Curriculum News

Welcome, we have another exciting term ahead in P6!

In Science the pupils will be exploring the structure and function of sensory organs to develop their understanding of body actions in response to outside conditions.

In Social Studies we will look at the main features of a democracy and discuss the rights and responsibilities of citizens in Scotland. We will also investigate the features of an election and the work of representatives at a national level to begin to develop an understanding of how democracy works.

Helpful Homework Hints

- Homework is issued on a Tuesday to be returned the following Monday.
- Homework will reinforce concepts taught in class and will usually comprise some spelling, reading and mental maths.
- For greatest impact, mental maths questions should be read aloud by the homework helper and children's answers recorded. Any incorrect answers should be discussed but it is useful for the teacher to see children's errors in order to follow up in class.
- Please ensure homework diaries are signed weekly
Many thanks for your support
