Agenda

- Developing the Litter Policy

This was our main focus for today's meeting.

First we looked at some examples of litter policies from other schools and made a list of the things we liked and disliked about each. We decided that our favourite policies were the ones that made the responsibilities of all members of the school community really clear, so we decided to follow this format. We also wanted to make clear links to the SDGs and the related rights.

Miss Paisey collected a list of suggestions from everyone for what our policy should include.

Following the meeting, Miss Paisey will write this up into a policy format and email it to Mrs McRobb for review and then to all classes for their feedback.

- COP26 Learning

We had a brief update on the learning taking place in individual classes on the SDGs and COP26 topics. Feedback was really positive and all classes seem to be engaged in their learning.

- Eco Green Flag update

Miss Paisey explained that at our next meeting, we will review our targets on the action plan so that we are ready to submit the application in January.

The next meeting will be on Tuesday 14th December 2021.
