

Advanced Highers

- Schools in Kilmarnock, Stewarton and Loudon often deliver at least one Advanced Higher that is accessible to pupils from the other schools in the above areas
- In the main, we have managed to deliver almost all Advanced Highers on site
- If there is another Advanced Higher subject you wish to study that is not on our options form, please discuss this with your Pastoral Care teacher during your interview. We will pass your name onto other local schools and the wider Ayrshire and Galloway online programme to try to ensure that you can access the course if running elsewhere.

Advanced Highers

Art and Design

Biology

Chemistry

English

French

History

Maths

Music

Physics

Spanish

PE

Advanced Highers - Challenges

- Legal obligation to deliver S1-S3 (BGE) and to give S4 and S5 students the chance to sit N4, N5 and Higher
- Same constraints allowed you to sit your subjects in S1-S5
- Uncertainty around S1 numbers, staffing and S2-S5 options means that at the moment, we can only confirm that we will offer AH Modern Languages and AH Art
- Interim update in relation to AH offering elsewhere around May

UCAS

Covered in August

2023

Next Steps

- Time with family on My World of Work and reading the guidance issued this evening
- Discussion with family following Parents' Evening
- Preparation for your options interview over the next fortnight
- Lunchtime drop ins with MyWoW ambassadors
- Group Sessions with SDS

Options Form and Interview

- Our current column structure has been in place for a number of years
- We will pilot 'free choice' which means that you do not choose from columns in the first instance
- Where this presents issues for some pupils, we may revert to a column structure for those pupils
- Needs will be prioritised over want (please see booklet for a detailed example)
- Interviews to take place first two weeks after the February break

Questions
