

P6 Overview Sheet

Term 1

The Curriculum

Below is an overview of the work which will be covered by the class this term. We hope you find this information beneficial.

Literacy

Reading – Our literacy learning will be supported by a class novel, which will provide opportunities to explore characterisation, plot, themes and inference while encouraging thoughtful discussion and comprehension skills.

Writing – Within writing, we will explore procedural texts, learning how to organise information clearly, follow and write instructions, and use appropriate language and structure to suit purpose and audience. SAC COW Writing. Introducing Active Literacy spelling strategies: In spelling, pupils will focus on recognising and applying a variety of phoneme patterns to improve their accuracy and confidence in reading and writing.

Talking and Listening – Group and peer discussions, News and Views and presentations linked to our contexts for learning. Daily discussions around Newsround.

Numeracy

Number Talks: Developing a range of addition and subtraction strategies.
Place value-number and number processes focusing on place value (numbers to 100,000 and beyond), addition, subtraction, multiplication and division.
Rounding
Multiples and Factors
Times Tables
