# He Would Say That Anyway 1 ☺

But what did the HMIE follow through inspection in May 2017 say?

## Overview

## Very Good Progress

Overall, the school had made very good progress with the two action points, with the following key strengths:

- 1) Pupils were respectful, well-mannered and articulated confidently their involvement in the life of the school. They spoke very positively about their learning experiences and opportunities for responsibility and leading their learning.
- 2) Very high and improving levels of attainment in the senior phase.
- 3) The strong commitment of all staff, who worked well as a team and welcomed opportunities to exercise their leadership through involvement in working groups at school, cluster and authority level and through their participation in professional dialogue and professional development activities.
- 4) The very wide range of opportunities for pupil participation and the effectiveness in which the school recognised and celebrated achievements.

Don't take my word for it, or even the word of HMIE and East Renfrewshire Council.

Take the chance to speak with, and ask, the pupils about their experiences and enjoy one of the very best schools in Scotland
