

**EAST AYRSHIRE COUNCIL
(WHATRIGGS PRIMARY SCHOOL SURROUNDING STREETS, KILMARNOCK)
(PARKING RESTRICTIONS) ORDER 2024**

Report

Background to the Proposal

Whattriggs Primary School has experienced antisocial parking since its opening in 2017. Even though there are parking spaces on the school's property, there has been a noticeable rise in the amount of parking on the neighbouring streets especially during school hours, which has caused congestion, safety and access difficulties for local people.

Associated Strategies and Council Policy's

East Ayrshire Council published its five-year strategic plan in March 2023. These parking restrictions would directly support two of the council's key initiatives, "Improving Community Wellbeing" & "Delivering a Clean Green East Ayrshire".

In particular we want to "Embed a place-based and multi-disciplinary approach to the planning and delivery of community wellbeing" by ensuring that Whattriggs Primary and surrounding streets do not face issues with antisocial parking we are making sure that our services are accessible to all.

Proposal Elements

Please see the supplementary plan for a detailed overview of the planned restrictions

Frequently Asked Questions

- 1. Where will I park when dropping off / picking up my child**
Parking is available within school grounds at the school. It is also encouraged to find alternative options if you live in close proximity such as walking to school.
- 2. I am a Blue Badge holder will this affect me**
No blue badge parking will be available within school grounds
- 3. Will residents be exempt from restrictions**
No all vehicles are required to adhere to the parking restrictions
