

School safety matters

By Zoe Cairney and Jennifer Roy
(Pupil council)

Safety in the playground

- Now that we have the nursery we really need to think about safety in the playground.
- We have had a lot of complaints about people still playing on their scooters and bikes.

What we would like to do

- We would like to stop scooters and bikes going down the corner of the nursery fence.
- We want everybody to ride outside of the school grounds not in them.
- We would like to put a sign up saying no cycling in the playground.

What can you do

- You can stop today by walking with your scooter and your bike in the playground.
- Slow down on your scooter.
- If you see someone in the playground going too fast or riding a bike remind them this is not allowed.

If we do not follow the rules this may cause:

- Injuries
- Arguments
- Repairs to the playground
- Parents complaining

How to stop injuries from happening

- Tell a teacher or an adult.
- Don't join in.
- Don't even do it if you didn't get asked to anyway.
- Think about what you will put yourself through.

Reminders

- Remember to tell a person if this happens
- Don't join in with others
- Remember there is a nursery in this school.
- Remember to tell the person not to do it because you know its wrong.

PLEASE DON'T DO IT

THANK YOU FOR LISTENING
