William McIlvanney Campus — Update

Welcome to the 5th issue of our community Newsletter for William McIlvanney Campus, Kilmarnock.

We are now in week number 53 of a 108 week build programme and we are still on programme to hand over in March 2018.

We have commenced internal fit out on all floors—with erection of partitions & installation of mechanical & electrical services.

Envelope is progressing well and we will be wind and water tight by early April, with the facing brickwork progressing well externally.

www.

Kier Website:

<http://www.kier.co.uk/>

We have also been working hard to raise as much money for charity as possible and this month have:-

Kier chosen charity is Alzheimer Society and this month we held a sponsored raise round the Site perimeter which was great fun for all the Site Team we also held a Raffle where we managed to raise £314.00 pounds towards this fantastic charity—Well Done to everyone taking part and participating.

Food collected on our Project to the local Food Bank which was well received and thank you to everyone's donations.

Through organising these events on site we have raised £1314.00 to date.

We are also holding an open doors event on the 28th of March 17. Spaces are limited so please book in via the below link. <http://opendoors.construction/account/slots/593/>

We value your feedback and comments or questions on this project, please email: Kilmarnock@kier.co.uk
