

Crookfur Primary School & Nursery Class

7th November 2019

Dear Parents and Carers

Diversity Focus Group

In partnership with our Parent Council, I am keen to establish a small consultation group of parents/carers who will work with school staff to focus on addressing important issues around equalities.

This group, when established, will act as a sub-committee of the current Parent Council and we hope that through this special interest group, we can accurately capture and represent the views of all groups within our school community.

I am keen to seek representatives who will support the school and Parent Council to address and raise awareness of issues and considerations around race, religion or belief, disability, gender, sexual orientation and age. I hope that this group will also help to shape the school's direction in terms of the *Cost of the School Day* agenda. This may be through awareness raising events, celebrations or communications to share across the school community.

In order to be fully inclusive, it is essential that the voices of all of our children and families are represented and that our learning and teaching is sensitive to the diversity within the school.

If you would be willing to share your views and give some time to attend a few meetings, your support would be greatly appreciated.

Please complete and return the slip below to the school office by Monday 18th November.

Kind regards

Sheena McGuigan
