

WELCOME

to Primary 4/5

Meet the Team

A very warm welcome to Primary 4/5 from Miss Waddell and Miss Atkin. We are looking forward to a wonderful year ahead within our fabulous new surroundings and are incredibly excited to share the learning journey your children are about to embark on.

This session, Miss Waddell will be working with the class on Monday, Tuesday, Wednesday and Friday afternoon and Miss Atkin will be working with the children on Thursday and Friday morning. Additionally, the class will be supported by Mrs Wood on Thursday and Friday afternoon.

The Story So Far...

This week within Primary 4/5, we have been focusing on building new, and developing existing, relationships with one another. The children have been working collaboratively to establish a positive classroom ethos and have been engaging in a variety of Health and Wellbeing learning experiences aimed at encouraging a growth mind-set through demonstrating resilience and perseverance.

P.E. Days

This term, the class will be taking part in P.E. on Tuesday and Friday. On Friday, the children will have access to our fabulous outdoor MUGA. Please remember to bring suitable clothing for the unpredictable Scottish weather e.g. jogging bottoms and waterproofs.

Looking Ahead

Next week, the children will be engaging with a variety of Literacy activities. We will be reading extracts from popular authors and exploring the writer's message using literal and inferential questions. The children will also be encouraged to share their own opinions of books which they have read and enjoyed with the aim of creating a class recommended book list.

Over the coming weeks, the children will decide the focus of their Interdisciplinary Learning and we look forward to sharing this with you in the near future.
