The school assemblies over the next few weeks will consist of road safety messages, specifically at OLM. There will be situational video footage some of which may star our pupils, to highlight the importance of roads safety and awareness.

There is an action to update the school travel plan.

7. Achievements and successes

It was agreed the Christmas Fayre was a great success, raising over £6k. The use of the school corridors and break out areas was also commended.

The Pebble Garden has not only been a great fundraiser but also has greatly improved the aesthetics of the Chestnut Garden.

The staff were praised for the work that went into the p1-3 nativities.

The Rocket Fund for STEM target was at 57% with a remaining 2 days to go, not a week as was previously thought. Members discussed that if the target was met, this would be a great cash injection for much needed equipment for the STEM room.

8. AOCB

Claire Bowes raised that there was no Christmas programme for the upper school this year (2017). It was discussed the p6 children would be performing in the Cantata later in the year and the 2018 Christmas programme would be considered at a later date.

The muddiness of the junior playground was raised. It was agreed it can be dangerously slippery due to mulchy leaves and cannot be tackled by Mr. Daly alone. Last term a cleaner was hired. There is an action to contact the council regarding this.

Anne-Marie O'Brien has requested there is more consistency across classes in the same year, with specific reference to the "take home bear" in a primary 2 class. It was agreed Clare Duns will address this in the p2 teachers meeting.

Gerard Devenney highlighted how Catholic education in Eastwood is prospering, citing St Ninians as one of the top performing schools in Scotland.
