

Educate the Educators

Wednesday 3 November
07:30-08:30 and 16:00-17:00

An event aimed at teachers, educators, careers advisors, parents, guardians, and mentors providing key information about our Early Careers programmes.

We want to demystify apprenticeships and STEM careers, so you can support young people to make an informed decision about their education and career.

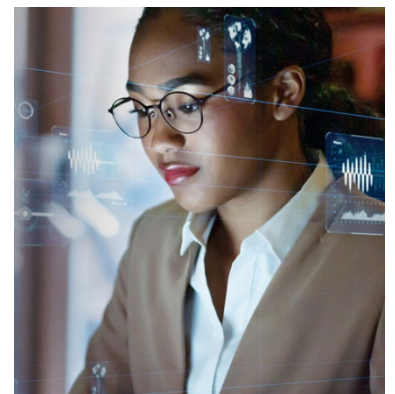

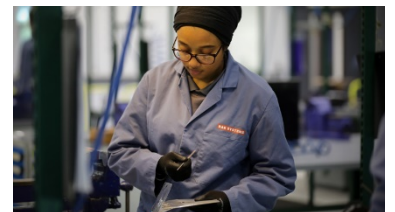

In this one-hour session, we will give an overview of:

- BAE Systems – who we are
- Early Careers Pathways
- An introduction to Engineering
- STEM Skills – what to look out for
- Our apprentice perspective

With time to answer any questions you may have.

If you're interested in this event, register by visiting:

At BAE Systems, we help our customers to stay a step ahead when protecting people and national security, critical infrastructure and vital information. This is a long-term commitment involving significant investments in skills. We also work closely with local partners to support economic development through the transfer of knowledge, skills and technology.
