Mission to Mars

You may have seen on Newsround that NASA successfully landed their rover Perseverance on Mars. You can find all about it by typing this address into your internet browser www.mars.nasa.gov. For fun you could add your name to the next flight at www.mars.nasa.gov/participate/send-your-name/mars2020

Active Maths Piece-a-pizza

Using playdoh or something similar, make a pizza. Can you divide it into 4, 6 and 8 pieces? What are these divisions called?

Literacy

Log into Twinkl Go. Details will be emailed to you individually. There is an ebook and some extra activities. Do what you can but if you could read and discuss the story about differences that would be great!

HWB

As a class we were going to perform 'Any Dream Will Do'. Search for this with Singing Hands and practice your signs. If you want, you could film yourself for when we all return to school.
