

# Family Learning Challenges - Springtime

During the Spring Break no additional tasks will be set on Google Classroom. You can still complete any tasks that you

may not already have submitted if you wish. The school website has a wide range of links to different learning activities that you can do, but remember this is your holiday time and we wouldn't normally expect you to be doing school work during this time.

This little grid will give some activities that you could do as a family if you want to during the Spring Break.

<p><b>Take part in a Citizen Science Project</b> The RSPB breakfast birdwatch is on every day from 8am to 9am. Look out of your windows or go into your garden and try to name/ count the birds that you see. <u>To help you identify the birds that you see the RSPB have a handy guide</u> and there are lots of free apps that you can download.
