

Welcome

S2 into S3 – Personalisation and Choice

School Prayer

God our Father, creator of the world,
you sent your son Jesus to be one of us
and to show us how to live in the way of love.
Inspire us with the Holy Spirit, who lives in our hearts.
St. Joseph, guide our families and us on the path of life.
Support us by the example of our house patron saints.
Help us to live out our school values
by following your example of love every day of our lives.
St Joseph, pray for us.

Programme

- Joe Kane – Head Teacher

S2 & S3 Option Choices Information Evening

Kate Faulds
Careers Adviser
St Joseph's Academy

The World of Work is changing

Jobs exist today which didn't even exist five years ago, and this will continue to be the case.

What is important is that your young person is able to use their career management skills and find the right career path for them.

Career Management Skills

Meta-skills

Self-management

Focusing

You can maintain interest and concentrate on a task for a period of time, and not be distracted.

Integrity

You are guided by your own principles and values and are considered trustworthy, open and honest by others.

Adapting

You can respond confidently and constructively to new ideas and experiences and unexpected challenges.

Initiative

You are confident in your own abilities and judgement. You can take decisions and have responsibility for your own actions.

Social intelligence

Communicating

You have the ability to openly share information in the best way that helps everyone understand your thoughts and ideas.

Feeling

You can see things from other people's point of view and this helps you understand their feelings and motivations.

Collaborating

You are good at building and maintaining relationships with other people so everyone can work together to achieve shared goals.

Leading

By having a sense of direction and purpose, you can encourage and motivate others to work towards agreed tasks and goals.

Innovation

Curiosity

Being curious is the desire to learn or know something in order to increase your understanding of an opportunity or problem.

Sense-making

You can determine the deeper meaning of what is being expressed and organise information into an understandable form which is easier to use.

Creativity

Using your imagination, you are able to think of new ways of addressing problems and this enables you to visualise solutions.

Critical thinking

You are able to process, analyse and evaluate information to solve complex problems and form an opinion after careful thought.

Support and conversations we have in school

SDS careers advisers might speak to your young person about:

Finding out about their self, strengths and skills

Routes into careers including apprenticeships

Making decisions such as option choices

Building and developing networks

Different types of careers and how to research them

Help with creating CVs

Developing the types of skills that are useful in a job

Making applications and applying for courses

The big five

It's really important when you choose your options that you're making the best decisions for you.

How do I like to learn?

1

**Where could these options
take me?**

2

What subjects do I enjoy?

3

What subjects am I good at?

What do other people think?

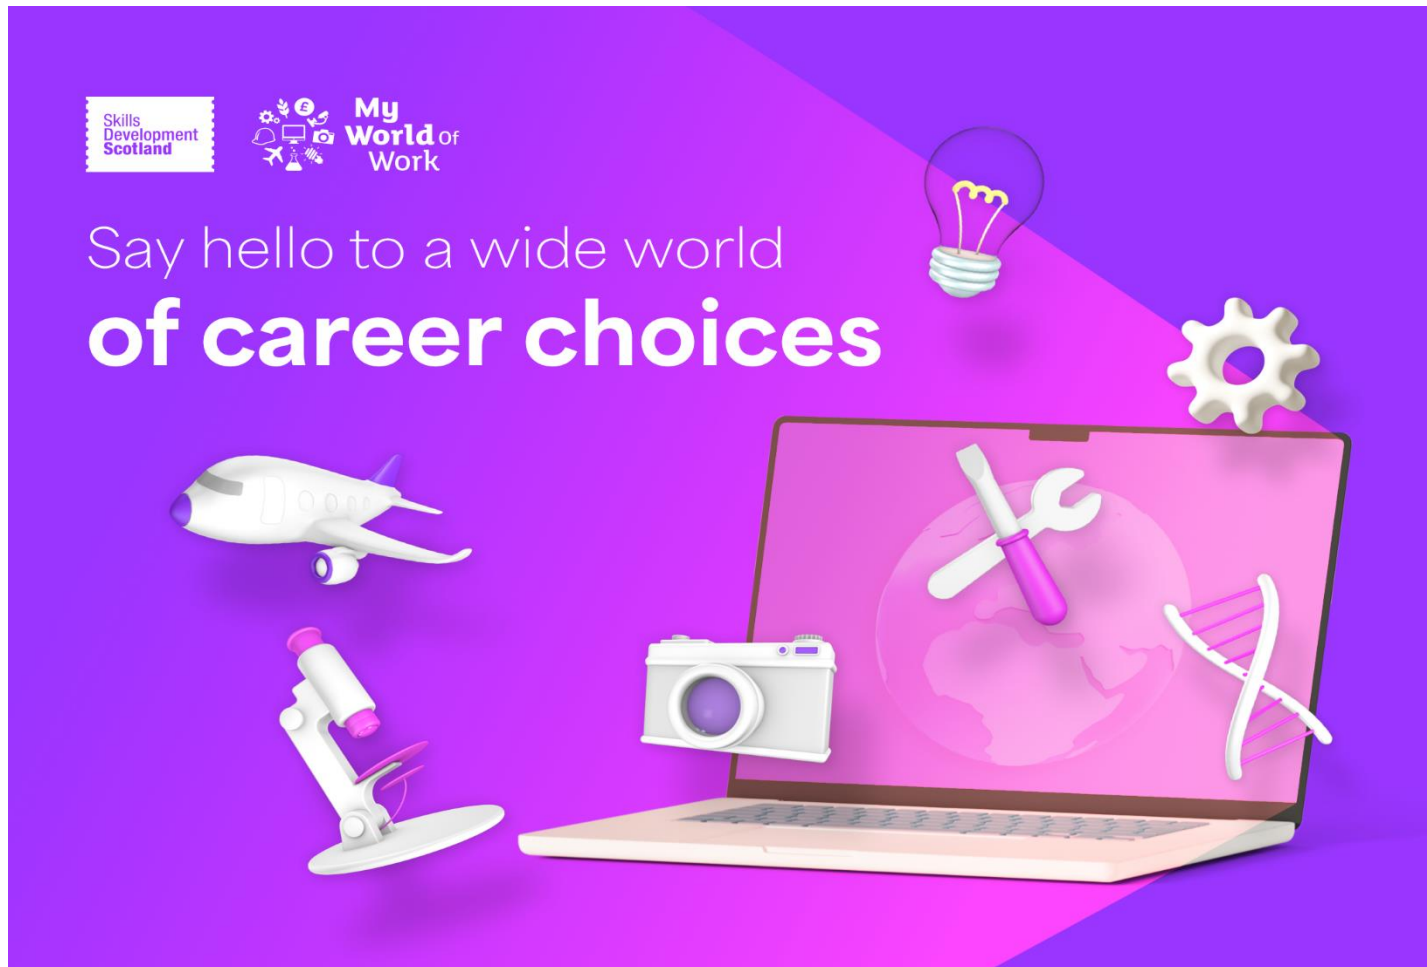

5

My World of Work

What's out there?

How to find the right information

Parent & Carer Voice Survey 2024-2025

Feedback on Skills Development Scotland's (SDS) career service:

Parents and carers are key influencers over young people's career ambitions and choices.

SDS work in close partnership with the school to support our young people to make informed career choices and they would value feedback from parents and carers on their services. You can do this by taking part in a short survey.

All responses are confidential and anonymous, and the results will be used to inform SDS services.

The survey should only take about 10 minutes to complete.

Survey link will be available on school app and website.

The research findings are used to....

Inform the **design and improvement** of SDS services for parents as a key influencer of young people's career choices.

Inform the way SDS **communicates** with parents to inform them of service offers.

Increase SDS **understanding of parents' awareness** and understanding of the range of post school pathways and options open to young people.

Develop resources/information to enable parents to support young people in their career choices.

Your Choices

- Consider your own God given skills and talents
- Rely on the support of your family
- Do not base choices on the choices of your friends
- Read your report carefully, and reflect upon the options that give you the best chance of progressing to qualifications, college or employment
- Use My World of Work, Parentzone and Nationals in a Nutshell to help inform your choice

Learner Pathways

- Some pupils will complete seven National 5 courses
- Some pupils will take a combination of National 4 and National 5 courses
- Some pupils will go to College and study six subjects, often a combination of National 4 and National 5
- Some pupils will study one or two National 3 awards with a combination of National 4 and National 5 in other subject areas

Next Steps

- Time spent with family on My World of Work and reading the guidance issued this evening (accessible on the school website)
- Preparation for your options interview over the next month
- Consider content of school report (issued last week)

Common Questions

- Why can we not take three Sciences?
- Do I need to take....?
- Will my son/daughter get their first choice(s)?
- Where can I find out about....?
- Can I change my mind?
