

## Maidenhill Primary School Uniform- Policy Statement May 2019

All schools in East Renfrewshire follow the Education Department's 'Dressing for Excellence' policy. We strongly believe that this policy will help to establish the appropriate culture, ethos and aspirations for our school. It should be noted however, that school uniform is not a requirement for education in East Renfrewshire and that no child will be denied any educational provision on the basis of not wearing uniform (providing that their alternative wear does not pose a potential hazard to themselves or others or does not potentially cause offence).
